Oct. 13.—The Liverpool market was 3-8 higher today, closing—2 1/4. New York opened 81 1/8 to 81 1/2 against 81 1/8 last night. Chicago was a free seller and the market declined to 80 5/8, and closed 80 1/2. The export shipments for the week were 1,342,855. We note that the three mills at Minneapolis, which closed down a week ago are going to resume, which confirms what many believed that the closing was done to affect the wheat market. The millers claimed the four market was unsatisfactory, but all other points reported large flour demand and the above shipments of wheat show no falling off in foreign demand. Stocks strong. BRYAN AND ROOSEVELT

These Political Stars Still Speaking and Touring.

BRYAN'S GREAT LANCASTER MEETING

Roosevelt Interrogates Bryan on Several of the Political Issues—Roosevelt Tours Kentucky Today.

Lancaster, Ohio, Oct. 13.—Lancaster furnished Bryan's best meeting in Ohio. Bryan denounced the state republicans charging that they drove Attorney General Monnett out of the office for daring to do his duty against the trust octopus in his state. At Circleville, where Bryan began the tour, he said: "Governor Roosevelt's questions and answers make a good campaign document which should be distributed without comment by the democrats. I shall not reply to them."

Bryan on Roosevelt. Cosperon, Ohio, Oct. 13.—At a meeting here Bryan said: "Roosevelt in his speeches asserts two positions as to the army. He has abandoned his advocacy of a standing army and is now hiding behind the substitute bill, providing for a temporary volunteer army, which measure advocated along with the treaty and the Bacon resolution." Bryan will rest tonight at Akron.

Roosevelt's Interrogatories. Evansville, Ind., Oct. 13.—Gov. Roosevelt concluded his Indiana tour last night, making two speeches in this city and speaking in both instances to large audiences. In his first speech Gov. Roosevelt put the following questions to Mr. Bryan: "First—If elected, Mr. Bryan, will you pay the obligations of the nation in gold or in silver?"

"Second—Will you refuse to accept the electoral votes of North Carolina because obtained without the consent of the governed and will you now at once denounce the action of your party associates who helped to nominate you for establishing by the constitution in North Carolina a doctrine that one man is good enough to govern another without his consent?"

"Third—Will you denounce your party associates in congress who voted on June 1, last, that the national government should not be given the power to control the trusts? You say that all trusts are bad, will you denounce by hypocritical your party associates who supported you on that platform and yet themselves are beneficiaries of the cotton bale, the whisky and the ice trusts? This question is not to be met by saying that there are trusts in which republicans are interested."

The point is a question of good faith, or hypocrisy. If all trusts are as bad as you represent them what right have you to be supported by and accepting the support of Senator Jones and Mr. Croker? Croker, who to a public denunciation of trust, adds a private membership in them.

Roosevelt in Kentucky. Henderson, Ky., Oct. 13.—A thousand people gave Roosevelt attention this morning and no signs of disorder were shown. In a speech he said he advocated a square deal for every man and that he be allowed to have his vote counted as it was cast. "So do we," said a voice from the crowd.

Roosevelt Talks of Bryan. Hopkinsville, Ky., Oct. 13.—Probably four thousand people heard Gov. Roosevelt in Union Tabernacle here. He said: "Bryan is afraid lest we shoot a Tagal bandit while he is firing on our American soldiers, but let him tell us why it was he came into this state to uphold fraud and dishonesty at the polls. When a party purveys its dark, devious way to suppress votes honestly cast, it is time to leave it." There were heard hurrahs in the back of the hall for Bryan.

WALLULA TO PORTLAND. A Railroad to Be Built Down the North Side of the Columbia.

Vancouver, Wash., Oct. 13.—L. Gerlinger, president of the Columbia valley railroad company, states that maps of the location and survey of the Columbia valley line extending from Wallula down the north side of the Columbia river to tide water have been accepted by the general land office here today. Gerlinger refused to say anything concerning the intentions of the company regarding the commencement of construction but it is generally believed the company is getting ready to commence work in the near future.

A surveying party has recently been over the line in the vicinity of this city setting grade stakes and is now understood to be proceeding eastward. The greater portion of the right of way of the line between this city and Wallula has been purchased. The general understanding here is that the Northern Pacific railway company is behind the enterprise.

The Trial of Youtsey. Georgetown, Ky., Oct. 13.—Youtsey's condition is much improved this morning but the lawyers for the defense argued for a postponement of the trial until next Monday and the motion was taken under consideration.

REBELS CAPTURE CITY.

They Intend to Make an Attack on Sung Tong and Canton.

Hong Kong, Oct. 13.—It is reported from Canton that the rebels have captured the city of Wai Chow, defeating the imperial troops sent against them. Sixty on both sides were killed. On the eleventh the rebels were attacking Tungkuon. If they are successful they expect to march on Sung Tong and thence on Canton. The rebels are alleged to be partisans of Kang Xu Wei, a Chinese reformer who is a refugee from China. The people of Canton are alarmed, although the reform leaders profess no hostile intentions toward the foreigners.

Dysentery Prevalent. Shanghai, Oct. 13.—Count Walderssee has directed a transfer of his headquarters to Peking because of the prevalence of dysentery at Tien Tsin.

Question of Chinese Criminals. Berlin, Oct. 13.—An official dispatch from Peking dated October 8 says that at the conference of representative of the powers to deliberate on the percentage named in the emperor's edict for punishment, it was decided that the nation of Tung Fu Siang and Yu Sien which are not included in the edict should be in the list. It was also agreed that the punishment proposed by the Chinese authorities for these officials is insufficient. Siang is the notorious anti-foreign general, and Yu Sien was the bloody governor of the province of Shensi.

San Francisco News. Kruger's Birthday Celebrated; Seattle Man Sets Up a Claim; the Striking Millmen.

San Francisco, Oct. 13.—Boer sympathizers in this city last night celebrated President Kruger's seventy-sixth birthday. Messages of congratulation and sympathy were sent to him.

WENT UP IN A HALLOON. Caught in the Guy Rope and Carried Up 1000 Feet.

San Jose, Calif., Oct. 13.—At a balloon ascension at the fair grounds last night G. H. Machado while playing with the guy ropes got them twisted about his neck and shoulders as the balloon started and was lifted up and carried along. When up in the clouds at one thousand feet he was pulled up by the aeronaut to the basket and saved. The excitement of the crowd was intense while the thrilling performance was taking place.

The Wisconsin's Trial Trip. San Francisco, Oct. 13.—The battleship Wisconsin returned this morning, after her trial trip, gaily decorated. She was saluted by the whistles of all the vessels in the bay.

"MOTHER" JONES TO MINERS

She Exhorts the Men to Accept the Half Loaf Offered.

EXPECTS TO INFLUENCE CONVENTION

Convention Called to Order This Morning, But Its Proceedings Are Strictly Private and Kept From the Public.

Hazleton, Pa., Oct. 13.—"Mother" Jones left here for Scranton this morning for the purpose of demanding a hearing before the miners' convention, presenting the demand that the radical element accede to any reasonable terms. She says if a fight to the death is invited the miners will be crushed by troops and the organization will be smashed. If half a loaf is accepted in another year she thinks the miners will be in shape to make still stronger demands. "Mother" Jones declares she will bring the convention to its senses because she can talk to the delegates as even President Mitchell can not.

The Miners Convention. Scranton, Pa., Oct. 13.—The miners' convention was called to order at 9 o'clock this morning. The work of the convention was strictly private and nothing so far has been given to the public.

Proceedings of Convention. Scranton, Pa., Oct. 13.—Mother Jones arrived here early this morning, and addressed the miners' convention. A committee on resolutions was appointed, and besides the talk of the delegates, that completed the morning's business. It is apparent that outside influences are at work. President Mitchell has been in close consultation with a stranger named Guernsey. Mitchell says he is a personal friend, but at the midnight session the suspicion gained ground that Guernsey represented some power involved in the strike. It seems very probable that the convention will close this afternoon without deciding on an acceptance of the ten per centum raise in wages and will make a counter proposition to the operators, including the abolition of the sliding scale.

CONDITIONAL ACCEPTANCE. Miners Name Terms—A Year's Agreement and Sliding Scale Abolished.

Scranton, Pa., Oct. 13.—Later in the day the feeling became more pronounced that, through "outside influence," some sort of a settlement would be effected before final adjournment this afternoon. The resolution committee went out, and in its hands was said to
