Forty cadets at the West Point academy have been sentenced to the most severe punishment ever inflicted in the course of discipline at the institution. The punishments were inflicted because the guilty ones had greeted Tactical Officer Lindsay with "silence" when he entered the mess hall. This was because he had reported the 1903 class for hazing a plebe and it is this class that will suffer.

Arthur Taylor and George Featherstone, each about 9 years of age, are under arrest at Victor, Colorado, charged with causing the wreck of the Midland Terminal passenger train half a mile east of Independence, and trying to wreck the Florence and Cripple Creek train from Bull Hill in the yards at Independence. They caused a loss of \$40,000 worth of property in the first instance. Their excuse for the crime is that they wanted to see "a great, big train wreck."

**RUSSIA EXCITES ALARM**

**Japanese Excited Over Russia's Occupation of New Chwang.**

**INTERNATIONAL SITUATION CRITICAL**

**Japan Proposes an Armistice Between the Powers and China, and the Latter Country Accepts It.**

New York, Aug. 16.—A dispatch to the Herald from Washington says: Russian occupation of New Chwang caused a decision to land troops at Shanghai, in which Great Britain is supported by the Japanese. Germany objects to Great Britain's policy at Shanghai, and proposes to offset it by stationing a squadron there and landing troops to protect her interests. The occupation of New Chwang by Russia has aroused great excitement in Japan.

International situation has entered upon a dangerous phase and the special skill will have to be extended to prevent trouble between the powers.

New York, Aug. 16.—A dispatch from Kobe, Japan, to the Evening Journal says: "Japan has proposed an armistice between the powers and China and China has accepted it. The terms are that the ministers shall either be placed under the protection of the allies at the gates of Peking or the allies be admitted to Peking to receive them. Japan has begun negotiations."

**Special Meeting of Cabinet.**  
Washington, Aug. 16.—A special meeting of the cabinet was held today, at which the Chinese situation was thoroughly discussed. The messages from Conger and Consul General Goodnow, on the appeal of Li Hung Chang, that the allied forces halt at Tung Chow, were carefully considered. An answer was prepared in which it is understood that the government agrees to an armistice for the purpose of receiving the ministers and people under their protection. If the ministers think arrangements can be made by which their safety will be assured, in moving from the British legation to the inside gate, this government will agree to an armistice for that purpose, and after Conger has been safely delivered, the government will, for a specified time, cease hostilities with the view of arranging the terms of peace.

Clara Kopp Wrote for Mrs. Pinkham's Advice and Tells what it did for Her.

"DEAR MRS. PINKHAM:—I have seen so many letters from ladies who were cured by Lydia E. Pinkham's remedies that I thought I would ask your advice in regard to my condition. I have been doctoring for four years and have taken different patent medicines, but received very little benefit. I am troubled with backache, in fact my whole body aches, stomach feels sore, by spells get short of breath and am very nervous. Menstruation is very irregular with severe bearing down pains, cramps and backache. I hope to hear from you at once."

—CLARA KOPP, Rockport, Ind., Sept. 27, 1898.

"I think it is my duty to write a letter to you in regard to what Lydia E. Pinkham's Vegetable Compound did for me. I wrote you some time ago, describing my symptoms and asking your advice, which you very kindly gave. I am now healthy and cannot begin to praise your remedy enough. I would say to all suffering women, 'Take Mrs. Pinkham's advice, for a woman best understands a woman's sufferings, and Mrs. Pinkham, from her vast experience in treating female ills, can give you advice that you can get from no other source.'"

—CLARA KOPP, Rockport, Ind., April 18, 1899.

**THE BATTLESHIP OREGON.**

**Repairs to Her are Nearing Completion and She Will Soon Go Back to Duty.**

Washington, Aug. 16.—As the Japanese government is likely to need its big dock at Kure, only temporary repairs will be made to the Oregon.

The repairs will be completed as far as they go—the repairs of the hull—but the repairing of the interior fittings will be postponed until some convenient time in the future. It is said at the navy department that when she leaves the Kure dock the Oregon can resume active service and remain in commission as long as may be deemed necessary.

Admiral Kemp's trip to Kure doubtless was to inquire into the Oregon striking a rock off the Cho.

**ANTI-NEGRO RIOT.**

**Occurs in New York and Took 500 Police to Suppress It.**

New York, Aug. 16.—Peace was not restored in the anti-negro riot district until after 1 o'clock this morning. During the riot five hundred police were on duty and ambulances were kept busy. The police estimate of the result puts the number of wounded at 50. The most determined fight during the riot was between detectives John Kennedy and a negro, Lloyd Lee. Both were badly hurt. At 2 o'clock this morning the police had the riot in hand.

**Aggravated by a Murderer.**  
Such furious ebullition of race hatred as found vent in the rioting last night, the outbreak of the murder a few days ago of Policeman Thorpe by a negro named Harris has not been equalled in New York in many years. As the result of the disturbance, which raged from midnight until 2 o'clock, there were about 50 persons injured by pistol balls, razors, knives, rocks and clubs.

**Political Notes.**

The Concord, N. H., Monitor charges Clark of Montana with intending to use money in that state to defeat the re-election of Chandler to the United States senate. He will thus get revenge on Chandler for keeping him out of the seat he claimed from Montana.

Governor Lee, of South Dakota, says: "Mr. Bryan is in no danger in our state. There is no doubt in my mind but that the state of South Dakota will go for Bryan and the fusion state ticket by a very handsome majority. Our forces are well organized. Borrow no trouble about South Dakota."

Gen. Patrick A. Collins, of Boston, has not lost any of his old-time enthusiasm for the democratic cause and will this year vote the straight party ticket. He will speak during the campaign for the party nominees "where it will do the most good," as he puts it. In 1896 he opposed the election of Bryan to the presidency.

A. E. Talbot, for several years the law partner of William J. Bryan, and until after the Kansas City convention a leader in republican circles in this county and state, has given to the press an interview concerning the personality of the democratic candidate, in which he lauds him and says he well deserves to be president and that he will support him this year, which he did not do in 1896.

**WAY TO CHECK IMPERIALISM**

**The Anti-Imperialists at Indianapolis Point it Out.**

**BOUTWELL'S DRAMATIC ADDRESS**

**Resolutions Advise the People to Withhold Their Support From McKinley and Give it to Bryan.**

Indianapolis, Aug. 16.—The second day's session of the anti-imperialist league began this morning. Pending the report of the committee on resolutions, Dr. L. W. Haborcom, of Washington, addressed the convention. The meeting of the league last night was largely attended. George Mercer of Philadelphia called the convention to order, presenting Edwin Burritt Smith of Chicago as temporary chairman. Permanent Chairman Gov. Boutwell was accorded a great demonstration when he took the gavel and proceeded with his address.

The greatest demonstration of the session came when George Boutwell, ex-governor of Massachusetts, concluded his address as chairman with a declaration that he had turned his back on the republican party and should support Bryan for the presidency.

The reading of Bourke Cochran's letter was a signal for tremendous applause.

**Favor Bryan for President.**  
The report of the committee on resolutions took the form of an address to the American people. The resolutions advise the people to withhold their support from McKinley for president and give their support to Bryan for president, as the most effective means of checking imperialism.

**BRYAN TO THE IRISH.**

**A Simple Citizen Here is better Than a King in Other Lands.**

Chicago, Aug. 16.—Bryan, Stevenson and others made speeches at Sunnyside Park on the occasion of the annual meeting of the United Irish societies of Cook county. The attendance was large. Bryan in the course of his speech said:

"I do not want you to think my happiness depends upon any public office within the gift of the people of this country. I have a higher ambition than to be president—an ambition to do what I can to make this nation so great and good that to be a simple citizen will be greater than to be a king in any other land."

**IS BARKER ELIGIBLE?**

**A Question Raised in Nebraska Causes a Sensation.**

Chicago, Aug. 16.—A special to the Record from Lincoln, Neb., says a sensation has been caused by the discovery that William Barker, the middle of the road candidate for president, is ineligible. It is said that while in Russia some years ago Barker was made "Lord of Stivocedlas" by the czar. Before accepting the title he did not ask congress to grant the privilege and as therefore ineligible to become president because he forfeited his citizenship.

**New York State Convention.**  
Saratoga, N. Y., Aug. 26.—The democratic state committee voted to hold the state convention here on September 11. Ex-Senator Hill's candidate for temporary chairman of the state convention, Mayor McGuire, of Syracuse, was defeated.
