SUNDAY EXCURSION TO FRUIT FAIR

O. R. & N. to Run a Special Leaving Walla Walla 10:30 p. m., on Return.

A number of persons left for Walla Walla at 5:20 this evening on the mixed train. A great many more leave tomorrow morning on the excursion train which has been secured by the fruit fair management and will leave Walla Walla returning to Pendleton at 10:30 Sunday night. This will give the excursionists 12 hours in Walla Walla, permitting them to hear the famous Wagner military band and see the fruit fair during both afternoon and evening sessions.

The tendency on the part of Pendleton people is to give liberal patronage to the Walla Walla fruit fair, for the reason that quite a number of Walla Walla people came over here during the Pendleton street fair and harvest carnival. The inclement weather has cut down the attendance from Pendleton, a fact regretted here quite as much as in Walla Walla. Had not the rain come, there is no doubt that an immense crowd would have gone from here. It is hoped that tomorrow a large number of people will be on the train and swell the attendance on the closing day of the Walla Walla show.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

They Are Beauties.

E. L. Smith has just received a carload of Columbus and Racine buggies and hacks and has them set up for display. A large crowd was admiring them and they pronounced them "simply grand." Mr. Smith is giving a very low price on these goods—in fact he gives his customers the benefit of a cash discount and a saving on freight by getting them in car lots.

Is This Plain Enough.

If you have a nagging cough and are losing flesh, go to a drug store, and get a bottle of Shiloh's Consumption cure. Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25 cts., 50 cts. and $1 a bottle. Tallman & Co., leading druggists.

Low Rates to Spokane.

For the Spokane Industrial exposition, October 2 to 16, the O. R. & N. Co. names a rate of $8.05 for the round trip from Pendleton. Tickets will be sold October 1 to 16 inclusive and will be good for return passage five days from date of sale. Call at O. R. & N. ticket office for full particulars.

Five Things.

The five diseases for which Shiloh's Consumption Cure is especially recommended, are Coughs, Colds, Whooping Cough, Croup and Consumption. No medicine ever made by man is equal to it in any respect. Sold under a positive guarantee. Money back if it fails. 25 cts, 50 cts and $1 a bottle. Tallman & Co.

Notice.

All persons knowing themselves indebted to me will please call and settle their accounts. H. M. SLOAN.

THREE MURDER CASES.

THE RECORD BROKEN FOR UMATILLA COUNTY COURTS.

Four Persons to Be Tried for Murder of Frank Kelly, Annie Edna and James M. Crockett.

For the first time in the history of Umatilla county a woman is imprisoned in the jail charged with murder, and will be tried at the October session of the circuit court, which will convene next Monday, Judge W. R. Ellis on the bench. Nor is this the only record that will be broken. In addition to Mrs. Minnie Crockett, there are three others in jail charged with murder, to-wit:

Arthur Kelly, less than 12 years of age, for the murder of his father, Frank Kelly, about 25 miles east of Milton, on the morning of Wednesday, August 22; Columbia George and Toos-Foos, two Indians, for the murder of Annie Edna, an Indian woman, by poison, near the agency, on the evening of August 24.

The incarceration of Mrs. Minnie Crockett is the result of additional particulars of the death of her husband, which occurred near Milton at 20 minutes to 5 o'clock last Tuesday morning. At the coroner's inquest, Mrs. Crockett testified that she was aged 39, but she looks older than that. She was first married in Iowa to a man named Dean, one son, aged 20, being the result of that marriage. After the death of her husband, Mrs. Dean came west and was married to James M. Crockett in 1887, at Farmington, Washington, and removed a few years ago to near Milton. Three children are the result of this second union, Earl, aged 12, Flossie and Fern, 6 and 3 respectively.

A warrant was sworn out in Justice FitzGerald's court on Friday charging Mrs. Crockett with murder. She has announced that she will waive a preliminary hearing, and her case will go to the grand jury.

A Grand Jury Necessary.

Owing to the large number of criminal cases to come before the circuit court at this session, District Attorney Hailey will have a grand jury summoned. There are three murder cases, two rape cases, two cases of larceny from dwellings, larceny of a saddle, etc. There at present 16 persons in jail charged with crime or serving out sentences.

TRIP BY THREE

Mort Meach, Fred Drake and Kid Berry Have Big Time.

Mort. Meach, Fred Drake and Kid Berry, who started from Pendleton for the south about four months ago, returned Thursday afternoon. They visited the southern part of Umatilla county and continued their trip to Grant and Harney counties. They put in a portion of their time painting and sketching. They became greatly attached to Canyon City and Meach and Berry played with the baseball team against Burns at the Harney county fair held at the latter place on Tuesday, Wednesday and Thursday, September 18, 19 and 20. Berry played second base and fielded his position well, and his batting was also something that assisted his team to victory. Meach pitched the first two games and the last five innings of the third game. Canyon City won the three straight games by scores of 12 to 9, 19 to 12 and 19 to 17. There were nice purses offered for the games, $150 on the first, $200 on the second and $150 on the third.

All the games were exciting, but the closing inning of the third game was the hair-raiser. When Canyon City went to bat, the score stood 14 to 11 in favor of Burns. The first three batters for Canyon singled and Meach cracked out a three-bagger, tieing the score. Another Canyon City player, Stephens, singled and Chandler fouled out. Mr. Berry touched the ball on the trademark for three sacks and one run came in. Overhalt made a home run and Berry scored also. They made eight runs in the inning and Burns came up with the score 19 to 14 against them. They had made two runs when two were out and two baserunners were on second and third. A base hit would have tied the score, but Mr. Meach struck Angevine out with three pitched balls, which were worth $50 a piece to the Canyon City team.

Canyon Always Appreciative.

The Canyon City boys realize that they were in luck to have the assistance of Meach and Berry to the baseball team, or they wouldn't have been in it with Burns. Meach's pitching and baserunning and Berry's good fielding and batting were features. The full accounts of the games were written up by Fred Drake and published each morning in the Burns Morning Times-Herald.

The following is an extract from that paper:

"F. H. Drake, cartoonist for the Oregonian, who spent last week in Burns, left yesterday for Canyon in company with the ball team. The Morning Times-Herald, the most widely read daily in Oregon (the Portland Oregonian next) is under many obligations to this representative of the "west side," and hopes that he may soon make another visit to the "east side" metropolis. His pencil sketches took first prize at the fair, but luckily for us he left on Saturday, and, our newspaper instinct for notoriety, quickly prompted us to claim the exhibit for our own and make application for the premium.

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages. 25 cts., 50 cts. and $1 a bottle. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

FOR FREE LIBRARIES.

Conference Between Clubwomen and Portland Business Men at Hotel Portland.

The visit in Portland of Mrs. C. B. Wade, president of the State Federation of Women's clubs, has aroused discussion of the question of free libraries. Following is a partial account of a meeting held there Wednesday evening, as told in the Oregonian:

"At the invitation of the State Federation of Women's Clubs, a number of Portland business men and public-spirited citizens conferred with a group of free-library advocates last night in the parlors of the Hotel Portland, for the purpose of discussing the proposed library bill that Oregon women intend bringing before the legislature this winter. Although enthusiasm ran high, the talk was of a thoroughly practical nature, always logical and to the point, showing that the ground had been carefully prepared, and no necessary detail in the coming campaign was to be neglected. Mrs. Sarah A. Evans, chairman, opened the meeting, explaining that since Oregon women are not voters, but merely taxpayers, they desired the co-operation and advice of Oregon men on the important project they have in hand—the framing of the bill and its presentation to the legislature. Mrs. C. B. Wade, president of the State Federation of Women's Clubs, who had come to Portland from Pendleton for the express purpose of calling this meeting, then explained that every club in the federation had a committee actively engaged in working for the cause of free libraries, and that to her personal knowledge there was intense interest in the subject in the little hamlets scattered throughout the state.

"Mrs. Evans then further explained the study that had been given the subject by the clubwomen during the past two years, dwelling upon the different kinds of library laws existing in various parts of the United States.

Bill for Legislative Enactment.

"William L. Brewster, a trustee of the Free Library, dwelt upon the advisability of framing a bill that would be supported by public opinion, advocating a permissive bill. No other could by any chance succeed here in Oregon. The option of the legislative grants in the proposed bill should be left to the council rather than to the people, since local conditions favored the procedure.

"Rev. A. W. Ackerman inquired why it would not be feasible to obtain a permissive law first, and afterward follow it up with a compulsory law.

"Chas. J. Schnabel then read a bill which had been prepared by the Portland club women, and Judge Thayer's opinion was quoted, that if this bill could be passed, it would be constitutional. The bill authorizes a tax of one-fifth of a mill on the dollar for all taxable property in a municipality containing 2000 inhabitants, and the selection of a committee to expend the same, this committee serving without salary.

"Mrs. Wade was in favor of changing this so as to include small towns under 2000, emphasizing the fact that there is a strong sentiment in the little hamlets of the state, favoring free libraries. Mrs. A. S. Duniway, who has recently visited many out-of-the-way corners of Oregon, agreed with her, and suggested the elimination of 'towns of 2000 population,' and the substitution of 'incorporated towns.' She believed in bringing the matter to an issue at once, instead of waiting for a clamorous appeal from the people. Interest the solons and their constituents will do the rest."

INDIAN MARRIAGE AT WALLA WALLA.

To Be an Attraction at the Fruit Fair Tomorrow Evening

At the Walla Walla fruit fair tomorrow evening will be a genuine Indian wedding. Lee Moorhouse, of this city, has the arrangements in hand and states that everything is planned to bring off the event in faithfulness to details. He takes the participants over to Walla Walla Sunday morning.

The visit of the Umatilla reservation Indians to the fruit fair last Thursday was also in Mr. Moorhouse's charge. Friday night he was paying the Indians, and had a couple of dozen in his office, while Indian Policeman Brisbo assisted him in giving them the money. Each received $2.70 in silver, traveling expenses having already been borne by the fruit fair management. The Indians receiving the spondulacs were:

Chief Paul Show-a-way, leader.
Seque-ye-en, David Young Chief, Ume-sum-kin, White Thunder, Wa-ta-snoot, Ya-ta-min-et-sa, Julius Williams, (We yat-mox-mox), A-wat-to-yet, Ida-How-lish-te-mow-e-ne, Grace Black Elk, Alice Pat-e-wa, A-u-te-mut-si (squaw), Mary U-ma-ella-kas-set, Billy Joshua, Ta-wa-toi, Yat-mut-hi-hi, dancers.
Gilbert Minthorne, Red Elk, Black Elk, Ta-kop-she-me, drummers.
Ed Brisbo, special policeman.

The Indians gave three varieties of dances, the war, scalp and Piute, the last mentioned being especially interesting and new in this part of the county.

Two performances were given, one each in afternoon and evening, and the fruit fair pavilion was crowded to the limit of its capacity.

A Substitute for Coal.

London is trying to produce a substitute for household coal. Common peat, chemically prepared, is the proposed "new coal." Whether it will deplace the faithful old fuel remains to be seen. Time will weigh it in the balance and if found wanting, relegate it to the graveyard of failure, where so many imitators of Hostetter's Stomach Bitters, the great dyspepsia cure, may be found. This has been the only genuine cure for half a century. Every sufferer should try it for constipation, indigestion, dyspepsia, liver or kidney troubles, if he would be cured. Be sure to get the genuine with our private revenue stamp over the neck of the bottle. There is nothing as good for malaria, fever and ague, or to counteract rheumatism.
