SORES AND
ULCERS.

Sores and Ulcers never become chronic
unless the blood is in poor condition—is
sluggish, weak and unable to throw off
the poisons that accumulate in it. The
system must be relieved of the unhealthy
matter through the sore, and great danger
to life would follow should it heal before
the blood has been made pure and healthy
and all impurities eliminated from the
system. S. S. S. begins the cure by first cleans-
ing and invigorating the blood, building
up the general health and removing from
the system a **CONSTANT DRAIN
UPON THE SYSTEM.**

When this has been accomplished the dis-
charge gradually ceases, and the sore or
ulcer heals. It is the tendency of these old
infectious sores to grow worse and worse,
and eventually to destroy the bones. Local
applications, while soothing and to some
extent relieve pain, cannot reach the seat
of the trouble. S. S. S. does, and no matter
how apparently hopeless your condition,
even though your constitution has broken
down, it will bring relief when nothing
else can. It supplies the rich, pure blood
necessary to heal the sore and nourish
the debilitated, diseased body.

Mr. J. B. Talbot, Lock Box 245, Winona, Minn.,
says: "Six years ago my leg from the knee to
the foot was one solid sore. Several physicians
treated me and I made two trips to Hot Springs,
but found no relief. I was induced to try S. S. S.,
and it made a complete cure. I have been a per-
fectly well man ever since."

THE CHINESE SITUATION

Legations Still Besieged and Their Posi-
tion More Precarious.

SO DECLARES CONGER IN A MESSAGE

War Department Officials Doubtful If Foreign-
ers in Peking Can Hold Out Until
the Relief Force Arrives.

Washington, Aug. 8.—A message re-
ceived from Minister Conger at Peking
last night, which states that the lega-
tions are still besieged and that the
situation is more precarious, brings
the Chinese situation to its most seri-
ous stage and the authorities in Wash-
ington regard the matter of great
gravity. They are aware that nothing
but the most vigorous action can meet
the conditions, and save the ministers
and other foreigners in Peking, and
avert a war of long duration.

After a conference, in which Presi-
dent McKinley participated over the
long distance telephone, it was decided
to send a message to General
Gordon, repeating the contents of
Conger's message and advising him
that a crisis had been reached. He
was directed to communicate the fact
to the Chinese officials, who were to
transmit it to the government of China
with a strong representation that the
present situation was intolerable. It
is understood the dispatch was practi-
cally an ultimatum and an early reply
was demanded. An answer is expected
during the day and it is probable it
will determine the future action of this
government.

It is not believed by the war depart-
ment officials that the international
forces can reach Peking in time to
rescue the ministers if active hostilities
are begun against the legations by
the imperial troops. Information
received through the Chinese minister
regarding the coming of communica-
tion between the ministers and their
governments is one ray of hope in the
situation.

A Message of Cheer.
Washington, Aug. 8.—A reply has
been sent to Minister Conger by the
state department to the message re-
ceived from him late yesterday. It
expresses the sympathy of the govern-
ment and exhorts him to be of
good cheer.

Message From Rome.
Washington, Aug. 8.—The navy de-
partment received the following dis-
patch from Admiral Remy: "Chaffee
reports the Japanese took Pei Tsang the
morning of the 6th. The engagement
was over before the Americans arrived.
The movement will probably be con-
tinued to Yang Tsun."

China's Government Consents.
Washington, Aug. 8.—Minister Wu
this morning received an edict, under
date of August 5, in which the Chinese
government permits the powers to hold
open and free communication with
their ministers. This includes the
sending of cypher messages.

Chinese Retreating.
London, Aug. 8.—The British consul
at Tien Tsun, under date of August 6,
announces that the Chinese have been
expelled from Pei Tsang and are in
full retreat.

Possibility of Extra Session.
Washington, Aug. 8.—While there
is talk of peaceable action of the gov-
ernments in the Chinese matter and
some discussion of the possibility of an
extra session of congress to deal with
the situation, it is likely nothing will
be done until additional information
has been received from China.

No Extra Session.
It is stated President McKinley will
return to Washington next week. As
to the possibility of an extra session
of congress, it was said by a prominent
official that such a session is impos-
sible.

Foreign Ministers Consulted.
Washington, Aug. 8.—The Chinese
minister today transmitted to the gov-
ernment an edict, dated Aug. 2, say-
ing:

"As Peking is not yet restored to
order and precautionary measures may
not secure absolute safety to foreign-
ers here, the foreign ministers are be-
ing consulted as to the feasibility of
the proposed plan of detaching troops
to escort them safely to Tien Tsun."

The Chinese Must Fight.
London, Aug. 8.—In case the troops
advance the Chinese must fight. The
suggestion that the allies should be al-
lowed to enter Peking in order to escort
the ministers to Tien Tsun is absolutely
impossible. This is the dictum of
Li Hung Chang. It was transmitted
last evening to William Pritchard
Morgan, the member of parliament for
Merthyr Tydfil, by his agent at
Shanghai. The agent had carried to
Earl a message from Morgan, urging
that the allied troops not enter the
capital and stating that a settlement
could be made at Tien Tsun whereby a
war of the world against China would
be averted.

Mr. Morgan's agent has reiterated to
Mr. Morgan's agent his declaration
that the ministers had left Peking,
fixing the date of their departure as
August 2. "The consul makes this com-
munication," the message has been
sent to Lord Salisbury, accompanied
by a statement by Morgan, arguing that
the allies should take no step to en-
danger the lives of the ministers.

A message from the Belgian minis-
ter, dated Peking, August 2, seems
officially to dispose of the rumors
that the ministers have either left or
are intending to leave Peking.

The Brave Japanese.
All correspondents agree in praising
the bravery and organization of the
Japanese, but none of them bring the
story much beyond Gen. Chaffee's re-
port.

The Sebastopol Correspondent of the
Daily Graphic says the Russian gov-
ernment will send 125,000 additional
troops from Odessa to the far east be-
fore the end of the year.

The Taking of Pei Tsang.
Washington, Aug. 8.—The war de-
partment received the following dis-
patch from Chaffee: "Aug. 5.—Pei
Tsang was handsomely taken early this
morning by the Japanese troops, sup-
ported by the English and Americans."

The Japanese loss is considerable, the
English slight and Americans none.

Cologne, Aug. 8.—A Berlin corre-
spondent states that Field Marshal
Count Von Waldersee has been ap-
pointed the commander-in-chief of
allied troops in China.

CONDITION OF THE BARRS.

It is Said to Be Pitiable by a Man Just
From the Frontiers.

New York, Aug. 8.—A dispatch to
the Herald from London says a Lon-
don correspondent of the Daily
Telegraph states that a Frenchman just
returned from the Boer frontier, con-
firms the telegrams which have been
received during the last few days
declaring the pitiable condition of the
Boers.

Gen. Botha's commando, originally
750 now consists of only 63 and other
commandos have been reduced in like
proportion owing to desertions. The
remaining burghers have been divided
into two parts, one for peace and the other
for war. The peace party is the
stronger.

The Astoria Regatta.

San Francisco, Aug. 8.—The Olympic
club of this city, in addition to send-
ing a crew of oarsmen to the Astoria
regatta, will enter a team in the
athletic events to be held there at the
same time.

Steamers From Nome.

Seattle, Aug. 8.—The steamer, Ore-
gon, Charles Nelson and San Pedro,
from Nome, are all lying in the stream.
The transport Peking, which started
yesterday for China, back to the
Peking is top heavy and the captain
does not care to attempt a trip with
the vessel in her present condition.

Parliament Adjourns.
London, Aug. 8.—Parliament ad-
journed today.

The Wheat Markets.
Chicago, Aug. 8.—September wheat,
73 3/8 cents per bushel.

San Francisco, Aug. 8.—Cash wheat,
\$1.05 per cental.

NEW YORK MARKET.
Reported by I. L. Hay & Co., Chicago
Board of Trade and New York Stock
Exchange Brokers.

Aug. 8.—The wheat market was dull
and featureless today with a tendency
towards lower prices. Liverpool closed
lower, 6-1 1/2. New York opened 1/2
lower, 80 7/8. Sold between 80 1/2
and 80 7/8, and closed at 80 5/8. Corn

BUILDING IN PENDLETON.

Many Structures Erected, Will be the
Record of 1900.

Everywhere one may see in Pendle-
ton buildings going up, residences and
business houses. Main and Court
streets have been filled with building
materials for this entire season, and
there are yet huge piles of lumber,
brick, mortar beds and stone blocking
these highways. It is no little incon-
venience to pedestrians and teamsters,
but everyone of course is more than
glad to put up with the temporary in-
convenience and rejoices that the
growth of the city necessitates keeping
the streets filled all the time with these
piles of materials.

Renting agencies state that the de-
mand for dwellings is now far beyond
the supply, and that when the winter
comes, with the people moving into
town for the schooling of their child-
ren, it will be a serious problem what
to do with them. It appears to be in-
evitable that Pendleton have a large
number of additional residences of a
character suitable for renting, and that
these new dwellings be built at once.
During the past two or three years,
several hundred dwellings have been
built, and yet there is a greater
scarcity now than there was in 1897.

Very Many Other Residences.
This is true in spite of the fact that
very many persons have constructed
their own residences. It is true today
that a larger proportion of citizens
occupy their own residences than ever
before in the history of the city.

Probably there are now occupied or
in course of construction enough busi-
ness buildings to meet the needs of
the town for the present. Pendleton
is now served with about enough busi-
ness firms, with those now arranging
to open up here.

John Seibert inserted an advertise-
ment in Tuesday's East Oregonian,
with instructions to run it for three
days. This morning he called at the
office soon after breakfast, and asked
the discontinuance of the "ad." hav-
ing already had application for the
leasing of his new store room now be-
ing finished opposite the French
restaurant. All those now building
store rooms are receiving applications
for leases, and in a week there will
not be in Pendleton a nook or corner
available for any sort of business, that
has not been rented.

SHOT AT THE COUGAR.

Party of Hunters Search for the Varmit
on the McKay Place.

F. W. Waite, H. J. Stillman,
Charles C. Berkeley and Drew Griffin
rode out to the McKay place a mile
east from Pendleton Tuesday evening
to find the cougar reported by several
persons to have been seen there. They
were armed each with a rifle, and
traversed the ranch and the thickets
along the river, and succeeded in
getting one glimpse of the critter as he
ran across a rocky point some distance
away. Mr. Stillman took a shot at
him, but was not able to bring him
down, owing to the distance.

Other attempts will be made to get
the beast, and no doubt he will eventu-
ally be brought into town and offered
to J. V. Tallman to be mounted, un-
less the cougar has already killed him-
self to his mountain lair, and aban-
doned his project of assimilating the
white man's bacon. People who live
in that locality will be relieved when
the animal has been captured, killed
or scared away, not enjoying to any
great extent the too close association
with creatures of that particular
feline story.

Many have regarded the report that
there was a cougar on the McKay place
as a canard, but that it was seen is
vouched for by three women and a
number of wheat haulers and farmers,
who saw him on several occasions.

BRYAN FORMALLY NOTIFIED

Thousands of People Witness the Cere-
mony at Indianapolis.

BRYAN'S ADDRESS A MASTERLY ONE

Democratic Leaders Confident That Towne's
Letter of Withdrawal Will Add to
the Chances of Success.

Indianapolis, Aug. 8.—William Jen-
nings Bryan and Adlai Stevenson were
notified of their nomination for offices
of president and vice-president this
afternoon in this city. Thousands of
people witnessed the ceremony.

Early in the day spectators began
choosing points of vantage in the mili-
tary park. The main streets and
buildings were lavishly decorated.
Bryan and Stevenson's portraits ap-
peared everywhere. The procession
started at 10:15 a. m. When the park
was reached the parade disbanded.
Bryan and Stevenson, Senator Jones
and others appeared on the platform
amid deafening cheers. The notifica-
tion meeting was called to order by
Mayor Taggart.

Senator Jones, chairman of the
democratic national committee, was
introduced by Mayor Taggart as the
presiding officer. Senator Jones, in a
brief speech, introduced Congressman
Richardson of Tennessee. Richardson
was received with wild cheers, as he
mounted the stand to officially notify
Bryan of the fact that he had been
selected as the presidential nominee
of the democratic convention at Kansas
City. When Bryan arose to reply a
demonstration occurred which perhaps
never has been equalled in this city.
When order was finally restored Bryan
began his address, which was of con-
siderable length. Cheer upon cheer
greeted him at every telling period.
The address was a masterly effort and
created immense enthusiasm.

Governor Thomas, of Colorado, fol-
lowed, notifying Stevenson of his nom-
ination. Stevenson replied in some-
what brief speech than that of
Bryan and aroused much enthusiasm.

Towne's Withdrawal.
Indianapolis, Aug. 8.—When asked
for an expression of opinion upon the
withdrawal of Towne from the populist
national ticket, Bryan replied:

"Towne's letter is mainly and
patriotic, but nothing less than was
expected by those who know him
best."

Other democratic leaders expressed
themselves in a similar strain. It is
the general opinion that the with-
drawal would not alienate many popu-
lists and that it would increase the
chances of democratic success in No-
vember.

McKinley at Work.
Canton, Ohio, Aug. 8.—President
McKinley was early at work today
presumably on his letter of acceptance,
although no announcement has been
made in regard to when it will be
given to the public.

Mother's endorse it, children like
it, old folks use it. We refer to One
Minute Cough Cure. It will quickly
cure all throat and lung troubles.
