ing the Government for the moment.

Last of all in this valuable statement comes a temperate account of that inexcusable bombardment of the Taku forts—an act of war which explains the awful occurrences at Tien Tsin. Is it surprising that the Chinese army should have assumed that the great, long-anticipated struggle had begun for home and country and all those sacred rights just as dear to a Chinaman as to a white man?

* * *

China's government makes a moving picture. Beset by anarchy within, it found itself assailed by insatiable and conscienceless appetite from without.

In spite of these assaults that government seems to be gradually rising from the chaos and steadily pressing down the forces of anarchy. It is with the greatest reluctance that the shouters for spoliation in the treaty ports admit the fact. But they do admit it, doubtless perforce, since the admission seems to put off again the consummation of the vast vulture feast at which all the monarchies of Christendom and that plousest of assimilators, William of Canton, wish a seat. We say "seems to put off," because it may be that those impatient appetites will not suffer the quarry to be snatched from the very gape of their jaws.

CANCER IS NOT INCURABLE

Time was when Cancer was considered as incurable as leprosy. Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisonous, effete matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?

Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe and stubborn form of the disease may develop from a sore or ulcer on your tongue or other part of your body; a slight bruise or hurt, a little pimple on the eyelid, lip or nose, a small lump on the jaw or breast, a harmless looking wart or mole, and other causes so insignificant as to attract little or no attention. If you have an obstinate sore, don't rely upon salves or ointments to cure it—begin with S. S. S. at once; it will cleanse your blood and prevent the formation of cancerous cells.

Impure Blood Invites Disease.

Mrs. R. Shirer, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious until the jaw began to swell and became much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed, and there is now no sign of the disease. This was two years ago, and I am still enjoying perfect health."

M'KINLEY'S ACCEPTANCE.

When President McKinley was formally notified of his renomination to the presidential office he made a speech accepting the nomination in which he devoted 7074 words to money and silver; 313 words to imperialism and the Philippines; 242 words to praise of the republican record; 126 words to protection; 82 words to China; 75 words to The Hague conference; 60 words to Hawaii; 57 words to the Spanish war; 23 words to Cuba and Porto Rico, but not a word did he have to say regarding the trusts and combines which threaten the welfare of the American people. Mr. McKinley's silence in this connection speaks louder than words. It portends that he is aware that the republican party is hand and glove in with the trusts and the less said concerning it the better it will be for him and the party.

TOWNE'S STRONG TALK.

Charles A. Towne, the popular Minnesotan, in a speech delivered a few days ago said in part: "We walked across Puerto Rico on a carpet of flowers spread by the confident enthusiasm of the inhabitants, and we have compelled them to walk on thorns in return. We are piling up expenditures by hundreds of millions on land and sea in order to make commercial returns in thousands. We are adding to the strength of the republic by sacrificing thousands of her sons to disease, insanity, and death. We have quitted our own to stand on foreign ground. We have formed a partnership with England wherein we incur all the danger and she reaps all the benefit. We have ceased to quote the Declaration of Independence. We have grown contemptuous of the constitution. We have re-christened 'slaughter' and named it 'civilization.' We are putting men to the sword by thousands, and are to call ourselves the agents of Him about whose lowly cradle nineteen centuries ago the angels of heaven sang 'Peace on earth, good will to men.'" Mr. Towne is a fellcitous speaker and one of the most brilliant men in public life of either of the old parties.

DISTINCTION AND DIFFERENCE.

"Pendleton is the home of the most delightfully inconsistent newspaper in Oregon. It prints an editorial paragraph in a recent issue about the 'unfairness and bitterness' of classifying Candidate Bryan as 'a cross between a crank and a quack,' and in the next paragraph displays its own fairness and sweetness by calling ex-Minister John Barrett a 'pest with immaculate gall,' a 'self-seeking political harlot,' a 'human fly in search of molasses,' etc.—all because Barrett refuses to support Bryan's programme of financial dishonesty and national dishonor."

The above paragraph is from the editorial page of the Portland Oregonian. The "newspaper" referred to is, of course, the East Oregonian. The Portland paper admits its own guilt and pleads forgiveness on the ground that the East Oregonian is guilty of a similar crime.

The East Oregonian so characterized Mr. Barrett because it is quite generally known that he is a man of "immaculate gall," "a political harlot" who pursues prominence through the newspapers, using them to advertise himself, while forcing his services upon Mark Hanna in the cause of McKinley and "sound money," all of which finds its way in the newspapers from Mr. Barrett's own pen. The East Oregonian knows the man intimately and personally, and guesses at none of its conclusions, as did the Oregonian in its estimate of Bryan.

The East Oregonian has no grievance against Mr. Barrett because he favors the republican side, or because he stands for "sound money", but it does object to him being his own advertising agent, through the newspapers and the Associated Press, who are his accomplices, in an attempt to "fool" the people in believing that John Barrett is an "authority" and not a self-seeking ass.

The fact is, the Oregonian is as fully acquainted with Mr. Barrett's resources to greatness as the East Oregonian, and if it cared to give expression to its feelings on so small a subject it would rather strengthen this paper's estimate of him. Mr. Barrett at one time served the Oregonian company in the capacity of "city editor" and at that time was never noted for his modesty, character, ability, nor fairness, but was known to possess more "gall" than a government mule; more "cheek" than a fat lady in a circus; more ability to absorb and appropriate to himself than a cormorant.

DEMOCRATIC SLOGANS.

Imperialism.—The national sympathy for all who seek self government has been made the instrument by which cupidity and greed hold a feeble nation in thralldom—Democrats would have no colonial system.

Modern monopoly.—"The offspring of the republican party—corruption its necessary instrument—enthroned in the councils of nation and states, sits upon the bench and expounds the law."—Democrats should strike it down.

Currency.—With an inert mass of $150,000,000 in gold kept in treasury by the issue of bonds, currency must shrink and swell as judgment of selfishness shall dictate—against this iniquitous scheme democracy protests.

Bimetallism.—The production of gold and silver oscillates, and the pendulum will again swing to the other extreme—Democrats stand for the gold and silver of the constitution.

Taxation.—Unnecessary taxation is unjust taxation, and unjust taxation by whatever name is the plunder of the citizen by his government.—Democrats protest against the iniquity.

The Appeal.—With man exalted above the dollar, constitution against combination, equality before the law, promises to correct the abuses of administration and secure justice to all, Democrats appeal to the wisdom, intelligence and patriotism of the American people.

CHINA'S OWN STORY.

There are two excellent reasons for crediting the statement issued by the Chinese government, says the New York World. It bears the internal evidences of truth—calmness, straightforwardness, simplicity, and above all that coherence and concord with the facts of human nature and human conduct everywhere which the inflammatory accounts from the white land-grabbers of all nationalities have lacked. In the second place it accords with the doings of our coolheaded Admiral Kempff, who angered the imperialists at Washington and exasperated the British by refusing to take advantage of the confusion to make war upon China by joining in the bombardment of the Taku forts.

* * *

The Chinese government explains that the Boxer movement arose in the formation of athletic societies each with a religious attachment, a sort of Chinese equivalent of the Y. M. C. A. The Chinese government is too polite to say so, but our own common sense tells us how the increasing encroachments of the European powers joined that other deep-seated passion. Before the authorities realized what was going on the movement was beyond control, first breaking into open fury in the north—quite naturally, because there Russia was actively absorbing Chinese land and Chinese rights.

* * *

Of course Pekin, where the land agents of the foreign powers, disguised as ministers, are constantly seen by the people going to and fro and bullying the Chinese government, and where, therefore, the insolence of the foreigner is most apparent—Pekin was soon restless. The government asked the ministers to retire to Tien Tsin under safe conduct. The ministers unwisely delayed. Then foreign troops came to the capital, and there is an inherent probability that they conducted themselves much as the government statement sets forth. They swaggered about, covertly insulting the "contemptible heathen," the "yellow bellies," to whom their very presence in the capital city of the empire was insult enough already.

* * *

Finally came the German minister's impudence. All the world outside of China knows that the German emperor is looking for a colonial empire, that he is looking very hard at China as the God-designated land of promise. There is no reason to suppose that the intelligent and interested Chinese people are not also aware of William's benevolent designs. It is not strange that they should hate Germany with especial vehemence, since Germany has just unscrupulously robbed them of a large territory on a very flimsy pretext. But the arrogant German minister insisted upon going through the streets of Peking. The mob killed him and the pent-up fury burst forth, overwhelming the Government for the moment.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY IS A TRUE MUSCLE MAKING MEDICINE

It makes muscle by making health. It makes health by curing the diseases which undermine the strength. The starting place of physical deterioration and weakness is generally the stomach. The "Discovery" positively cures diseases of the stomach and organs of digestion and nutrition. Take "Golden Medical Discovery" and you'll get well and strong.

"I wish to express my thanks to you for your wonderful medicine," writes Mr. Geo. Logan Doggett, of Piedmont, Greenville Co., S. C., Box 107. "I was almost past work suffering so much from chronic catarrh and indigestion. Your 'Golden Medical Discovery' was recommended. I used it for three months, and was completely cured of indigestion and greatly relieved of catarrh."

The New York World,

Thrice-a-Week Edition

ALMOST A DAILY—AT THE PRICE OF A WEEKLY.

The most widely circulated "weekly" newspaper in America is the Thrice-a-Week edition of The New York World, and with the presidential campaign now at hand you cannot do without it. Here are some of the reasons why it is easily the leader in dollar a year journalism.

It is issued every other day, and is to all purposes a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week.

The price is only $1 per year.

It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-a-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read it and see them all.

We offer this unequaled newspaper and the weekly East Oregonian together one year for $2. The regular subscription price of the two papers is $2.50.

The Tri-Weekly World and the Semi-Weekly East Oregonian one year for $2.50.
