The New York Journal says that Homer Davenport offered \$25,000 to refrain from making caricatures during the campaign, and that, on declining, he was asked if a larger sum would induce him to desist, to which he replied: "I am not for sale."

Rear Admiral John C. Watson, formerly in command of the naval forces on the Asiatic station, who arrived recently at New York on the cruiser Baltimore, has been assigned to duty as president of the naval examining board at the Washington navy yard.

Captain Frederick Dent Sharp, U. S. A., retired, cousin of General U. S. Grant, died at Kansas City from an overdose of bromide, taken for the purpose of relieving nervousness and pain. Captain Sharp was totally blind and it is supposed he had been unable to properly gauge the quantity of the drug.

Alfred Dreyfus has written a letter to M. Trepoix, formerly minister of justice, in which he says: "The moral effects of the inquiry still exist and the mental torture is as great as ever. Since justice has not been done to me the aim I pursue remains the same until attained, the legal revision of my trial."

PACIFIC NORTHWEST NEWS.

Benjamin F. Tanner died at St. Vincent's hospital Portland, Wednesday, in the 76th year of his age. He was the father of Judge A. H. Tanner, of Portland.

The Sunnyside Fruit company's prune drier at Rosedale, near Salem, was entirely destroyed by fire Wednesday morning. The loss is estimated at \$230, with \$400 insurance. The building was valued at about \$150.

BRYAN AND ROOSEVELT

Democratic Candidate Cordially Received in the Dakotas.

KANSAS WARMLY GREETED ROOSEVELT

Ten Thousand People Welcome Bryan at Fargo, and Roosevelt Makes Eighteen Speeches to Kansas People.

Chicago, Ill., Sept. 29.—The following dispatch has been received by the Scripps-Mellie News Association from W. J. Bryan: "Wahpeton, N. D.—My audience in South Dakota yesterday were doubly the size of my audience in that state in 1896. That means something." (Signed) W. J. BRYAN.

Thousands Greet Bryan.

Wahpeton, N. D., Sept. 29.—Bryan's first stop this morning in North Dakota was at Hankinson, where he spoke to several hundred. At Wahpeton thousands of people greeted the candidate in the public square.

Ten Thousand at Fargo.

Fargo, N. D., Sept. 29.—Ten thousand people cheered Bryan upon his arrival here this morning. The largest political demonstration in the history of this state is now taking place in this city. The candidate was escorted by the Grand Park uniformed marching club to a temporary stand where Bryan spoke an hour and fifteen minutes, appealing to the people to stand by American ideas and not surrender to foreigners. He charged the republican party with imitating all things British, especially in its colonial policy. Today's tour will end at Crookston, Minn., where Bryan speaks this evening. Thence the party will travel on the regular train to Duluth, spending Sunday there. Bryan always using Sunday as a day of rest.

Roosevelt in Kansas.

Neal, Kan., Sept. 29.—From early dawn Roosevelt's reception through Kansas has been most pleasing. The crowds are big and the cheering vociferous and hearty. His vocal chords have been strained to the utmost. Roosevelt is billed to make eighteen speeches today, ending at Kansas City tonight. His first stop today was at Eldorado. "We appeal to republicans," he said, "not only to republicans, but to those who left us four, six and eight years ago. There are only two great parties, the republican and the Bryanized democracy. The populist party is a side show. If you cannot be with us squarely against us."

At Emporia Roosevelt addressed an audience of two thousand people.

Some farmers came as far as twenty miles. Two hundred horsemen chased the train down the track shouting for "Teddy." While speaking here, he said Kansas made him the candidate for the vice presidency.

Democrats Take Proper Action.

Victor, Colo., Sept. 29.—Resolutions have been adopted by the democratic county convention and club of Victor condemning the "spirit of intolerance and discourtesy" exhibited on the occasion of Roosevelt's recent visit to this place, and deploring the folly of bringing into the state under the auspices of that cordially detested traitor and renegade, Senator Wolcott.

Carnegie Supports McKinley.

New York, Sept. 29.—The North American Review, in its advance announcement, states that Andrew Carnegie has an article in the October number of the magazine supporting McKinley. It was reported from Boston some time ago that Carnegie would favor Bryan.

EFFECT OF A TRUST.

Nine Hundred Men and Women Thrown Out of Work.

Grant, Ill., Sept. 29.—In the discharge of the last of the workmen at the Siemens & Holake plant the town of Grant, a suburb of Chicago, has been practically wiped out of existence by the electrical trust, and men and women, upon whom 2000 persons depended for support, have been made idle. These victims of a great trade combination, which is controlled by the General Electric company, face the coming winter with dread. Scores are leaving the community daily. Its only industry has been blasted beyond hope.

RIOT IN A CHURCH.

They Had Been Notified that if They Preached They Would Be Killed.

Columbia, S. C., Sept. 29.—Factional differences in the congregation of Belmont Baptist church in Newberry county, this state, resulted in a riot in the church last night. The Revs. Young, Reeder and Andrew Williams were shot down in the pulpit as they were leading in prayer. The members of the congregation notified two of these ministers that if they undertook to preach in that church they would be killed. Two communicants have been arrested and are charged with the murder.

PHILIPPINE NEWS.

An Incendiary Publication; Rains Prevent Railroad Traffic.

Manila, P. I., Aug. 2.—(By mail.)—"Filipinas ante Europa" is the name of an incendiary publication that is being extensively circulated throughout the islands. It is printed and dated at Manila, the first page containing local advertisements. The title page is ornamented with likenesses of Aguinaldo and Don J. M. Basco and the first article is one urging the Filipinos to continue the war. Another article "A Resuma of the Rebellion" is of the same order as the first article, and a perusal would lead one to think that the rebellion was growing in strength throughout the islands.

Floods in the Islands.

Big washouts have occurred on the Manila-Bugan railway as a result of the recent rains. Trains can only go as far as San Fernando. In one place between Murcia and Tarlac, the wash-out is over a mile in length and impassable. It is expected that throughout the rainy season it will be impossible to operate more than a portion of the line.

The Old People are Dying.

A remarkably long list of centenarians have died in Manila since American occupation, as shown by the records of the board of health. They range in age from 100 to 125 years, and most of them led active lives right up to the day of their death. They drank the vile bena and coffee, smoked incessantly strong cigarettes, got jagged frequently with native drink, and generally conducted themselves in any but a hygienic way of living.

The last death was Senior Saaz, a resident of Calle Magdalena. He was a pure Filipino, and died of old age at 110. The many centenarians now alive among the natives prove that this climate is healthy to some if not to Americans.

Aguinaldo Has Horses.

Aguinaldo has had his beautiful span of black carriage horses registered at the license department by his liveried coachman. From this and similar incidents, it is evident that the erstwhile dictator is in active communication with his relatives and friends in this city.

Notice From the Banks.

The banks of Manila have posted the following notice: "For and in behalf of the United States military government, the undersigned banks will change all gold and silver presented to them over the counter at the rate of two local currency dollars for one United States dollar." This means that the American government has come to the rescue and will protect its own money. It is assumed that the army of wage workers now in the Philippines, and means that the soldier can spend his meagre earnings without having them discounted as has been the case recently. It also means that the business houses will now use American gold instead of the bulky "dollar" dollar lately demanded, and that American gold will no longer be discounted at two per cent in American territory. The speculator that purchased silver at a discount in Hong Kong and sold it at a premium in Manila, taking back American money that he had discounted here, must shut up something new. The question is, why did not the military government do this long ago?

A Steamship on Fire.

New Orleans, La., Sept. 29.—The steamer American, of the West Indian line, one of the largest ships coming into this port, is on fire and has been burning all day. Eight engines are pouring water into her hatches. Her cargo consists of three hundred thousand bushels of wheat, and ten thousand bushels of cotton.

Cable Steamer Aground.

Seattle, Sept. 29.—The steamer Orizaba, engaged in laying the Nome cable, is reported aground in a dangerous position. The laying of the cable will be postponed till next year on account of this accident.

Aibion Mills Burned.

Mendocino, Sept. 29.—The immense plant of the Aibion lumber company here was destroyed by fire, this morning. The loss is \$150,000.

THE MINERS WILL WIN

The Operators Will Grant Important Demands.

TERMS NOT ANNOUNCED AS YET

Operators Refuse to Recognize the Union, But the Miners Will Not Prolong the Strike on That Account.

New York, Sept. 29.—The independent coal operators and others connected with the anthracite trade were to a brown study today regarding what action the presidents of the anthracite carrying roads are taking for the settlement of the strike. No one in authority could be seen by newspaper men, but there seems to be no doubt that an agreement had been reached to settle the strike and that the announcement was being withheld until all the details had been arranged. Not one of the presidents would admit this morning that a settlement was in sight and it is not probable that a statement will be given out today.

Strike Settlement Near.

Scranton, Pa., Sept. 29.—The excitement caused by the pending negotiations for a settlement of the strike has subsided this morning. The strike is really considered over and everybody operations must resume.

MOB KILLED DEPUTY SHERIFF.

Attempt Was Made to Lynch a Negro in Louisiana.

Houston, Tex., Sept. 29.—A special from Lake Charles, La., says: "All day there were rumors of the probable lynching of Pierre Scott, a negro in jail here because of a criminal assault on Mrs. Oswald, aged 73, a sister of Judge Gorman. About 8 o'clock an unmasked crowd gathered at the court house. One of the crowd called for Sheriff Perkins and demanded the keys to the jail. In the meantime Judge Miller addressed the crowd and told the punishment of criminals must be left to the courts. He then reasoned individually with the nephews of the negro's victim, Judge Miller urged the crowd to disperse and promised to take the case against the negro up tomorrow morning. On this promise the crowd broke up.

The Boers are Coming.

St. Paul, Sept. 29.—The Globe today says: "Hundreds and perhaps thousands of Boers will emigrate from South Africa to the United States and settle in the northwest. Theodore Van Grecht of Holland who has of late years made his home in the South African republic is in St. Paul to arrange satisfactory railroad rates over the western lines. An agreement will bring a large contingent of Boers to this country in the spring if conditions are favorable.
