SOME POLITICAL NOTES
 Governor Geer in Pendleton on Sunday en route to Northern Idaho.
 Senator T. T. Geer was in Pendleton all of Sunday. He had been in Northern Idaho, campaigning for the politicians. He spoke at Boise, Caldwell, Cambridge, Glen's Ferry and one other town, where he had good success and great enthusiasm. The republican state committee had the day of Governor Geer's time assigned part to southern half of the state and part to the northern half. Governor Geer had not much to say about the republican campaign, preferring to meet the people here regardless of political affiliations. Many former friends and old-time acquaintances of Willamette valley called on him during the morning he was a guest of the representative J. B. Rensler.
 The Bryan club had no meeting Sunday evening, although it was announced that a meeting would be held. President, Col. Bailey, was unexpectedly busy in the criminal case against Al. Bachman, being of counsel for the defense, and the court was sitting, hence the court room was not available. A number of members during the court room, however, and listened to the trial of the case. Names being added to the membership list by the secretary, A. C. Haley.

doctor's hand and struck him. She was arrested and taken before Justice Manning, and the preliminary trial was set for 10 o'clock Monday morning. Later a warrant was sworn out by Nichols, charging her with dementia, and she was again arrested and will be taken to Bakersfield tomorrow morning to appear before the superior court.
 "The trouble came about through the death of Mrs. Ritter's husband some months ago when Nichols was the attending physician."
SOFT, GLOSSY HAIR.
 It Can Only Be Had Where There is No Dandruff.
 Any man or woman who wants soft glossy hair must be free of dandruff, which makes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned, and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dadd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair's falling out, but promotes a new growth. Herpicide keeps hair very glossy."

 F. F. WAMSLEY, Agent.

State Senator C. W. Fulton, of Astoria, is billed to speak here for the public on Saturday night of this week. He is one of the most popular orators who has ever visited Pendleton and always has a crowded house full to hear him.
\$100 Dollars Reward, \$100.
 The readers of this paper will be pleased to learn that there is least one dread disease of which science has been able to cure in all its ages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the cause of the disease, and restoring the strength by building up the constitution. It is a safe and sure cure. The only cure that offers one Hundred Dollars for each case that it fails to cure. Sent for trial free. Address: E. J. CHENEY & CO., Toledo, Ohio. Hall's Catarrh Cure is the best.

TO KILL DR. J. NICHOLS
 Former Pendleton Physician Escapes Narrowly Being Killed by a Woman.
 A special telegram to the San Francisco Examiner from Kamsburg, Calif., dated October 11, says, of Dr. J. Nichols, formerly a resident of Pendleton:
 "Considerable excitement was caused here this afternoon by an attempt on the life of Dr. Nichols by Mrs. M. E. Ritter.
 "The doctor was talking to some ladies in Mrs. White's millinery establishment, when Mrs. Ritter rushed upon him behind a curtain and thrust a loaded pistol in his face, exclaiming 'I'll kill you!'
 "The doctor seized her hand and drew it up, the hammer of the pistol being down on his thumb. In the struggle for possession of the weapon she got out in the street, when another woman took the pistol away.
 "In the struggle Mrs. Ritter bit the

APPAIRS OF PUBLIC SCHOOLS.

PRINCIPAL CONKLIN SAYS THE STUDENTS ARE WORKING.

Assistant Has the Boys Training for Athletics.

Four literary and debating societies have been organized among the pupils of the Pendleton public schools, one each in the Seventh and Eighth grades, and in the High School one for the young men and one for the young ladies. The High School societies will frequently hold joint meetings.
 "These societies," remarked Principal E. B. Conklin, in talking with the East Oregonian regarding the work and prospects for the year, "will be important adjuncts of the regular school work, and we by no means look upon them as trivial. All who have attended a collegiate institution will concede that the society work was invaluable, that to the credit of the training and fitness to enter the world was due."
 Athletics receiving attention. Athletics will receive considerable attention, this year, as it did last. When Principal Conklin and Assistant Roy Conklin came to Pendleton and took charge of the schools, they inaugurated a rational system of athletics which has been admittedly of value.
 The construction of the assembly hall, which is designed for the gathering of the entire student body on special occasions and for the holding of entertainments for the schools, is also to be utilized for indoor athletics. It is a fine, large room, exactly suited to the needs of the schools.
 "The boys are now engaged in some training preparatory for games that may be arranged with other teams," said Assistant Roy Conklin, who has charge of the athletics. "Running, the improving of the wind of the young men is the present program."

Week's Current News.
 The study of current news has been made an important feature of the public school work. A weekly publication is utilized which is printed for such purposes. During last year the young people kept up the study and at the commencement time stood an examination for the distribution of prizes offered by Dr. C. J. Smith.
 "The results were surprising, indeed," remarked Dr. Smith, in referring to the matter, "and the committee of award who looked over the papers were surprised at the progress made. I regard the current news study as invaluable, indeed. It should be continued faithfully. This is being done this year."
Enrollment This Year.
 The enrollment this year exceeds that of last. It is now nearly 700, and the attendance on Friday was about 650. The High School enrollment last year at the beginning of the fall term was 18. This year it is 50, with 28 young ladies and 28 young men. The enrollment will naturally increase during the year, probably reaching 750.
 "I mark a condition this fall vastly different from that noted a year ago," said Principal Conklin's closing statement of the interview. "All the teachers report a spirit of willingness to work, and in the higher grades this is also the case. Pendleton schools promise during the coming months to go forward to better things than have ever been accomplished before."

ATHENA BUDGET.
 Big Sale of Hay to the United States Government.
 Athens, Oct. 14.—Mr. McDaniel has just finished shipping the last of carloads of hay, about 800 tons, to Hunt's Junction, where there is a large compressor. This hay is mostly timothy, and was raised on the mountains east of here, and was bought by Mr. McDaniel from about six different farmers. It was hauled to Athens by ten four-horse and six-horse teams, and several weeks have been spent in getting it to the freight depot here and shipping it over the W. & C. R. railroad. It was worth in the neighborhood of \$12 per ton. The crop of hay was large in quantity, good in quality and high in price. It came to the depot here in small bales weighing from 100 to 125 pounds, and two bales will be put together in the compressor at Hunt's Junction and will be sold by Mr. McDaniel to the United States government, he having a big contract to furnish hay for army posts.
 Mr. and Mrs. Fred Mackley returned Saturday evening from a five week's trip to Spokane. Both come back benefited in health.
 Mr. and Mrs. Vic Shier left Sunday evening for a two weeks' trip to Portland and Astoria.
 Miss Myrick left Sunday evening for Pendleton.
 Miss Elva Rosenzweig, who is teaching school at Elkhorn, spent Saturday and Sunday at home.
 A. L. Swaggart raises a great many hogs at his ranch two miles north of town. He has about 250 at present. On Saturday morning he received a registered Poland China boar by express from W. W. Cotton's stock farm at Gresham, near Portland. The animal is three months old and is a good one.
 A. M. Gillis is fixing up a fine big lumber yard near the freight depot of the W. & C. R. & N., giving him excellent shipping facilities on both lines. He has just completed two sheds, one 20x200, the other 60x200, and will keep all his lumber under shelter. His stock of lumber is large and it will be all kept under lock and key.
 Among the visitors from abroad in this city in Saturday were the following: Mayor William Blair, William Knox, James McBride and C. W. Lionallen, of Weston; Julius Levy, of Walla Walla. Fisher is at Union, where she will remain during the winter.
 Jack and Bert Warren are visiting here from Union county, where they have a large stock farm several miles south of Hot Lake.

LAWTON SALOON CLOSED.
 La Fontaine & Co. Sued by a Baker City Concern—Smelter Attached.
 On Monday last the saloon in this city owned by LaFontaine & Co., of Pendleton, and under the management of Gus Finson, says the Lawton Standard, was closed by Deputy Sheriff Frank Lee under a writ of attachment issued out of Justice W. L. Brown's court at the instance of the Oregon Liqueur & Cigar Co., of Baker City, creditors of the firm.
 The suit instituted is for the sum of something like \$280 and the costs and disbursements of the action. This amount is alleged to be due plaintiffs from the defendants and they pray the court that judgment may be rendered therefor together with the accruing costs.
 An amusing feature of the legal proceeding was the little tilt between Mr. Tom Robbins and the deputy sheriff. Mr. Robbins has an interest

in the stock of liquors, cigars, etc., attached to the amount of \$100 for wages due him as barkeeper for Lafontaine & Co. The sheriff attached the stock of goods and closed the house under Justice Brown's writ, an act that was obviously wrong, and Mr. Robbins acting under the advice of his attorney Wm. B. Sargent, immediately assumed charge upon the officer's departure. Later the officer returned but failed to oust Mr. Robbins, and at last he was forced to remove the stock of liquors to another building. Mr. Robbins' men, however, still hold good.
Smelter Smelter Attached.
 The Smelter smelter has been attached for debt by the First Bank of Sumpter, Basche Hardware Co. and other local creditors. Mr. Meinhard, manager of the smelter, is now at his home in St. Louis, and the superintendent, Mr. Laughlin, is there also or somewhere else. The company only owes about \$1200 and it seems a little strange that they would permit an attachment to be served on the plant for so small a sum.

MUST NOT LEAVE TOWN.
 Two Genuine Beauties Who Must Find Homes in Pendleton.
 There must be among the thousands of well-to-do residents of Pendleton, two well-to-do homes who have the necessary wherewithal to purchase and the appreciation to own two of the most beautiful high grade pianos ever shipped to Eastern Oregon.
 One of them is the now famous new scale Kimball piano, an exact duplicate of this instrument as exhibited at the Omaha international exhibition and is in a case of fancy English mottled walnut. This piano sells in competition with any regular \$625 instrument that can be purchased. The other is a very fine medium grade piano that usually retails for \$350; but in order to wind up my affairs in Eastern Oregon with the least possible delay and avoid the expense of reshipment, I will sell these instruments at wholesale discounts.
 They are perfect pianos in every way, and will be fully guaranteed by Eilers Piano house of Portland. I must wind up my affairs here this week, and, if you are interested, please mail me a postal card in charge of the East Oregonian, and I will be glad to call on you with reference to the matter. As a further inducement, I will make the terms of payment satisfactory to any reasonable buyer.

PROUT REARRESTED.
 Taken to Wallawa County This Morning by Sheriff Cramer.
 The grand jury returned not a true bill against Bert Prout before it adjourned, but that did not release Mr. Prout from his troubles. He was immediately rearrested on a warrant from Wallawa county charging him with horsethefting. Fred Mackley, who was arrested here with Prout, but was discharged at the preliminary examination, has been under arrest and in jail at Enterprise ever since that time upon the same charge upon which Prout has now been arrested.
 H. C. Cramer, of Enterprise, sheriff of Wallawa county, arrived in Pendleton Saturday night and spent Sunday here discussing the situation with the local officials in regard to securing evidence. Several witnesses will be taken from this county to attend the trial. Court will convene at Enterprise in Monday, October 22. Sheriff Cramer left this morning for home accompanied by Mr. Prout, in order that they might not overlook anything in connection with the trial of horse thieves.
