PENDLETON, OREGON.

East Oregonian.

SATURDAY, JUNE 16, 1900.

ARE YOU BEEN ENUMERATED?

And Taking the Census in Pendleton Drawing to a Close.

Harold H. Horton, who has the second and fourth wards of Pendleton in which to take the census of 1900, will be through his work of enumeration sometime next week, probably on Monday or Tuesday, and Peter West, who has the first and third wards, will complete his work soon thereafter. Then they will make up their reports, and send them in to headquarters.

It is important that no one be missed. Pendleton's population as known throughout the country at large for the next ten years will be determined by the thoroughness of the work now being prosecuted. The enumerators have been careful, and quite completely covered the ground. But, it is inevitable that some be missed, and these should be found. Residents of the city are asked to give the matter enough attention to notify John E. Lathrop of this office, if they have not been enumerated, by the middle of this week, merely leaving their names, who will see that they are handed to the enumerators, the persons leaving their names indicating in what ward they live. The enumerators will then call and get the information required.

The people in general should bear in mind that upon the total population found in Oregon at this time will depend the securing of another congressman for Oregon. There is a good prospect that this will be accomplished, but if it is all the people must be found. The advantage of having an additional congressional representative will be apparent to all, and in assisting to get all the names of the people for the census one will be contributing towards this end.

It is hoped that the residents of Pendleton will make a special effort to help the enumerators to get the names.

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages. 25 cts., 50 cts. and $1 a bottle. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

ILLUSTRATED LECTURE ON PARIS.

Prof. Maria Sanford to Speak Monday Evening at Thompson M. E. Church.

Pendleton is to have an opportunity to hear one of the ablest women of the country Monday evening, at the Thompson Street M. E. Church, when Miss Maria Sanford, professor of English at the University of Minnesota, will lecture on: "My Observations in Paris." The lecture will be illustrated with finely executed stereoptican views. Miss Sanford traveled extensively on the European continent last year, and will be able to make the subject she has chosen particularly interesting. She has attained eminence as a lecturer, and will give the people here rare treat. Her position in the educational world, one of eminence and distinction, and the prominence she has reached in the general federation of Women's Clubs, gives warrant to look for a lecture of the highest order.

Particular attention is called to the stereopticon pictures, which will illustrate the beautiful city of Paris.

The lecture will begin at 8:30 o'clock, admission being 25 cents; 15c for children.

RAIN, RAIN, EVERYWHERE.

Showers Extend from Portland Across the Idaho Desert

Reports received from all along the O. R. & N. and W. & C. R. R. and Northern Pacific roads indicate that the rains have been general over the Inland Empire. Showers have prevailed for several days, coming down in a manner to insure the moisture going into the porous soils of this region, and storing up for the future uses of the vegetation. They have come, too, just in time to repair to a large degree the slight injury which had been wrought by the few days of hot weather, which had caused apprehension on all sides fot the growing grain. It is the belief now that the rains and the consequent lowering of the temperature has almost absolutely insured a fine crop in all the counties in this whole section of country.

Trainmen state that all the way from Portland the rains were copious, and that over in the Pasco locality in Washington there was a plentiful fall of moisture.

East of here, the rains prevailed as far as Huntington on the O. R. & N., and travelers state they extended far into the Idaho desert, and on into Wyoming.

North, in the state of Washington, also rains have been falling for several days, and, in fact, everywhere there seems to have been a remarkably general fall of moisture.

Over in Baker county, the Republican states that the rains were supposed to be worth $100,000 to the growing crops. The Republican says farmers and merchants are smiling, and adds:

"They smile all on account of the steady rain which has fallen in this part of Eastern Oregon for several hours. This rain has come earlier than ever before, insuring an abundant crop of hay without irrigation, and as the acreage of wheat in this county is much larger than last year, no one can estimate the true value to that crop the recent rain has accomplished. Then the herdsmen are pleased, for grass will be in abundance for their stock, and miners are not saying a word but thanks for a longer period in which to work their placers.

"The writer has just come from the merchants stores, and when stating to one of them that news was scarce, he said:

"'Never mind the little affairs. You have the best piece of news to tell the people abroad that you have ever printed for four years, for this rain is worth to Baker county $100,000.'"

The Appetite of a Goat

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful Stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c at Tallman and Co's. drug store.

Sealed Bids.

Sealed bids will be received by the water committee of the common council on June 20, 1900, for the following material and work: 1120 feet of 15-inch vitrified sewer pipe, two branches, digging trench and laying pipe, digging well, walling up and covering same.

Material and work to follow plans and specifications now on file with water committee. Bids will be received for material and construction separately, and in the aggregate. Bidders are requested to state time required to deliver material or complete the work. Bond will be required for faithful preformance of contract. Right reserved to reject any or all bids.

F. B. CLOPTON, Chairman.

He Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Bucklen's Arnica Salve, the surest Pile cure on earth, and the best salve in the world. 25 cents a box. Sold by Tallman & Co.

Notice.

Any persons having in their possession Shultz Brewing Co. kegs will please return them.

HENRY SCHULTZ.

A Word to Farmers...

As this is the dawn of harvest we wish to announce that we have a complete line of Harvest Supplies, Dishes, Table Cutlery and Cooking Utensils. We buy for spot cash, which enables us to sell cheaper than those who buy on credit.

Chase & Sanborn's Teas and Coffees a specialty.

CHAS. ROHRMAN,

Sole Agent for Pendleton. Court Street

THE ATHENA NEIGHBORHOOD.

THE DIPHTHERIA SCARE HAS ABOUT SUBSIDED—NO NEW CASES.

A Few Farmers Only Have Begun Harvesting Operations—Rain Comes Just at the Right Time.

Athena, Or., June 15.—Miss Iva Callender, who has been at home in Athena on a visit for the past few weeks, left this morning for Portland, to resume her position as nurse in the Good Samaritan hospital.

County surveyor J. W. Kimbrell was in Athena Friday on his return from Pine creek, a few miles north of this village, where he was running some lines for C. A. Barrett on property recently purchased by that gentleman. Mr. Kimbrell left for Pendleton on the mixed train at 12:50.

Charles Schubert, Henry F. Taylor and Josh Bell, notable farmers living not many miles from Athena, were in town today on business. Mr. Bell is the gentleman who some time ago purchased and is now residing upon the farm which Tom Page brought to such a high state of cultivation.

There will be a game of baseball here Sunday afternoon between a nine from the Athena Mercantile Company store and a nine who are not connected with that establishment. It is the opinion of experts that the game will not only furnish a display of baseball talent, but considerable amusement as well.

A. Foley, from Adams, took out a header to day from C. A. Barrett & Co's. establishment. This is the tenth header sent out by that firm thus far this year, and the season may be said to be only opening, but business is brisk all along the line.

Born—On Friday, June 15, 1900, to Mr. and Mrs. Patsy Rainville, two miles south of Athena, a fine girl baby.

There are no cases of diphtheria in Athena at present, despite all rumors to the contrary. Edith, the little daughter of William McBride, the druggist, had a sore throat, with slight symptoms of diphtheria, but has fully recovered. Tommy Booher, son of Jacob Booher, was also a sufferer on Thursday, with sore throat. The disease was diagnosed by Dr. J. P. Plamondon as a case of tonsilitis, and today, Friday, the child is not suspected of having the diphtheria. If there should be a case or more of diphtheria develop it will be announced in the East Oregonian. The fact that there have been a number of cases of diphtheria here during the past few months has had the effect of causing every case of sore throat to be suspected of being diphtheria, and to cause every precaution to be taken to prevent the disease from becoming epidemic.

The cutting of wheat has already been commenced by a few only of the farmers of this region. The wheat is as yet scarcely ripe enough to cut for that purpose, but by next week there will be numerous yields of grain cut for hay.

The Athena cornet band is practicing national airs so as to be in good trim to furnish inspiriting music during the Fourth of July celebration at Pendleton.

The East Oregonian representative stationed at Athena has his office with City Recorder J. W. Smith, where he is comfortably located and prepared to meet subscribers.

The gentle rain throughout this section on Friday was a boon to farmers. It gives further practical assurance of a big crop of wheat and barley. It cooled the atmosphere and greatly lessened the danger from damage to growing crops by hot winds.

Is This Plain Enough.

If you have a nagging cough and are losing flesh, go to a drug store, and get a bottle of Shiloh's Consumption cure. Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25 cts., 50 cts. and $1 a bottle. Tallman & Co., leading druggists.

PEEBLER WILL CONTEST.

Matter of the Count of Votes to Be Taken Into the Courts.

"Yes, I intend to institute contest proceedings against S. K. Yates, who was given a plurality of seven over me on the face of the returns in the official canvass of votes."

This statement of George D. Peebler, democratic candidate for the treasurership of Umatilla county in the election last Monday.

His attorneys, Stillman & Pierce, who will have charge of the contest on his part, were out of the city, and could not be asked as to the grounds upon which the contest will be instituted. It will be necessary to make specific allegations or state explicitly the fact that the petitioner has reasonable grounds to believe that there have been irregularities in the conduct of the election, or in the counting of the votes, or that persons voted who had not the legal right so to do.

In this case, so it is said, on good authority, there will be no allegations that there was any fraud, but it will be alleged that mistakes occurred in many of the precincts, and in addition, will be raised a question which is of far-reaching importance to the people of this county.

At this election, and for the first time, the people on the reservation were placed in a separate voting precinct, including the reservation itself, and all persons thereon who were supposed to be entitled to vote in the county and state elections were registered and allowed to vote just as other voters in the county. Among the reservation precinct voters were quite a number of half-breeds and others of Indian extraction who voted for all the officers on the tickets. In the contest proceedings the question as to the right of these persons to vote will be raised. The contestants will set forth that the reservation precinct cast a majority of votes for Yates, the republican, and that if these votes claimed to be doubtful in validity are thrown out, this will give the office to Peebler.

Claim Good Votes Were Thrown Out.

The contestant will also allege reasonable ground to believe that mistakes were made in the counting of votes, and that in some precincts the election boards threw out votes which were in part improperly marked, but in which it was possible to ascertain the intention of the voter as to one or more of the candidates. The contention will be set up that, although the statute says explicitly that the voter must mark between the name and number of the candidate, there is also another provision that, if the judges and clerks are able to satisfy themselves in any manner as to the intention of the voter on any one or more candidates, even although the ballot be marked in a manner not provided by law, the judges must count the votes which they are able to make out.

Mr. Peebler, who is to contest, is a farmer living ten miles northwest from Pendleton in Stage Gulch, and Mr. Yates, the one who had a plurality on the face of the returns, was formerly a merchant in Milton, in the East End, but has not been in business for a year or so past. The very small margin by which the treasurership was decided makes the contest of deep interest to everyone in this county, and the beginning of the suit is awaited anxiously. Mr. Peebler states that he has been moved to take the action indicated by his friends, who urged him so to do.

The Kind You Have Always Bought.

POSTMASTER GETS A RAISE.

One Hundred Added to Salary of Pendleton's Letter Handler.

According to the list sent out from Washington by the Oregonian's special correspondent, Pendleton's postmaster, C. E. Fell, will receive hereafter a salary larger by $100 than heretofore. At the present time the Pendleton office pays $2100, the new salary being $2200. A number of other north coast towns are also raised, two, however, Arlington and Independence, being cut down $100 each. Taking the salary of the postmaster as the criterion, and that is a criterion, for salaries paid are dependent upon business done in the office, the salary of the Pendleton postmaster, $2200, compare with those paid in other towns shows that this place is doing its share of postal business. Postal business is regarded as a rather correct guage of the other classes of business done in the city or town. Walla Walla's postmaster, under the new schedule of salaries, will receive $2500, only $300 more than Pendleton's. These are the increases in Oregon, to take effect July 1: Portland, $3500 to $3600; Ashland, $1600 to $1700; Dallas, $1300 to 1400; Heppner, $1400 to $1500; Medford, $1400 to $1500; Baker City, $2200 to $2300; Eugene, $2000 to $2100; Hood River, $1100 to $1400; Newberg, $1000 to $1100; The Dalles, $2100 to $2200; Burns, $1000 to $1100; Grant's Pass, $1600 to $1700; Marshfield, $1400 to $1500; Pendleton, $2100 to $2200; Union, $1300 to $1400; Arlington, and Independence are cut from $1200 to $1100. Among the Washington increases are; Seattle, $3400 to $3500; Spokane, $3200 to $3300; Walla Walla, $2400 to $2500; North Yakima, $2000 to $2100; Everett, $2000 to $2300; New Whatcom, $2300 to $2400.

Lewiston, Idaho, is raised to $2100.

Owing to the increased receipts at presidential offices during the year, 1194 postmasters will receive increased salaries July 1, the individual increase ranging from $100 to $1000. The latter amount will be allowed to postmasters at St. Paul, Minn., whose salary will be increased from $4000 to $5000, and Milwaukee, Wis., increased from $5000 to $6000. The aggregate increase to the 1194 postmasters is $236,100 or $22,300 in excess of the increase last year, which was $28,300 in excess of any allowed prior to that year.

One hundred and seventy-one postmasters will receive a reduction in salary ranging from $100 to $300 each. The total reductions will be $26,000. The net gain to Postmasters is $218,800. The average salaries of postmasters has gradually increased each year since 1894. At present it is $1734.

The increased appropriation for clerk hire this year has made it possible to promote from 4500 to 5000 clerks in postoffices. These promotions have been generally confined to the lower grade clerks, and have, in the majority of cases, been limited to $100 each. About 900 additional clerks also have been provided for from July 1, 1900.

Quick Relief for Asthma.

Miss Maude Dickens, Parsons, Kans., writes: "I suffered eight years with asthma in its worst form. I had several attacks during the last year and was not expected to live through them. I began using Foley's Honey and Tar, and it has never failed to give immediate relief.'

Notice to Water Consumers.

The water consumers are once more notified that the hours for irrigating are from 5:30 to 8 p. m. and all are notified to use a sprinkler on the hose. Parties living on the hills are allowed to use water in the evening instead of the morning until further notice.

J. T. BROWN,
Water Superintendent.

CUTICURA SOAP removes the cause of disfiguring eruptions, red, rough hands, scaly scalps with falling hair, and baby rashes, viz.: the clogged, inflamed, or irritated condition of the PORES. No other soap is to be compared with it for preserving, purifying, and beautifying the skin, scalp, hair, and hands, and for all the purposes of the toilet, bath, and nursery. Sold throughout the world. POTTER DRUG AND CHEM. CORP., Props., Boston. "How to have a Clear Complexion," free.

Ladies Are Critical

in matters of linen. Our faultless laundry work challenges the closest and severest scrutiny. To discover defects in anything done up by us one must have eyes sharp enough to see what isn't there. Our finish is so perfect that it is not easily retired by broiling heat. And 95 degrees in the shade doesn't phase its polish.

BIRCH CREEK COAL PROSPECTS.

Encouragement Has Been Given to Proceed With Development.

A crew of workmen are engaged in prospecting thoroughly the ledges of coal which have been found on Birch creek, twenty miles from Pendleton. They have gone down to a considerable depth, and have sent to this town some samples that bring forth very favorable comment from many who have examined them. Some of the samples are of pure coal, of excellent quality. Orders have been issued to the foreman to continue the work and this will be done until it has been demonstrated that the coal deposits are either valuable or not worth working as mines. At the present time, the showings are regarded as encouraging, and all the persons interested in the enterprise are disposed to expend the money needed for thorough exploitation of the claims.

Another examination has been made by a party of three, consisting of George Wells, P. J. Quayley and Mr. Thomas, an engineer. Mr. Quayley is president of the Kamera Coal Mining company, and Mr. Wells is a practical miner. Mr. Thomas went to look into the engineering features of the proposition.

Mr. Quayley advised further investigation, Mr. Wells having previously expressed the belief that the showings were such as to justify looking into the ground and finding out what is there in the form of coal worth mining.

W. T. Rigby has charge of the enterprise as the superintendent, and keeps the crew of miners employed in the prospecting.

It is claimed by some that, so soon as the coal has been proven to be of a class warranting mining it, the O. R. & N. company will build a branch road from this point to the locality on Birch creek where the mines are.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by all druggists, price 75c. per bottle.
Hall's Family Pills are the best.
