[illegible] WANTS MOOTENIC'S HONORS.

Faithfully Practicing for the Indian Celebration on the Fourth.

Si Lum, a Umatilla Indian, has aspired to win the honors heretofore borne by the graceful Mootenic, as the champion dancer of the reservation. Si Lum is practicing daily at a spot near Bingham Springs station, and declares that he will make Mootenic look like thirty cents when the braves have assembled on the camping ground, and are lined up to go against the record for graceful dancing. Si Lum is not so young, but he thinks he is not about the best dancer on the reserve.

Mootenic has always been the conceded king of dancers. He is finely formed, and is well preserved, being not addicted to the use of firewater. Mootenic has held undisputed sway at all of the annual encampments, and people have traveled over half a continent, even from the European continent, to witness the evolutions of this famous war dancer of the Umatillas. Envy took possession of the breast of Si Lum. He conceived a hatred for Mootenic, and swore a vow that he would figuratively have the scalp of the younger dancer. He has been putting in all of his leisure time for many weeks, ever since the snows left the canyons in the vicinity of Gibbon station, and visitors there are treated to an exhibition of industry on Si Lum's part that is in sharp contrast with the Indian nature's ordinary manifestation. He works something like ten hours a day practicing, whereas he would scorn to put in fifteen minutes out of twenty-four hours at honest labor.

Sitting around in grave criticism of his progress are Black Elk, Julius Williams, Charles Whirlwind, Charles Chaplese, Chas. Ka-nine, Joe La Roque et als. They desire that Si Lum win out in his attempt to wrest honors from the popular Mootenic, and will pull for Si Lum when the test comes.

One of the attractions for visitors at Bingham Springs station is to watch the rehearsal of Si Lum, although many persons going there have not witnessed the show. Indeed, most of the people who have gone there have not seen Si Lum's practice dances, in failing to see which those same visitors have missed half their lives.

Sunday evening last, as a number of passengers were waiting for the train to return to Pendleton, Si Lum gave one of his star dances, which he called the Omaha, and received warm applause. It was freely predicted that when Mootenic met Si Lum, the former would be sorry he lived, and never again uncover his face in the presence of anyone who saw him go down to ignominious defeat before the victorious Si Lum.

Quick Relief for Asthma.

Miss Mamie Dickens, Parsons, Kans., writes: "I suffered eight years with asthma in its worst form. I had several attacks during the last year and was not expected to live through them. I began using Foley's Honey and Tar, and it has never failed to give immediate relief."

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

WHEAT TAKES A SLUMP.

LOCAL WHEAT FALLS OFF ABOUT FOUR CENTS A BUSHEL.

Drop Followed a Six Cent or More Loss in Liverpool—Grain Bags Worth 7 Cents Apiece in Pendleton.

Pendleton, June 28.—The local wheat market, based as always, upon the Portland quotation, is today 46 f. o. b., which is at least four cents below the market of Saturday, when the big sales occurred. The slump in the coast has followed a Liverpool drop amounting to six cents or more a bushel. Sales are not making today, growers not being inclined to sell on a falling market.

Grain sacks are selling here at seven cents apiece, less than the prevailing price of a year ago.

Reports here at I. L. Ray & Co.'s office show a big slump at Chicago, the remarkable advance of twenty cents the past week or so having been half lost, or nearly so. Trading on the Chicago board of trade has been heavy through the commission house of I. L. Ray & Co., and quite an aggregate profit has been cleaned up by local speculators.

Wheat in Portland.

Portland, June 28.—The wheat market continues to advance, and has joined the lead of other markets. Most of the recent advance in Europe has been absorbed in freights, which are held very strong, and shipowners at present are demanding 45s freight per ton. The present boom in wheat we believe to be a little too rapid for the good of the trade.

The Commercial Review in its issue today says of the wheat situation.

There is no doubt that the conditions which have been seen in the American Northwest have been experienced also in the Canadian Northwest, and it is evident that the crops in the Northwest, not only of wheat, but other grain, will be deficient this year. In other words, it appears to be the opinion among well informed and conservative traders that the loss in the Northwest since the country correspondents of the agricultural department sent in their reports has been equal to 70,000,000 bushels, and, therefore, the present outlook is for not over 500,000,00 bushels, grand total. Add to our own situation the condition in Europe. France is short, according to the recent estimate, from 85,000,000 to 100,000,000, compared with last year. Germany reports the wheat crop satisfactory, but states the rye crop is very poor. In Russia the crop outlook was still satisfactory, but rain was much needed. Rain was also much needed in Roumania. Austria-Hungary has also a poor crop. During the past two years France and Austria-Hungary have been flooding the English markets with flour. This they cannot do this year, as France will have to import wheat herself. Argentina has practically sold her surplus, and their next crop will not be harvested until January. Mail advices from Australia has stated that it looked as though the total crop for 1900 could not possibly be more than one-half of last year. Cold rainy weather was reported from Belgium and Holland. India is out of the field as a competitor. Therefore it seems there are only two sources of supply for the importing countries to look to, namely, this country and Russia. We quote: Club, 59c to 60c; Valley, 60c and bluestem, 62c to 63c per bushel.

Wheat in San Francisco.

San Francisco, June 28.—The wheat market has been quite active during the past week. The recent rise east and abroad has caused spot wheat to advance sharply, and price show a material gain over a week ago. Freights cut an important figure here, as shipowners are asking very stiff rates for tonnage—almost the same as tonnage up north. Holders have shown no disposition to offer freely. The demand for export, while not brisk, is certainly fair, but trading in quiet. For fair No. 1 shipping about $1.07 to $1.08½ per cental is the market price; milling $1.12 to $1.15.

Wool in Boston.

Boston, June 28.—The wool is simply dull. Quotations for fine-medium and fine are about 50c to 52c. Scoured is about this price, with staple lines 52c to 55c. Very few fleece wools are changing hands, and values are entirely nominal. Territory, scoured basis—Montana and Wyoming, fine-medium and fine, 17c to 18c; scoured, 50c to 52c; staple, 55c; Utah, fine-medium and fine, 16c to 17c; scoured, 50c to 51c; staple 54c to 55c; Idaho, fine-medium and fine, 16c to 17c; scoured, 50c to 51c; staple, 54c to 55c; Australian, scoured basis, spot prices, combing, superfine, nominal, 82c to 87c; good, 80c to 82c.

Wool in San Francisco

San Francisco, June 28.—Wool—Spring—Nevada, 13c to 15c; Eastern Oregon, 10c to 15c; Valley, Oregon, 18c to 20c. Fall—Northern mountain, 10c to 12c; mountain, lambs', 8c to 10c; San Joaquin plains, 8c to 10c; Humbolt and Mendocino, 13c to 14c per pound.

Wool in Portland.

Portland, June 28.—Wool—Valley, 12c to 13c; for coarse, 15c to 16c for best; Eastern Oregon 10c to 15c; mohair, 25c per pound.

Eastern Livestock.

Chicago, June 28.—Cattle—Dressed beeves and medium steers, steady to strong, heavy cattle slow; butchers' stock steady; good to prime steers, $5.10 to $5.75; poor to medium, $4.50 to $5 —stockers and feeder, $3.15 to $4.85; cows, $3.90 to $4.50; heifers, $3 to $5; canners, $2.25 to $2.75; bulls, $2.75 to $4.25; calves, $4.50 to $6.50 Texas fed steer, $4.50 to $5.15; Texas grass steers, $3.65 to $4.25; Texas bulls, $2.75 to $3.40.

Hogs—Shade higher, closing strong; top, $5.27½; mixed butchers, $5.05 to $5.27½ good to choice heavy, $5.20 to $5.27½ rough heavy, $5.05 to $5.15; bulk of sales, $5.20 to $5.22½.

Sheep—Choice firm, others steady to slow. Good to choice wethers, $4 to $4.75; fair to choice mixed, $3.25 to $4.10; Western sheep, $4 to $4.25; Texas sheep, $3.50 to $4; native lambs, $5 to $6; Western lambs, $5.75 to $6; spring lambs, $4.25 to $6.50.

Omaha, June 28.—Cattle—Market, best stronger, generally steady. Native beef steers, $4.50 to $5.40; cows and heifers, $3.75 to $4.75; canners, $2.25 to $3.50; stockers and feeders, $3.50 to $4.75; calves, $5.50 to $7.00; bulls, stags, etc., $3.25 to $4.35.

Hogs—Market 2½c higher. Heavy, $5.02½ to $5.07½; mixed, $5.02½ to $5.05; light, $5 to $5.05; pigs, $4.50 to $5.00; bulk of sales, $5.02½ to $5.05.

Sheep—Market steady; yearlings, $4.25 to $5.25; wethers, $3.75 to $4.25; stock sheep, $4; lambs, $4.50 to $6.

Wool in Pendleton.

Pendleton, June 28.—Since the total of 1,000,000 sale of wool was reported by the East Oregonian a week ago no sales of consequence have been made here, one lot having been bought from August Guderian, 27,000 pounds, by Jacob Sheuerman, the price not being given out. About half a million pounds remain here unsold. At this time, the local market is at a standstill. Buyers cannot offer what the growers demand. Some growers have withdrawn their clips from the market, and will hold for sometime.

Local Market.

Pendleton dealers are paying the following prices for ranch and farm produce:

Butter, 35c per roll.
Eggs, 20c per dozen.
Potatoes, 40c per sack.
Parsnips, 50c per sack.
Cabbage, $2.50 per 100 pounds.
Turnips, 75c per 100 pounds.
Chickens, $2.50 to $4.00 per dozen.
Geese, $10 per dozen.

Paris Fair.

The American exhibit at the Paris Exposition will be an open volume, whose lessons of skillfully directed endeavor and unfaltering energy may be read by all. Our government building is completed, and no effort has been spared to make it worthy to represent our nation. It was by the same American perseverance that Hostetter's Stomach Bitters, the famous dyspepsia cure, was first produced. Since that time—fifty years ago—it has never failed to cure constipation, indigestion, billiousness, liver and kidney troubles, and it will make rich red blood. It is an excellent tonic, and is a regulator for the bowels that cannot be equalled. All druggists sell it. Do not be talked into taking "something just as good." There is nothing equal to it.

Attention!

All Knights of Pythias throughout the county are invited and requested to join with Damon No. 4, to participate in celebration and fraternal parade in Pendleton on July 4th.

Beware of Ointments for Catarrh that Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by all druggists, price 75c. per bottle. Hall's Family Pills are the best.

Attention, Woodmen!

All members of Pendleton camp No. 41 and visiting neighbors are requested to be present and participate in the illuminated parade on the night of July 4.
