GENERAL NEWS.

The looting at Pekin proceeds industriously and quietly. Officers of every nationality except the Americans ignore the repressive order and all the allies ridicule the Americans for their abstention.

An agreement is being circulated among manufacturers in Fall River, Mass., calling for a reduction in wages of 1-8 per cent. to take effect September 17, affecting all Fall River operatives.

The battleship Oregon arrived at Nagasaki, Japan, Friday. She eventually will return to the United States for the complete repair of injuries sustained in her grounding, but will first go to China.

The condition of Congressman Charles A. Boutelle is a matter of great interest in political circles generally as well as to the people of his district and all of Maine. It is not thought he could safely resume active work for some time.

Albert H. Wiggin, vice president of the National Park bank, New York, says it is true that the bank had been approached by representatives of the Swedish government with inquiries as to the chance of placing a loan for \$10,000,000 in this country.

Mrs. Ryerson, wife of the late Governor George Ryerson, of Lower California, had been found guilty of manslaughter and is now serving her sentence in the San Jose jail. She murdered a Mexican boy who worked for her about a year ago in a fit of rage.

The alarming reports concerning Secretary of State Hay's condition received no credence in Washington. Secretary Hay is in almost daily communication with the president and the state department and the advice received from him indicate that he is constantly convalescing.

Thomas J. Powers, commissioner of banking for Pennsylvania was killed by falling from a train in the outskirts of Philadelphia, Thursday night. Mr. Powers was 63 years old and was a conspicuous figure at republican national conventions, and was one of the 300 who held out for a third term by General Grant.

A POLICY OF DRIFT

The Administration's Attitude Toward the Chinese Situation.

THE POWERS ARE IN CONSULTATION

England Will Probably Favor the Russian-American Proposals to Withdraw Fortwith From Pekin.

Washington, Sept. 1.—The status of the Chinese negotiations today is still waiting, so far as the United States is concerned. The powers are indulging in a rapid exchange of views by telegraph and cable, respecting the Russian-American proposals. As the American note was designed to call out a straight expression of policy from the various powers respecting the proposed withdrawal from Pekin, it is understood its effect has been to bring about three consultations with the view of gaining strength by combined action in their responses. Important developments are not expected within the next day or two. Meanwhile, it is declared by the state department, there will be no further authorized publications of any notes in process of exchange until the subject under consideration has been finally disposed of. This attitude has been assumed because free discussion in the press, based on some instances according to state department officials, upon erroneous conceptions of the meaning of certain notes, threatens to retard the development of negotiations. The question of Li Hung Chang's credentials is now said to be ancient history. All governments involved in the Chinese trouble are a unit in their willingness to negotiate with the Chinese government as soon as responsible representatives can be found. When such a government is installed it can itself dispose of the question of Li Hung Chang's credentials.

The Castine at Amoy.

The Castine arrived at Amoy this morning. Voluntary action of Japanese officials in withdrawing their forces from Amoy has relieved the international situation, but the withdrawal may necessitate retention of Castine at Amoy to prevent rioting by the Chinese.

England Not Yet Ready.

London, Sept. 1.—The foreign office here apparently is not yet ready to publicly declare Great Britain's position in the present Chinese situation, but all indications tend to confirm the belief that Lord Salisbury favors the principle contained in the American-Russian proposals, though possibly, he may have some modification to suggest.

Germany Adheres to Program.

Berlin, Sept. 1.—It is semi-officially confirmed that Germany adheres to the program mapped out in the circular of July 3, then approved by all powers.

Pleasing to the Count.

Berlin, Sept. 1.—Field Marshal Count von Waldersee has called Emperor William from Aden, announcing the "pleasing international amenities," which marked his entry into that port. The field marshal was formally received by the British representative at Aden, and afterward proceeded on his journey to China.

SHOT HIM IN THE LEG

P. B. Knight Shoots His Neighbor, Emanuel Edwards.

WANT THE MATTER HUSHED UP

Rumor Busy Spreading a Report That There is Something Behind the Shooting Which Has Not Been Made Public.

Walla Walla, Sept. 1.—P. B. Knight was shot and slightly wounded in the left leg by Emanuel Edwards at the latter's farm three miles southwest of Walla Walla yesterday afternoon. The trouble which led to the shooting occurred ostensibly over a horse belonging to the wounded man and which was being pastured on the farm of Edwards. Rumor has it, however, that there was something behind the action which has not been given to the public. Knight was not seriously hurt and will be well as ever in a few days. No arrests were made.

It appears that P. B. Knight and his brother, J. A. Knight, went to the Edwards farm to get a cow which had been pastured there and which was their property. Edwards came out to where they were in the barn yard and a quarrel ensued.

Edwards ordered Knight to quit the premises and the latter refused, whereupon Edwards drew a revolver and fired two shots one of which took effect in Knight's left leg between the knee and the hip. Edwards then returned to the house and the Knight boys started for this city. In a short time the wounded man was taken from the loss of blood and the other continued on in search of medical aid, which was soon found.

The authorities will not take action in the case as they are of the opinion the persons concerned with the matter hushed up. An attempt was made shortly after the trouble occurred to circulate the story that the shooting had been accidental, but the first statement of facts had already become known and the effort was fruitless.

It remains to be seen now what action will be taken by P. B. Knight, the injured man. In case he does not care to bring the matter into court the affair will be passed over.

PREMIER RESIGNS.

His Idea is to Strengthen the Liberals in Their Fight.

Frederickton, N. B., Sept. 1.—The resignation of Hon. Henry R. Emerson, the premier of New Brunswick is not due to a government crisis or any difference of opinion. The Ottawa government is expected to dissolve the house of commons in a short time, and it is understood Premier Emerson resigns in order to strengthen the liberals in the federal contest.

Chicago, Sept. 1.—With assets and pledges amounting to upwards of \$500,000 the Sons of Veterans are making active preparations to begin work on a national college which is to be dedicated to the Grand Army of the Republic and in commemoration of the men and women of the civil war. The collections and pledges were secured after one year's actual work, but four years of planning preceded the vigorous campaign resulting in the collection. While the money has been raised for the erection of buildings and endowment of the institution, the location has not been selected.

Letters from Women Relieved of Monthly Pain by Lydia E. Pinkham's Vegetable Compound

Painful Menstruation

"DEAR MRS. PINKHAM:—I was troubled with female weakness, irregular and painful menstruation. I suffered so every month that I was obliged to go to bed, but thanks to your medicine I am now well. I would advise all women who suffer as I did to use Lydia E. Pinkham's Vegetable Compound."

—MRS. ANNA LACY, ROSS, IOWA.

Grateful Miss Musselman

"DEAR MRS. PINKHAM:—I always suffered at time of menstruation ever since menses began, with bearing-down pains, sickness at stomach, sometimes vomiting for two days, sometimes vomiting blood. As I grew older, the suffering became worse. I tried many things, but obtained no relief. At last I concluded to try your medicine. I took several bottles of Lydia E. Pinkham's Vegetable Compound and followed your other directions, and now menstruation is painless. I feel and know that I owe it all to your medicine, and never fail to recommend it. I am very thankful for what your medicine has done for me, and wish that every afflicted woman would try it."

—JENNIE C. MUSSELMAN, 611 West Ave., Sidney, Ohio.

Prostration at Monthly Periods

"DEAR MRS. PINKHAM:—I was greatly troubled with my menstrual periods, was very weak and nervous, could not work at all. I have taken Lydia E. Pinkham's Vegetable Compound for several months, also used the Liver Pills and Sanative Wash, and am wonderfully improved in health. My neighbors are all surprised to see me out and doing my own work. I would advise every suffering woman to try Lydia E. Pinkham's remedies."

—MRS. HENRY MUELLER, 543 McAlpin Ave., Clifton, Cincinnati, Ohio.

Irregular Menstruation

"DEAR MRS. PINKHAM:—I want to thank you for what Lydia E. Pinkham's Vegetable Compound has done for my daughter. It has helped her very much. She had doctored for two years, but obtained no relief, and now in two months and a half she is well. Menstruation is now regular, appetite has returned, the pain has left her side and her headache is better. I feel very thankful to you also for your kind advice."

—MRS. AUGUST PALZERMAN, South Byron, Wis.
