The Allied Forces Were Repulsed With Heavy Losses to the Forces of All the Powers Engaged.

London, July 16.—"Revenge today, mourning tomorrow" is practically the universal cry of Europe, but it is sor-rowfully admitted there can be no revenge today, nor perhaps for many tomorrows, for the increditable bar-barities reported to have marked the last scenes with the legations at Pekin. Nothing is clearer than that the antiforeigner conflagration is rapidly per-meating the hitherto quiescent provinces, and, though it is recognized that every day which leaves Pekin in the power of the mob increases the perils and difficulties of the situation, noth-ing comes from the diplomats of Europe to show that the powers have overcome their jealousies, resulting in general impotency, to which is com-monly ascribed the sacrince of a hand-Walla Walla, will also run "The Capitol" hotel at Ellensburg, Wash.

More Troops for China.

Washington, July 16.—There is reason to believe that 8000 or 10,000 troops will be gotten together as rapidly as possible and hurried to China, some of whom will probably be taken from Cuba. If the situation requires more men, congress will have to be called together to provide for them. This appears to be the common belief in official life in Washington.
