THE STATE FAIR.

Effort to Make It a Representative Agricultural and Live Stock Show.

The state board of agriculture is making a great effort this year to make the state fair a representative agricultural and livestock show. The premium list is out and is being thoroughly distributed throughout the state and personal efforts are being made to attract the attention of farmers and stockmen to the very liberal premiums offered.

Several counties in the state are preparing a county exhibit for the fair, as they realize it will be a good opportunity to advertise their county in a most practical way. Each exhibit will be a lecture room, and an object lesson for the home-seeker, where he can get information, along intelligent lines, and will be worth many dollars in advertising the county's resources.

The livestock show will be without question the best ever held on the coast. Breeders all over the country are preparing to exhibit at the fair this year. There is an opportunity here in Oregon for the farmers who have been running in debt raising wheat, to turn their attention to the profitable production of beef, mutton and pork, or engage in dairying which has already taken its place as a leading paying industry in this state. There is a demand for the best specimens of all breeds which will continue to grow for years to come, and there is nothing that will encourage this industry so much as stock shows at state and county fairs.

Is This Plain Enough.

If you have a nagging cough and are losing flesh, go to a drug store, and get a bottle of Shiloh's Consumption cure. Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25 cts., 50 cts. and $1 a bottle. Tallman & Co., leading druggists.

Big Crowd at Teal.

A large crowd is now camped at Teal Springs, some for pleasure and some for their health. No better place can be found for a few weeks outing, as there is swimming, dancing, fishing and hunting. The springs are under good management and everything is done that will make it pleasant or campers. Kirkman's orchestra is furnishing the music for the dancers.

New Flour Mill Near Walla Walla.

A flouring mill is to be built on the Touchet river, at Riverside, near Walla Walla, with a capacity of seventy five barrels a day. The water for power purposes is to be taken from the Touchet river and a fall of 12 feet can be obtained in less than one mile of ditch and flume. The volume of water sent against the wheel will be 24,000 cubic inches every minute, which it is estimated will give a sufficient amount of power. It will be of great convenience to the farmers of Eureka flat.

Five Things.

The five diseases for which Shiloh's Consumption Cure is especially recommended, are Coughs, Colds, Whooping Cough, Croup and Consumption. No medicine ever made by man is equal to it in any respect. Sold under a positive guarantee. Money back if it fails. 25 cts, 50 cts and $1 a bottle. Tallman & Co.

A Girl's Essay on Boys.

At a recent school examination for girls this composition was handed in by a girl of 12: "The boy is not an animal, yet they can be heard to a considerable distance. When a boy hollers he opens his big mouth like frogs, but girls hold their tongue till they are spoken to, and then they answer respectable and tell just how it was. A boy thinks himself clever because he can wade where the water is deep. When the boy grows up he is called a husband, and then he stops wading and stays out nights, but the grown-up girl is a widow and keeps house."

ECHO NEWS.

Correspondence Tells of Personal Doings and a Ranch Fire.

Thomas Smart returned from Portland, Thursday morning, much improved in health. He will resume his work with the O. R. & N. Co., August first.

W. W. Whitworth was thrown from his saddle horse Thursday morning, and was quite seriously injured. He was picked up unconscious, with an ugly cut in the temple, and was carried to his son's blacksmith shop. Restoratives were applied and in about five minutes he recovered consciousness and was able to be removed to his home.

This is the second time in the last few days that this horse has thrown Mr. Whitworth, though the horse has always been considered gentle heretofore.

As yet the census enumerator has not made his appearance in this precinct, though we trust he will not overlook us entirely. We want to be counted with the rest.

C. J. Ward has sold to Harry Sutton his lease on the Raley ranch, on Umatilla Meadows, also his crop of hay and about 50 horses.

Sam Biettle, from the Four Mile house, was in Echo, Saturday.

Mr. and Mrs. A. B. Thompson went to Pendleton, Friday, on account of the illness of Mrs. Thompson.

R. Hinton, from Pendleton, is in Echo for a few days.

Mrs. Edward Ward, of Foster, is seriously ill at Pendleton.

Mr. and Mrs. G. L. Ward returned from a short trip to Pendleton.

At the Miller ranch, at Nolin, on Saturday, were burned all the hay, the barn, one team of horses and two sheep. All of the first crop and four of the second crop was burned, probably 150 tons of hay.

The infant baby of A. Gale, the O. R. & N. agent, has been very sick, though now reported to be some better.

Echo, July 22.—The east-bound passenger train set fire to the barn at the Miller ranch. Three horses were tied in the barn. One broke loose; two being burned, also two lambs, 100 tons of hay were consumed, and several undred rails. No insurance.

A Frightful Blunder.

Will ofter cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all skin Eruptions. Best Pile cure on earth. Only 25 cts. a bottle. Cure guaranteed. Sold by Tallman & Co., druggists.

INDICATES GRAIN YIELD.

Athena Figures in One Instance Show Lesser Than Expected.

Athena, Or., July 22.—A farmer who resides a few miles east of here informed one of the prominent grain men of Athena one day last week that his wheat would go about 25 bushels to the acre. Seven weeks ago the same farmer estimated that he would get from 46 to 50 bushels of wheat per acre. The wheat when it filled had fewer meshes to the head and fewer grains ot the mesh than he had any idea of, and the lesser yield per acre is attributable to those two important facts.

The largest day's work of a single threshing machine thus far reported this season was that of Ed. Rush's outfit one day last week down in the Hudson Bay district north and west of Milton. It was represented by 1510 sacks. The straw was very heavy. The outfit threshed from four settings, and will break that record before the season is over, if it has not done it already.

C. H. Taylor is running the Fair store here during the absence of his resident partner, D. B. Jarman.

Weston, Or., July 22.—Mayor William Blair has quietly stolen away to the mountains for a week of enjoyment and to incidentally be in a locality where the thermometer behaves itself better than it has at Weston for the past few days.

Born—To Mr. and Mrs. Frank Greer, on Sunday, July 22, a daughter.

William Willaby, who resides between Weston and Athena, was prostrated by the heat Friday. His temperature ran to 104½, and for a while his condition was very critical, but he is now recovering nicely.

Miss Eva Wishard has returned from a visit with her brother E. E. Wishard, manager of the Hobson Mercantile company at Sumpter. Miss Wishard also visited at Lawton.

Mrs. A. O'Harra returned Saturday afternoon from Walla Walla, where she had been for the previous 10 days in attendance at the bedside of her daughter, Mrs. Alpha Wood, who had undergone an operation and was in St. Mary's hospital. It will afford gratification to many friends to learn that Mrs. Wood is improving and is apparently out of danger.

A Monster Devil Fish.

Destroying its victim, is a type of Constipation. The power of this murderous malady is felt on organs and nerves and muscles and brain. There's no health till it's overcome. But Dr. King's New Life Pills are a safe and certain cure. Best in the world for Stomach, Liver, Kidneys and Bowels. Only 25 cents at Tallman & Co.'s drug store.

SEVEN WEEKS TO THE STREET FAIR.

Forty-nine Days From Sunday Will Occur the First Event.

Seven weeks only remain until the Street Fair and Harvest Carnival will be open to the public in Pendleton, and ready to receive the thousands of people who are to be invited to come in from all localities of Umatilla county and countries adjoining. It is planned to open the fair with a big meeting in the auditorium, the "Coliseum," which will be in the nature of a thanksgiving service, with a big chorus singing national anthems and familiar hymns, and several thousand voices joining in the swelling tide of song. It will be also in the nature of a dedication of the building and the fair.

The seven weeks are sufficient to make the preparations. But they are by no means time enough to permit wasting any of it. For, if the fair is to be what it should be, there must be energetic work and many engaging in it. The fair will not be a success if only a few committeemen are left to make the arrangements. Pendleton's citizens should come forward with offers of assistance in the form of labor on the infinite details that are to be wrought out.

The money will be secured, no doubt, without special difficulty. Money will not do all. It will do much, and money must be had in plenty. But, all of the people will have to take personal interest in the enterprise. It must be made an institution of the city, an institution belonging to all alike.

Therefore, the officers of the street fair association and the general committee of arrangements call upon the people to regard the affair as their own, and come forward with help when asked to do so. They will announce plans from time to time, as they are perfected. But desire to arouse universal interest in the scheme and know that everyone will do what he can when called on.

Ladies Should Interest Themselves.

The fair will not be a success if the ladies do not take deep interest in it. They may contribute immensely to the results, and, indeed, unless they do, the fair is likely to be far from a success. The assistance of the ladies is depended upon by the officers of the association, who are confident that they will respond to all reasonable calls that may be made upon them.

Assistance From Other Localities.

That many living outside of Pendleton will contribute of their time and talent is quite an assured fact. A. B. Thompson, a representative rancher living in the Butter creek country, was seen in town on Saturday, and asked concerning the fair and the people of his locality taking an interest in it. He said:

"You may depend upon me to do all in my power towards making the street fair and harvest carnival a success. I see no reason why it cannot be a brilliant success in every particular. We in this county have almost everything grown under the sun in temperate zone, and when September 17 comes the farm and ranch work will be so nearly done for the season that everyone can get away to attend. There should be immense numbers of people here from our part of the county, and, if I can do anything to induce such a result, I will gladly do so."

Mr. Thompson has consented to give some time to visiting the people of that section, and securing the bringing here of displays of livestock and grains and grasses.

With a few men of the energy of A. B. Thompson assisting the Pendleton committeemen, the displays of fruits, grains, grasses and livestock will be an assured success. Others will be seen in other localities and their services secured towards the same end.

DANDRUFF CAUSED BY A GERM.

A New Discovery That Kills the Germ and Prevents Baldness.

Pretty nearly all the hair preparations for dandruff have some merit in allaying itching of the scalp, and in being a fairly good dressing for the hair, but there is only one that recognizes what causes dandruff, falling hair, and baldness, and that destroys that cause, a little germ—and that is Newbro's Herpicide. This germ eats its way into the scalp, down to the hair root, where it saps that vitality, causing dandruff as it digs up the scalp into little white scales. Unless it is destroyed there's no permanent stopping of falling hair and cure of dandruff and baldness. Newbro's Herpicide kills the germ. "Destroy the cause, you remove the effect."

FOR **Baby's Bath** USE **CUTICURA SOAP.**

It prevents chafing, redness, and roughness of the skin, soothes inflammation, allays itching and irritation, and when followed by gentle applications of CUTICURA Ointment, the great skin cure, speedily cures all forms of skin and scalp humors and restores the hair.
