NEWSPAPER REPRESENTATIVES.

Plans to Entertain Those Who May Attend Carnival Week.

It is expected that many of the newspapers of Washington and Oregon will have representatives here during the Street Fair and Harvest Carnival. These newspaper men will want to enjoy themselves when off duty, and work to advantage while working, and to accomplish these two ends the local newspaper men will assist. For that purpose an organization was effected yesterday at a meeting held at the Tribune office. Colonel William Parsons was elected president and Charles J. Maskrey secretary. Plans will be made to have it so arranged that visiting newspaper men can have headquarters, with facilities for work. It will be the endeavor of the local newspaper men to make it so pleasant for the visitors that they will gladly return in 1901 to again represent their papers at the Pendleton Street Fair and Harvest Carnival.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by all druggists, 75c.
Hall's Family Pills are the best.

The Wheels Came Off.

Dude Frazier had an experience Monday evening out of the usual. He has driven his express outfit for many moons and nothing like it ever happened to him heretofore. He had a little girl passenger with him, and some freight of small value. When driving on Court street the nut keeping the off front wheel in place came off the axle. He drove along until in front of the Domestic laundry when the wheel came off, and pitched Mr. Frazier out. The little girl never screamed, but scrambled hurriedly out of the wagon. The horse heard the noise and welcomed it as a sign to stop. In fact, the horse seemed to be well pleased at anything that would give it even the shadow of an excuse to stop. The nut was found where it had dropped off in front of the Pendleton woolen mills storerooms, the wheel was replaced, and the vehicle was again started upon its journey.

The greatest skin specialist in America originated the formula for Banner Salve. For all skin diseases, all cuts or sores, and for piles it's the most healing medicine. Koeppen's Pharmacy.

It isn't the material

That goes into your repaired watch that results in a perfect job. It is the

KNOW HOW

that does the business. Any bungler can buy the fine kinds of material that I use in repairing; but

SKILL

is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth, and it will cost you less than bungling at lower price.

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering or years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent." This shows what thousands have proved,—that electric bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowles, expels poisons, helps digestion builds up the strength. Only 50 cents. Sold by Tallman & Co., druggists. Guaranteed.

Shipment of Carbonate Ore.

George Darveau, Henry Kopittke, John Seibert and Frank Duprat, composing the Carbonate Mining company, on Monday shipped 100 pounds of ore from the Carbonate claim to the Tacoma smelter for treatment. This is some of the ore referred to heretofore in these columns as coming from a vein 18 feet wide where crosscut by a tunnel 443 feet long. There are quite a number of Pendleton business men interested in the mines of Grant county, and they are awaiting the result of this test with all the patience at their command, believing that it will be satisfactory when made known.

CASTORIA
Bears the signature of CHAS. H. FLETCHER.
In use for more than thirty years, and
The Kind You Have Always Bought.

To Whom it May Concern.

Notice is hereby given that my wife, Mary E. Gillett, has left my house, bed and board, and this is to notify and warn all persons that I will not be responsible for any debts hereafter in any manner contracted by her. August 20, 1900. M. H. GILLETT.

A Good Thing.

Our great-grand mothers' garrets contained the same herbs of all healing found in Karl's Clover Root Tea. They gave our ancestors strength, kept the blood pure, and will do the same for you if you say so. Price 25 cts and 50 cts. Tallman & Co., leading druggists.

FOR SALE BY TALLMAN & CO., DRUGGISTS, PENDLETON, OREGON.

C. A. RHEA IN PENDLETON.

President of Heppner's First National Bank on a Tour.

C. A. Rhea, of Heppner, is a guest of Mr. and Mrs. W. E. Brock, the latter being his daughter. Mr. Rhea is president of the First National bank of Heppner and largely interested in stock. He is on a return trip from Wallowa county, whither he went to look after 1500 or 2000 head of his horses on Wallowa ranges. He states that there is apparent prosperity in the sections through which he passed. One of the evidences of wealth which he noticed and which surprised him was the number of hogs being raised. He said he knew of one contract that had been made to deliver 3000 head at Elgin by September 25, at 5 cents per pound on foot. The hogs are fattened by turning them into the stubble after the grain has been cut.

Mr. Rhea is a pioneer of this section and will remember when he used to have to come here to attend court. He was in attendance at the first session of the circuit court ever held in Pendleton. Judge Wilson was on the bench. At that session the most important question decided was in connection with the fight between Umatilla and Pendleton as to which was the county seat. Pendleton won.

Mr. Rhea from early days to the present has kept in touch with Pendleton by means of occasional visits and will this time remain for a few days leisurely visiting with his relatives and numerous friends and in noting what improvements are being made in different lines.

WEDDING AT ANVIK.

An Interesting Event at the Yukon River Town.

The little Epscopal church at Anvik, on the lower Yukon, was the scene of a beautiful wedding at high noon, Saturday, August 4, on which occasion Miss Lillian Proebstel, of Weston, Oregon, was married to Mr. William S. Fredericks, of Anvik, says the Nome Daily News.

Rev. John W. Chapman officiated, with the simple and impressive Episcopal service. The altar was daintily decorated with white Alaska wild flowers. The bride has been connected with the mission at this place during the past two years, and besides being very pretty, is a young lady of exceptional charm and culture.

The bridegroom, although in point of years, is quite a young man; in point of service is an old and confidential employee of the Alaska Commercial Co., and is at present their agent at Anvik, where the young couple will reside in the future.

Congratulations and gifts from a host of friends are pouring in from the length and breadth of the Yukon valley.

Soon after the ceremony the A. C. Co.'s packet, "Susie," bound for Dawson, arrived, on which elegant steamer Mr. and Mrs. Fredericks will spend their honeymoon.

Verne L. Joslyn, formerly a newspaper reporter in Pendleton, kindly sends the East Oregonian a copy of the paper containing the news of Miss Proebstel's wedding. Mr. and Mrs. Joslyn are living in Nome, where they have been for sometime.

EXCURSION TO PORTLAND.

Special Rate Named for the Portland Street Fair and Carnival.

The O. R. & N. Co. will run a special excursion from Baker City to Portland for the benefit of those wishing to visit the street fair and carnival, on September 5. This train will reach Pendleton about 1 p. m. For this train tickets will be sold to Portland and return for $5. Tickets limited to expire three days after date of sale, or at 12 midnight, Saturday, September 8. These tickets will be good for return on No. 6, leaving Portland September 8, at 9 p. m., although the limit will expire before reaching Pendleton.

Tickets will be sold at the same rate ($5) and under the same conditions as to limit, etc., for train No. 3 leaving Pendleton Wednesday, September 5, at 10:40 p. m. The $5 rate applies for these two trains and these only, and will not be honored on train No. 1 leaving Pendleton at 7.40 a. m.

Purchasers should understand that their tickets are good leaving Portland on the evening of date of expiration, but are not good the following day, and that limit of tickets cannot be extended.

No half-fare tickets sold at these rates.

It should be understood that the $5 rate is good only for the two trains above mentioned, leaving Pendleton on Wednesday September 5, and that the tickets must be used on those trains only.

MOHR'S PORTAGE ROAD.

Cash is Short and Work on the Line Has Been Stopped.

Work on the Paul Mohr portage was suspended Saturday noon and all the laborers discharged, says The Dalles Chronicle. All hands who have coming to them $15 or less are being paid in full by orders that are cashed at the First National bank, at The Dalles, and all who have more than this amount coming to them are given an order on the bank for $15 and a time check due in thirty days for the balance.

Mr. Mohr is absent in Portland, but the gentleman in charge of the office of the company says that the suspension of work is only temporary and has been made necessary by a reconstruction of the company for the purpose of obtaining additional capital. He claims that work will be resumed in a short time and rushed to a finish.

The company has suffered a heavy loss in the stranding of the Billings. They no longer make a secret of it that, barring the machinery and the possibility of using the patched up hull for a wharf boat, the vessel is a total loss. To reconstruct her has cost the company $30,000. The losing of this sum at this time is a heavy blow, and it is hardly a secret that leading stockholders have been casting about for somebody or something on which to lay the blame.

Parties claiming to be in the secrets of the company claim to have foreseen this suspension months ago, as the natural culmination of a bitter fight among the stockholders that has its storm-center in the management.

BRYAN WILL CARRY WASHINGTON.

So Declares a Farmer Writing to the Spokesman-Review.

Reardan, Wash., Aug. 23.—To the Editor.—In your editorial of recent date you admit that Washington is a doubtful state because the Pacific states are for expansion. I differ with you. I believe Bryan will carry the state by a bigger majority than he did in 1896 for the following reasons.

1.—The farmers are dead down on the trusts.

2.—As people from the United States can not emigrate to the Philippines, and the farmers and laborers don't want any of the Orientals here, we have no use for the Philippine islands.

3.—By carrying on this war the farmers are losing greatly, as it is claimed that ocean freight rates are so much higher, which makes a difference from 10 to 12 cents per bushel. I believe, for these and other reasons, the farmers will discard McKinley and vote for Bryan, and laborers will do the same thing.

It you think it worth while, you may publish the above, and by doing so you may be able to hear from others regarding expansion and carrying on the war in the Orient. In April, right after Bryan's speech at Spokane, the republicans of Reardan called a meeting to organzie a McKinley club. The Bryan men promptly called a meeting to organize a Bryan club at the same hour. The repubicans organized with a membership of nine and the Bryan men with a membership of 45. Two days later we had 104 on our list, and since then politics has been very quiet. We have about 200 voters in our precinct and 150 at least will vote for Bryan. Trusts, objections to the Oriental race and high ocean rates to do the work. Nineteen out of 20 of the Germans will vote for Bryan on acount of the Boer war. JOHN THYEN.

News About Stamps.

An innovation in the postal service which is sure to be of great convenience is a plan lately adopted of furnishing stamps in little books, with wax sheets between them. The government is to charge one cent additional to the amount of stamps contained therein, and it is now estimated that the profit on these books will amount to $200,000 per annum. It is also estimated that the sum paid for the private revenue stamps placed over the top of the bottles containing Hostetter's Stomach Bitters very nearly equals this. The bitters is a reliable remedy for constipation, indigestion, dyspepsia, biliousness, liver and kidney troubles. It may be depended upon to cure stomach disorders, having done so for the past fifty years.

JOURNAL DIRECTORATE.

First Stockholders' Meeting Held Monday Afternoon.

The first meeting of stockholders of the Northwest Livestock and Wool Growers' Journal company was held Monday afternoon in the law office of J. J. Balleray in the Association block, and the following named were elected directors: H. S. Garfield, W. M. Slusher, J. P. McManus, Robert Starkweather, Charles Cunningham, James Nelson, Douglas Belts, Chris Simpson and J. J. Balleray. The directors afterwards organized and elected the following officers: Charles Cunningham, president; James Nelson, first vice-president; Chris Simpson, second vice-president; Robert Starkweather, secretary; W. M. Slusher, treasurer; J. P. McManus, manager.

The company will commence the publication of the Northwest Livestock and Wool Growers' Journal. It will be a monthly publication and the first number will be issued about September 15. The company has a paid up capital of $1250, 50 shares at $25 each.

A Life and Death Fight.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for consumption, which completely cured me. I would not be without it even if it cost $5 a bottle. Hundreds have used it in my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c and $1. Trial bottles free at Tallman & Co.'s Drug Store.

Impaired Sight.

When a person discovers that his or her sight has become impaired from any cause, immediate steps should be taken to remedy it. That can best be done be consulting a skilled oculist and securing a pair of glasses fitted to the eyes on scientific principles. Mrs. Dr. Frank will be at Hotel Pendleton until September 2, upon which date she will leave on a trip to Europe. Those wishing to have glasses that will benefit the sight are requested to call and consult her at her office, room 4, Hotel Pendleton.

Look at Your Face.

And see if it is reflecting health or disease Karl's Clover Root Tea beautifies the face and complexion, and assures perfect health All druggists. 25 cents and 50 cents Money refunded if results are not satisfactory. Tallman & Co.

JESSE FAILING
Pendleton, Oregon.

Electrical Storm.

The electrical storm at an early hour this morning was something grand. Lightning flashed and thunder made delightful music for those who have no wheat out in the fields exposed to the rains. The air was surcharged with electricity and the explosions were like a Fourth of July celebration on a magnificent scale. The storm cleared the atmosphere of noxious vapors and again the people of Umatilla county can back its climate as being as good as can be found lying loose on top of any country on earth.

For Whooping Cough.

"Both my children were taken with whooping cough," writes Mrs. O. E. Dutton, of Danville, Ills. "A small bottle of Foley's Honey and Tar gave such relief that I used a 50 cent bottle, which saved me a doctor's bill." Nothing else so good. Koeppen's Pharmacy.

Telegraph First in Japan.

The telegraph was first established in Japan in 1869 when a line was built between Yokohama and Tokio by English engineers. In 1873 the government telegraph department was organized. In 1879 the Empire joined the International Telegraph Union. There are now 1267 offices in Japan proper and 112 in Formosa and there are 144,570 miles of line in service. In 1899 these lines transmitted 224,000 foreign and 15,275,623 domestic messages.

It Will Do You Good.

A blood purifier and tissue builder is Karl's Clover Root Tea. Sold for half a century on our guarantee. Money refunded if results are not satisfactory. Price 25 cts. and 50 cts. Tallman & Co.
