HERPICIDE

Destroy the Cause, you Remove the Effect.

Newbro's Herpicide kills the dandruff germ which causes falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Stop dandruff, there'll be no falling hair, no baldness.

Have been using Herpicide, and have found it does all, and even more, than you claim for it. It not only cures the scalp, but it cures the hair, and prevents the hair from falling out, and produces a new growth. Have only used the quantity mentioned, and have seen hair on my head that I have lost for years. I also find that it keeps the hair soft and glossy.

Doings of the Candidates as They Tour the Country—Von Meyer to Succeed Draper as Italian Ambassador.

New York, Oct. 6.—Delegates to the Tammany senatorial convention of the twenty-first district, after an all-night session which resulted in a riot and necessitated calling out the police reserves, at 6 o'clock this morning agreed to adjourn the convention until night. It was a bloody session while it lasted. The leaders had a hand-to-hand contest while opposing delegates smashed each other with fists and furniture.

After the appearance of the reserves with Captain Welland, who threatened to shoot, Nagle, street cleaning commissioner, and President Haffen, of Borough Bros., agreed to postpone hostilities. The trouble started before the convention was called to order, by Nagle telling Haffen he had enough delegates to nominate his man.
