Secretary Wilson's Prediction. Washington, D. C., Aug. 13.—Secretary of Agriculture James Wilson, who has been making a careful study of the domestic and foreign demand for wheat this year, says: "The outlook for good prices was never better. We have a shortage in the American wheat crop this year which will probably amount to 100,000,000 bushels. This alone would make the present yield more valuable. There are additional reasons, however, which incline me to believe that wheat will make a marked advance before the end of the present year. The primary cause for an advance is the condition and outlook of the home market. There is unexpected prosperity throughout the country, and prospects are that the present year will be a record-breaker. This has been best instanced perhaps in our enormous export of manufactured goods of various descriptions, while trade balance is all our way. But our home is and will continue to be the greatest wheat market in the world."

CHRISTIAN CHINESE. More Than 10,000 of Them Outside of Pekin Massacred. Nearly all the correspondents confirm the reports of a wholesale massacre of Christians outside Pekin, a correspondent of the Daily News giving the number of killed as between 10,000 and 15,000, all defenseless converts. Imperial troops—so it is stated—did the ghastly work.

According to the Shanghai correspondent of the London Times, one of the members of the Tsung Li Yamen mentioned by United States Consul Goodnow as having been beheaded for pro-foreign tendencies was Hsu Ching cheng, former minister to Russia. Got His Furze Back. A person who drops anything from a moving train ordinarily says "good-bye" to it, but a noteworthy exception was recently observed on the Burlington railroad. A pocketbook containing \$109.25, a gold ring, four rubies and other valuables, was lost by a passenger on the St. Louis-Portland express. Just where was not known, and the train was advancing fifty miles an hour. From the first stop the loss was wired to Superintendent Phelan at Alliance, Neb., who immediately sent out a searching party. The pocketbook and jewels were found near the track, three miles from Whitman, in as good condition as when lost. They were returned to the surprised owner the next day.

UNITED STATES TO CHINA. No Negotiations for Peace Until the Ministers Are Made Safe. THE TERMS OF PEACE TO CHINA. A Terrible Mistake Made by Russian Troops at Yang Tsun Which Cost Many American Lives.

Washington, Aug. 13.—The department of state today, made public the reply of the United States government to Minister Wu's communication, notifying the department of the appointment of Li Hung Chang, envoy plenipotentiary to negotiate with the powers. This reply is substantially as follows: "There can be no general negotiation between China and the powers so long as the ministers of the powers and persons under their protection remain in their present position of restraint and danger. We are ready to enter into an agreement between the powers and the Chinese government for cessation of hostilities demonstration on condition that a sufficient body of forces composing the relief expedition will be permitted to enter Pekin unmolested and escort the foreign ministers and residents to Tien Tsun."

The text of this reply was telegraphed to representatives of the United States for communication to the governments of the powers co-operating in the relief movement.

The Policy is Firm. The announcement of the reply to China disclosed the firm policy which the United States has adopted. The importance of the action lies in the wording of the message. China has made overtures for peace and thus opened the way for a possible compromise. The United States in its response lays down an entirely new demand namely that a sufficiently large force from the allied column to be allowed to enter Pekin unopposed and conduct the members of the legation and followers from the Chinese capital to Tien Tsun. This demand is put forward exact and unalterable and China must accept unconditionally if she hopes to stay the advance of the international forces.

A cabinet stated today that no consideration would be given to promises of the Chinese government until the demands made by this government are actually and fully complied with.

Russian's Fire Upon Americans. New York, Aug. 13.—A dispatch to the Evening World, dated (The Foo, August 9, says: A terrible mistake occurred at the taking of Yang Tsun. The Russian artillery opened fire on the American troops. Before the mistake was discovered many American soldiers were killed or wounded by Russian shells.

The Fourteenth regiment took part in an attack on the Chinese trenches. As the Chinese fled the regiment entered and occupied one of the Chinese positions. The Russian battery some distance off, did not notice the movement of the Americans. It opened fire on the position and planted shells among the American troops. The Russians were quickly notified and ceased their deadly fire.

ARE FACING A PECULIAR CONDITION. If McKinley is Elected Imperialism Will Have Been Endorsed, While if Bryan is Elected Silver Will Be.

Indianapolis, Ind., Aug. 13.—A number of delegates to the two anti-imperialism conventions, which are to meet here, this week are arriving. The first arrival of a national party delegate is Robert A. Widemann, New York. The hope of the promoters of the national party is to form a coalition with the anti-imperialistic league.

Widemann says Bryan is regarded by the anti-imperialists as the less dangerous of the two old party candidates. "But many of us," said Widemann, "who are republicans, cannot stomach Bryan. We are confronted with a peculiar condition. If McKinley is elected, he will declare the imperialistic policy has been endorsed. If Bryan is elected, he will declare that silver has been endorsed. Either would be contrary to our views."

Widemann says there is little doubt that there is drift toward Bryan.

COMING TO OREGON. Roosevelt, Candidate for Vice-President. Coming to this State.

Gov. Roosevelt will make his first big speech of the campaign in Chicago on Labor day, and until the end of September, he will spend his time west of the Mississippi river. All of the month of October will be occupied in hard campaigning in the states of Illinois, Indiana, Michigan and Ohio with the exception of a few days in West Virginia, which the republican managers express strong hopes of carrying and that small period of time will be all the east will see of Roosevelt during the campaign. From Chicago he will pass through Wisconsin, Minnesota, North and South Dakota, Montana, Idaho, Washington, Oregon, California, Utah, Wyoming, Colorado, Kansas, Nebraska, Iowa and Missouri, practically in the order named. No attention will be paid by Gov. Roosevelt to the eastern states outside of New York, and unless conditions change materially he won't go into New England at all.

Fall of a Millionaire. C. H. North, ex-millionaire, former head of the North Packing Company, doing a business of \$5,000,000 a year in Boston, has taken to peddling vegetables from a cart, bareheaded, in ragged clothes and broken shoes. "If only I could get \$5000," he says, "I could get on my feet again and look after my property in Nebraska, the Nebraska Stock Yards company." Mr. North still lives in the big house where once his family of wife and eight children lived with him in boundless prosperity. But today he occupies two rooms only, and lets the other six stay.
