WEDNESDAY, JUNE 12, 1900.

TO THE TOURNAMENT.

Exercises Team Passes Through Pendleton En Route to Dayton.

Mr. Peat, captain of the La Grande team, took his team through Pendleton this morning, en route to Dayton, where they are to take part in the annual tournament of the Eastern Oregon and Washington Firemen's association. Mr. Peat stated that the team has had a long and hard season, but they are confident they will win in their share of the events.

In Grand, secretary of the association, accompanied the party, together with other La Grande firemen. The annual meeting of the association is to be held in Dayton today, and the games follow for several days.

Issue of Ointments for Catarrh that Contain Mercury

It is generally known that the use of mercury as a remedy for catarrh of the nose, throat and lungs, is a very dangerous and often fatal practice. The use of such ointments should never be resorted to, as they are not only ineffective, but also very harmful to the system.

It is important that you should know that the ointment used by the La Grande firemen, and which is sold by Cleaver Bros. Dry Goods Co., is a safe and effective remedy, and does not contain mercury.

SCHOOL DISTRICT NO. 75.

Exercises Attended by Many Parents of the School.

School District No. 75 has held exercises in the Juniper church, just north of Pendleton, where about 100 people were present, all of whom are members of the board of directors.

The exercises were held on Friday afternoon, and were very interesting and well attended. The exercises were conducted by the school teacher, and were in accordance with the program as presented.

Arrivals at Hotel Pendleton.

Chas Barrow, Denver.
M Hansen and wife, Fremont.
W E Stevens, Cincinnati.
S B Martin, Portland.
G S Youngman, Portland.
A E Davis, Portland.
E B Connor, Portland.

F M Mittelbeck, Weston.
G H Richardson, Portland.
Sam Kohlborg, Helena.
R W Duffy and wife, Manhattan, Kansas.
W T Hilsop and wife, City.

Is This Plain Enough.

If you have a nagging cough and are losing flesh, go to a drug store, and get a bottle of Shiloh's Consumption cure. Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25 cts., 50 cts., and \$1 a bottle. Tallman & Co., leading druggists.

Friday Night.

The Hays and C. A. Stockdale will meet Friday night in Frazer's opera house for a twenty-round boxing contest. From all indications it will prove very interesting from start to finish. Both Hays and Stockdale have some of the best men in the country and have always more than held their own. The men are heavy weights and are pronounced very quick and clever for big men. They are training hard in order to be at their best on this occasion, as each is anxious to win. Stockdale seems to be the favorite.

He Fooled the Surgeons.

All doctors told Benick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on earth, and the best salve in the world. 25 cents a box. Sold by Tallman & Co.

Cycling has its ups and downs. After the downs, use Banner Salve if you're cut or bruised. It heals the hurt quickly. Pioneer Drug Store.

A Word to Farmers...

As this is the dawn of harvest we wish to announce that we have a complete line of Harvest Supplies, Dishes, Table Cutlery and Cooking Utensils. We buy for spot cash, which enables us to sell cheaper than those who buy on credit.

Chase & Sanborn's Teas and Coffees a specialty.

CHAS. ROHRMAN,

Court Street

COMMENT ON WHEAT PROSPECTS.

Pleasant View Farmer Says Grains in the Mesh Are Not Plentiful.

Pleasant View, Ore., June 12.—Now that nearly all the fall-sown wheat has headed out, a pretty good idea can be had of what the turnout will be. Of course, hot or cold winds can influence conditions in the future, but the number of grains to the mesh and number of meshes to the bush cannot be changed by the most favorable condition. Every observant farmer—and the majority of Unatilla county farmers are of this class—can come within a very few bushels of giving what his yield will be per acre. From the writer's personal observation and from statements of many other farmers, I judge the number of grains to the mesh is only two.

As is well known, his is a condition to cut down the unprecedented prospect of a month ago at least 25 per cent, and it may be even more than that. To explain:

If there are from 9 to 11 meshes to the head, and 3 to 5 grains to the mesh, and good stand, wheat should make over 40 bushels; if 2 to 4 grains in the mesh, over 30 bushels; and, if from 2 to 3 grains, over 25 bushels.

The numbers of bushels to the acre of course will depend somewhat on the plumpness and weight. Just what it is, the cause of grain not filling better is not very plain. It has been blighted heretofore by hot winds; but there have been no hot winds to do damage this year. There were some cold winds and frosts before grain headed out, and a month more ago.

There is some sort of blight which some consider rust and others think nothing more than frost. Whatever it may be that has affected the blades, it came too early probably to have caused the damage. Perhaps that may have caused it was the cold winds that prevailed every few days the past few weeks while the bloom was on. Whether grain was early seems to make no difference. All is affected alike. In addition, practically all fields so far as heard from, are more or less straw fallen.

The conditions given are for this section only will include a radius of perhaps 10 miles. From other sections, and notably from farther west, come better reports, where three to four grains in each mesh being the number.

ST. JOSEPH'S ACADEMY.

Commencement Next Tuesday Evening at Frazer Opera House.

The closing exercises of St. Joseph's academy will take place Tuesday night at Frazer's opera house.

One of the interesting features of the program will be an eulogistic contest for which prizes have been offered by Dr. Smith.

A gold medal presented by Mr. Leon Cohen will be given for improvement in music. Also a silver thimble presented by Mr. L. Hunziker for needle work. Other prizes will be given by the faculty of the academy. School work, artistic work, painting and art needlework, will be exhibited in the classrooms of St. Joseph's academy on Monday and Tuesday from 2 to 4 p. m.

ASSIST THE ENUMERATOR.

This Census Decides Whether Oregon Shall Have Another Congressman.

It is of great importance to the Pacific Northwest, and to Oregon particularly, that this state has its census taken carefully and fully. Harold H. Horton, one of the enumerators for Pendleton, has received the following circular, from the reading of which it is plainly evident that the people of this city should extend every possible aid to the enumerators in order that the work may be done in a manner to accomplish the results intended:

Portland, Oregon, June 9, 1900.—To census enumerators: Your attention is called to the necessity of making so thorough a canvass of your district as to make it impossible to miss a single name.

Experts say that from five to ten names out of every one hundred population are liable to be missed. So you cannot take too many precautions.

It frequently happens that a housekeeper will give full information concerning her own family, but will forget to mention a boarder or lodger. The enumerator should always ask if there be such in the house. In case there be and he be away from home, put down his name and probable age.

Members of a family or a boarder may be absent, serving in the army or in the navy, in Alaska or on some journey. Enter them on your schedule just the same.

Remember that the name is the first essential. Get the other information if possible but do not omit the name because you cannot get the other information.

Secure the co-operation of the residents of your districts by explaining the situation.

This census decides whether Oregon shall have another congressman.

ATHLETICS FOR THE FOURTH.

Program Prepared by Entertainment Committee—May Be Slight Changes.

The entertainment committee of the Fourth of July general committee, Lee Held, chairman, has prepared the following program of sports, which will be subject to slight changes, but will be carried out in the main as here printed.

100 yard dash.
220 yard dash.
Fat men's race, 200 pounds or over.
Bicycle race, free for all.
Bicycle race, handicap.
Bicycle race, 12 to 17 years.
Bicycle race, 12 years or under.
Catching greased pig.
Hurdle race, 220 yards.
3-legged race.
Farmer boys 100 yard dash.
Indian race, 200 yards.
Fireman's tournament—Speed race.
Dry test.
Hub and hub race.
Wet test.
Championship race.

HEPPNER ELKS CANNOT COME.

Baseball Game Postponed to Some Undetermined Date in the Fall.

Monday evening a telephone message came from Heppner to Lee Held, secretary of the Pendleton Elks lodge, saying that the Heppner Elks will be unable to come to Pendleton on Thursday of this week, and that it will be necessary to postpone the baseball game to some time in the fall, or at best to a date considerably later than this week.

G. W. Phelps, of Heppner, who arrived here Monday evening, stated that the Heppner Elks, although regretting the necessity, were of the opinion that it would be better to postpone the game, for the reason that at this time only about a dozen people could be secured to come with the lodge's ball team, and they preferred not to come with so few representatives from their town. Hence the sending of the message to Pendleton canceling the date here.

Regarding the date when the game will be played in the future nothing can now be said.

COYOTE BOUNTY LAW ENFORCED.

E. B. Gambee Says It Should Be Continued Until Pests Are Exterminated.

E. B. Gambee, of Canas Prairie, his ranch being near Ukiah, stated today to the East Oregonian that the coyote scalp bounty law now effective is proving to be a salutary law for the owners of all kinds of livestock and poultry in his part of the country.

"It may be thought by some persons," said Mr. Gambee, "that the law entails considerable expense upon the people, and as a matter of fact, it does. But, regardless of that, I would be willing to pay \$100 a year were it necessary, to secure the extermination of the pests. And I am practically out of the sheep business, too, having only about 300 sheep in all, and intending

to sell them this summer and fall. Let the law be kept on the statute books for a few years more, and the coyote pest will be a thing of the past, for they will be literally exterminated, and good has been done already."

Mr. Gambee is building a fine large barn on his ranch, although he now has a complete furnishing of buildings and appliances wherewith to run his extensive establishment. He came down to Pendleton this time to purchase shingles, of which it will take about 85,000 to cover the roof.

"Canas prairie at this time of year," remarked Mr. Gambee, "is the prettiest part of the county, beyond a doubt. The hills are green with the finest covering of grass ever seen there, and everyone appears to be doing well. Livestock and dairying and all industries represented are prospering."

A great demand for lumber is at present in Canas prairie, sufficient to consume all the product of the mills there. During the past winter snow was not plentiful, and not so many logs were hauled as would have been had the snow been more plentiful.

PARTY OF TOURISTS.

President of Illinois Central and Friends Take a Night Drive in Pendleton.

A party composed of President Fish, of the Central Illinois, Mrs. Fish, Miss Pomeroy, J. D. W. Cutting, Madison Grant, Henry Clews, jr., and Philip A. Grant, of New York, reached Pendleton Monday night at ten o'clock in a special train, and left soon thereafter for the east. Arrangements had been made in advance by telephone for carriages to be at the station, and some of the party took a short drive through the town.

The train consisted of three cars, of which two were those of President Fish's party, and one brought by Col. R. C. Hudson, industrial agent of the O. R. & N., who accompanied the visitors.

They had been in Portland and on the Sound, and came here from Spokane.

Sealed Bids.

Sealed bids will be received by the water committee of the common council on June 20, 1900, for the following material and work: 1120 feet of 15-inch vitrified sewer pipe, two branches, digging trench and laying pipe, digging well, walling up and covering same.

Material and work to follow plans and specifications now on file with water committee. Bids will be received for material and construction separately, and in the aggregate. Bidders are requested to state time required to complete or complete their work. Bond will be required for faithful performance of contract. Right reserved to reject any or all bids.

F. E. CLOPTON, Chairman.

Five Things.

The five diseases for which Shiloh's Consumption Cure is especially recommended, are Congruis, Colds, Whooping Cough, Croup and Consumption. No medicine ever made by man is equal to it in any respect. Sold under a positive guarantee. Money back if it fails. 25 cts. 50 cts. and \$1 a bottle. Tallman & Co.

Quick Relief for Asthma.

Miss Maude Dlokons, Parsons, Kans., writes: "I suffered eight years with asthma in its worst form. I had several attacks during the last year and was not expected to live through them. I began using Foley's Honey and Tar, and it has never failed to give immediate relief."

For Harvest.

If you want to be well suited with your groceries and get the right quality, you should go to G. R. Demott. He has an extra large stock of goods and will make right figures on large orders for harvest.

Bicycles can be purchased at the Crescent Agency in the East Oregonian building on installments, payment \$1, or more, a week. No interest.

SOFT WHITE HANDS IN ONE NIGHT.

Produced by Cuticura SOAP.

Soak the hands thoroughly, on retiring, in a hot lather of CUTICURA SOAP, the most effective skin purifying soap, as well as potent and sweetest for toilet, bath, and nursery. Dry, moist freely with CUTICURA Ointment, the great skin cure and preserver of softness. Wear old gloves during night. For sore hands, itching, burning palms and painful finger ends, this one night treatment is wonderful.

Sold throughout the world. Purves D. and C. Corp., Providence, R. I. "How to have beautiful hands," text.
