ROOSEVELT IN COLORADO

An Unpleasant Experience Occurred at Victor.

ROOSEVELT STRUCK WITH A STICK

A Mob of Men and Boys, Armed With Sticks and Clubs, Rotten Eggs, Potatoes and Lemons, Disgrace Themselves.

Cripple Creek, Colo., Sept. 27.—At Victor, a few miles from Cripple Creek among the mines, a most unique and demonstrative crowd assembled to hear Gov. Roosevelt Wednesday afternoon.

In this place four years ago 27 McKinley votes were cast. At the present time a McKinley and Roosevelt club has been formed, now numbering 550 members, with the number constantly increasing.

Gov. Roosevelt spoke at Armony hall which was filled. There were many republicans in the audience, but there were also apparently many democrat who made themselves manifest by noisy demonstrations.

Gov. Roosevelt succeeded in finishing his remarks, though there was the evident intention among those present that he should not do so.

When the governor left the hall with his crowd, boys and men began throwing rocks and shouting for Bryan. The Rough Riders closed around the governor to protect him from assault by the mob.

One man made a personal attack upon Gov. Roosevelt and succeeded in striking him a blow in the breast with a stick.

The assailant was immediately knocked down by Colonel M. Sullivan, postmaster at Cripple Creek. A mob was then made by the mob to drag the mounted men in khaki uniforms from their horses.

The men on foot, also in khaki, closed around the governor, making a wedge which pushed through the crowd and they finally succeeded in gaining the train, which was surrounded by the mob.

By this time there was probably 1000 or 1500 excited people in the vicinity and fatalities were exchanged on all sides.

Many of the mob were armed with sticks and clubs and some with rotten potatoes, state eggs and lemons. The entire party regained the train, however, without serious injury and it soon pulled out.

Bryan Informed. Nebraska City, Neb., Sept. 27.—Being in receipt of a telegram to the effect that Gov. Roosevelt was assaulted at Victor, Colo., by a band of hired ruffians last night, Bryan wrote the following statement:

"From what I know of the people of Colorado, I am not willing to believe, without further evidence, that they denied Mr. Roosevelt or any one else a fair hearing. If it proves true that he was mobbed or in any way interfered with I am sure that it was not the work of any political organization. There can be no justification for a resort to violence in this country and those who resort to it injure the cause which they represent."

Making Political Capital. New York, Sept. 27.—Senators Hanna, Platt and Scott and Joe Manly continue to exhort the Colorado ruffians who attacked Roosevelt, saying it will redound to the benefit of the republicans. Former Governor Stone, of Missouri, at the democratic headquarters, however, recalled the treatment of Bryan by Yale students in 1890, saying no one held the republican party responsible for that outrage.
