"TENNESSEE'S PARTNER."

Many readers remember Bro. Harte's story of "Tennessee's Partner," and his many imitable stories of life in the far West. This story suggests the delightful comedy which will be seen at the Fraser Theatre Thursday evening, December 6. There has never been staged a play dealing with Western life that has had the pathos and the power of "Tennessee's Partner." It has...

Robbed the Grave.
A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes swollen, tongue coated, pain continually in back and sides, no appetite, gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Tallman & Co.'s drug store.

Thanksgiving Basket Social.
A basket social was given at Vincent school house, district No. 85, five miles west of Milton, on Thanksgiving evening. The attendance was large and the enjoyment great. An excellent musical and literary program was rendered, and all present had a general good time. One of the objects of the social was to raise funds for the purchase of a school library, and the result was most gratifying, as \$50 was secured for that purpose. W. S. Mayberry, who wields the birch in No. 85, is in Pendleton this week attending the institute.

Disease Cannot be Cured
by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed, the sound of the hearing is lost, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface. We will give one hundred dollars for any case of deafness cured by extracts that cannot be cured by Hall's Catarrh Cure, send for circulars, free. Sold by J. C. HENNEY & CO., Toledo, O. Sold by all druggists. *Hall's Family Pills are the best.*

THE NEWS OF PORTLAND.

The Board of Trade of That City is Endeavoring to Discover Cheap Coal.

Portland, Dec. 5. The board of trade will hold a meeting Thursday afternoon, and in all probability definite action will be taken by the members as to whether they will continue in their effort to secure an exposition for this city during the summer of 1902 or rather will follow the suggestion of the citizens who are assembled at the Citizens' Club Friday evening and decided to let the fair proposition drop as far as they are concerned. As it is known it was the board of trade that first took steps towards developing a plan of action to secure the fair or at least find out whether or not the people as a whole desired the exposition. Now that the project has been reported unfavorably by the members of the Citizens' Club it is the general belief that the board of trade will abandon the project and will forthwith effort to carry on an exposition, somewhat smaller in its scope, here next summer.

Another matter which will come up for consideration at the next meeting of the board of trade is that of securing coal for steam purposes at a reasonable rate. There is a great demand for such coal, but as yet the mine has not been developed that is to produce it. The secretary of the board has received several propositions from different parts of the state in which men who are the owners of properties where they believe are embedded such deposits are desired, offer to make some arrangement that will give interested parties an opportunity of developing the fields at a profitable figure. The board are determined upon one thing and that is to bring to light coal fields, either in this state or Alaska, that will make it possible to conduct business calling for steam coal, without purchasing the product of a foreign district at prices ranging from five to ten dollars a ton.

Representatives of the different subordinate boards of trade that have been organized in the city during the past week, will be present at the meeting Thursday afternoon.

Internal Revenue Receipts.
Collector D. M. Dunne and his corps of assistants at the revenue office have just received the last of the reports for the month of November, when they found that Dr. King's New Discovery for Consumption had completely carried off a backing cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this royal cure, "It seems removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like ascending the spires throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c. \$1. Trial bottle free at Tallman & Co.'s.

DETAILED A TRAIN.
Body of a Man Threw a Freight Train From the Track.
A laborer named John Wilson was run over and instantly killed by a freight train on the O. R. & N. Monday night a few miles east of Hood River. Wilson was going directly across the track in state of intoxication, when the train approached, and although seen by the engineer, it was impossible to stop the heavy freight train in time to save the unfortunate man. The engine and four cars were thrown off the track, obstructing the line for several hours. Wilson's remains were taken to The Dalles, and an inquest will be held. He was employed by the railroad company as a blacksmith, and it is said leaves a wife and child in Denver.

Is This Plain Enough.
If you have a nagging cough and are losing flesh, go to a drug store, and get a bottle of Shiloh's Consumption Cure. Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25 cts., 50 cts., and \$1 a bottle. Tallman & Co., leading druggists.

Worse Than War.
Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages, 25 cts., 50 cts., and \$1 a bottle. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

As to Prescriptions

When physicians recommend you to have them compounded by us, what does that mean? Simply the certainty on their part that you will get exactly what is prescribed—the right quantity and the right quality, which is even more important. But we go further than that, for we take honest pride in our skill in compounding.

Because it is not large sums of money or great fortunes that produce the greatest amount of happiness, but it is the little ready cash that is so handy at the right time. Because by making a small monthly payment into the Pacific Fraternal Relief Society, you can secure for yourself and those dependent upon you, a financial benefit that will take the place of your weekly earnings, at the time of your adversity and thereby protect yourself, your family, your estate, your insurance and your peace of mind.
