#### PLEASANT VIEW NEWS.

Delayed Harvesting Temporarily—The Whites are Multiplying. Pleasant View, Ore., Aug. 22.—The conditions for the last two or three weeks have been very like those of a year ago. Rains began falling about the same time in light showers and increasing in volume at each rain, but there has not been so much rain this year, perhaps, as there was last year at this time. Yesterday rain set in quiet on harvesting operations for perhaps a couple of days. Two or three days more of good weather would have seen all but a crop of wheat harvested. Not much wheat has yet been hauled to the warehouses, but no more hauling will begin as soon as the wheat is over. Nearly all hauled is that which had been harvested by the machine, which being scattered over the hills could not be covered up with straw.

W. D. Fletcher, of Pendleton, and Mrs. S. F. Henderson, of Walla Walla, who is visiting Mrs. Fletcher, are out from Pendleton Saturday morning on a visit in Pleasant View, returning Sunday evening.

Mr. and Mrs. A. Nelson of Freedom, who have been visiting relatives here and at Pendleton have returned home.

U. M. Vaughn, a Pendleton merchant, was in this vicinity yesterday, came out to take a few snap shots at harvesting operations by the most modern for its bearing more scientific calculations somewhat.

Miss Etta Dill, who has been visiting relatives in this part of the county, returned to her home recently in the city.

The major part of the road between this station and Pendleton will be completed and contracts have been let to do the work.

The hearty voice of Bob White has been heard in the evenings and mornings this week. It is to be hoped that the new machinery to this lively little game will be enforced long enough to be of any benefit to the business men here on the county. This season's first appearance here.

W. W. Harrah, formerly a teacher in a wheat-grower, experimented with a new variety of wheat which he had sent to him from an agent in the city. The name of the grain is Fritz-Mediterranean, as its name implies, a cross between the Fritz and Mediterranean varieties. Mr. Harrah says the wheat will have been all right if it had not been for the fact that it nearly all died before it was headed.

W. H. McCormick, who had been on the reservation south of here harvesting for George Peringer, his steam combine, started in today morning to help his brother finish a half section of wheat.

#### MARKET REPORTS.

The Wheat Market is Unsettled—Prices Offered Vary.

Pendleton Aug. 23.—The prices offered for wheat vary greatly. Local mills are paying 45 to 50 cents per bushel for No. 1. Exporters are offering nothing like those figures and they claim that the sellers have been receiving several cents above actual value for their wheat ever since this season opened. If that be so it would look as though higher prices would prevail for exporters must have the wheat and farmers in its section are inclined to be independent and wait until they can get their price.

Charles McLevy of Helix sold 1900 sacks Wednesday but the price he received for it is an unfathomable mystery. He had received an offer of 45c for it but refused it and informed the exporters that the highest bid would take the stuff. It is the opinion that he received from 46 to 47 cents for it. Barley for brewing is 65c per hundred; for feed 60c per hundred.

Portland, Aug. 23.—The Commercial Review in its issue of today says of wheat: The year has been a quiet one in wheat circles except for ordinary circumstances the volume of business which has been done throughout the Pacific Northwest would be considered very large, as more wheat has passed out of primary hands than for the same time during any previous season. On the whole, wheat has passed from first hands into those of exporters to meet any tonnage contracts, and present appearances warrant the belief that vessels from this port will receive prompt dispatch. Exporters are not figuring very much on the Valley wheat this season. Farmers generally are making heavy deliveries at shipping points, but to date wheat has not been received here in any large amount. The movement during September is expected to be very large and the outlook for heavy receipts from the interior and very liberal exports from the Columbia river and Puget Sound during the season is very propitious. The latest information from Eastern Oregon and Washington is that the total output this season will be larger than that of last year, but the Valley will fall off considerably. The quality of Walla Walla wheat is a great deal better than last season, Valley also showing better qualities. Local prices here for Walla Walla club 54c, 57c for Blue stem, and Valley 56c per bushel.

Wheat in San Francisco. San Francisco, Aug. 23.—There has been a fair demand for shipping grades and the market has been a favorable one for the selling interest. Millers are the only buyers at present. The shipping interest has plenty of wheat on hand for tonnage requirements at present or nearly due. Harvesting is almost completed; the quality all over the state is fairly up to the standard. Freight rates are about 45c to 47c; they were not so high, exporters would be buying more liberally. Prices show some change, \$1.02 1/2 for No. 1 shipping; milling, \$1.05 to \$1.10 per cental.

Wool in Boston. Boston, Aug. 23.—Territory wools rule the same as last week, 50 cents for good lines of fine medium and fine staple in scoured. Fleeced wool continues dull with prices unchanged. Territory, scoured basis, Montana and Wyoming fine medium and fine, 17 to 18c; scoured, 50c; staple, 52 to 53c; Utah fine medium and fine, 16 to 18c; scoured, 50c; staple, 52 to 53c; Idaho fine medium and fine, 16 to 17c; scoured, 50c; staple, 52 to 53c; Australian, scoured basis, spot prices combining superior, nominal, 82 to 87c; good, 80 to 82c.

STREET FAIR BENEFIT DANCE. Arrangements made for Public Weddings During the Carnival. The benefit ball to be given on Saturday night by the Street Fair and Harvest Carnival Association will be made a pleasant affair. The Army hall is to be decorated by A. M. Stringer, and good music will be provided. The entertainment committee of the association, of which J. E. Krause

is chairman, has the arrangements in charge, and has established this rule for admission: Tickets will be \$1 for one gentleman and one lady, additional ladies accompanying the gentleman being charged 25 cents. Ladies unaccompanied will be charged 25 cents each. Children will be charged 25 cents each as spectators.

Regarding the public weddings to be held, one each for the five days of the Street Fair and Harvest Carnival, young people are asked to take note of the following: Couples intending to participate in these ceremonies should leave their names with the superintendent personally at the headquarters of the association, the headquarters having been removed from the East Oregonian building to Dusenbery building, Main street, between Court and Water streets. The names will be kept secret until the day of the marriage. If it is desired to have a private wedding, couples may take an equal value of other merchandise or of railroad fare for a wedding tour or the cash. Names should be handed in at once as arrangements must be made in each instance.

All expenses connected with the wedding will be paid by the Street Fair and Harvest Carnival Association. It will be an opportunity for several young couples to have weddings of elaboration such as that afforded none but the wealthiest people. One couple is wanted from each of the following localities: Milton, Athena or Weston (Queen of the Rock or Ukiah or Alba or Unatilla).

It is said now that an \$80 purse, casting 1000 votes has been raised for the candidacy of one of the young ladies for carnival queen, and that \$100 to \$125 casting from 2000 to 2500 votes, the purse raised in a hurry for another. During the last few days the voting will be very spirited, and will make it a most interesting contest. The voting up to 10 a. m. today stood: Bortha Wells, 441; Pearl Locke, 308; Lizzie Markey, 242; Claire Mousie, 184; Lura Sharon, 192; Eva Froome, 161; Gertrude Whittemore, 68; Ethel Meach, 130; Mary Ritter, 89; Irene Zierler, 39.

The Initium farewell Friday evening in Armory hall will be in the nature of a farewell party to the Misses Ted Thompson, Fanchon Borie, Gertrude, Maudie and Leo Sheridan and Messrs. James Welch and Bob Barrage. Miss Thompson and Miss Borie will attend school at St. Helena's Hall, Portland; the Misses Sheridan and Mrs. Welch will go to the Portland business college. Ben Barrage will leave shortly to enter the Oregon state university at Eugene. Dancing will be the order of the evening.

Broke His Leg. Claude Powers, a civil engineer with the O. R. & N. Co., party, sustained a fracture of his left leg above the knee last Saturday. With the rest of his party he was domiciled at Morton. He had occasion to go to Echo on business and was returning to Morton in the evening on No. 22. He was riding on the rear end of the carbox and when about half way between Echo and Morton was thrown from the car when it lurched, with the result above noted. He was taken in charge by Mr. and Mrs. Henry Miller, and removed to Echo, where Agent Stevens, who is possessed of considerable surgical skill, made him as comfortable as possible. On the delayed express early Sunday morning he was conveyed to Portland, where he is now in the hospital.

Is This Plain Enough. If you have a nagging cough and are losing flesh, go to a drug store, and get a bottle of Shiloh's Consumption Cure. No one could ask more. 25 cts., 50 cts., and \$1 a bottle. Tallman & Co., leading druggists.
