FIRST SHIPMENT OF FLOUR.

Left the Columbia River for China in 1855.

The first shipment of flour ever made from Oregon was 300 barrels, which Captain H. C. Leonard took to China in the bark Metropolis, in 1855. It was not known then that flour could be carried on a long voyage in sacks, and Captain Leonard had 300 barrels made from flour in a mill at Oregon City, owned by Dr. McLaughlin. He took the flour to Hong Kong, where it was sold by Captain Crosby, an American in the commission business there, to a Chinese baker, and he received \$10 a barrel for it. Mr. Leonard—only a few of whose oldest friends call him "Captain"—now—had a little idea that there would be so much flour shipped from Oregon as it takes to supply the China trade now, and probably no one had any idea, as experts now say, that within a few years the surplus flour made in this state.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a humming sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which, if nothing but an ordinary medicine is used, will destroy the hearing. We will give you hundred dollars for any case of deafness cured by our method. The cure is guaranteed. Write for our circular. Address, Bishop Remedy Co., Toledo, O.

Disease of Sheep.

The bacteriological department at the state agricultural college experiment station is working on a disease of sheep. Half a dozen sheep have died on a neighboring farm. The owner suspected leech, but a liver brought to the station proved contrary. Instead a germ was found identical with germs found in the remains of goats, among which there was a wide fatality in Alaska about a year ago. The local department was unable to classify the germs at the time, and samples were sent to the bureau at Washington, but up to the present no report of classification has been received. The local department is now provided with lower

A STRONG, GOOD PLAY.

It Will Be at Frazer's Opera House in Pendleton Tonight.

The East Oregonian does not often recommend a troupe or a play, unless it is done in these columns in a "paid reader," in which this paper's name does not appear. This is no paid reader, and the reader can make a note of it.

"Old Jed Prouty," that true and sweet idyll of New England rural life, will be given at Frazer's opera house tonight and it is well worth seeing. The presentation will possess beauty and strength, as the play is one of the most genuine and heartsome of American dramas of the west.

Richard Golden wrote "Old Jed Prouty" many years ago, and after making a tremendous success with it he laid it on the shelf for several years, to revive it a few months ago. Its revival has proved wise, for it has given Golden the best opportunity he has ever had to reveal true genius as a character actor. In the character role he is wholly delightful. It is probably one of the most faithful and artistic rustic character portrayals on the American stage. Every idiosyncrasy of gesture and speech is karat masterpieces of the man, and his naturalness thus gives his work remarkable power.

May Vokes Wednesday Night.

The attraction of the season comes to the Frazer on Wednesday evening of this week, when the Myron B. Rice Comedy company will present H. A. Du Souchet's eight-act karat masterpiece of humor, "My Friend from India," interpreted by the very best company that has ever played the piece, headed by the unique comedienne, Miss May Vokes, who will be seen in her original character of "Tilly," the eccentric girl amounting to a character made famous by her and played by her continuously for more than one thousand nights. This year Miss Vokes is doing for the first time a unique song and dance, said to be execrably funny. A distinctly metropolitan cast surrounds her, with names as follows: Walter E. Colligan, Lute Vroham, Sidney Lee, Lewis Peters, Millard Simpson, Wm. T. Grant, Frank Hall, Oscar Luckstone, Rose E. Tapley, West Temple and Emma Chase.

TO KILL THE DANDRUFF GERM.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff nor is about to get it. In nearly every case where women and men have thin, brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, you remove the effect."

DEATH FROM PNEUMONIA.

Mrs. J. C. Cherry Passed Away Sunday Morning.

The death of Mrs. J. C. Cherry occurred on Sunday morning, December 9, at 10 o'clock, at her home in North Pendleton, of pneumonia. Deceased was about 60 years of age and was born near Bunton, Cooper county, Mo. She had been a resident of Umatilla county for 13 years, loved and respected by her friends and acquaintances. Funeral services will be held in the Presbyterian church Tuesday forenoon at 10 o'clock, conducted by Rev. F. L. Forbes, of Pendleton academy. Interment will be in Olney cemetery. Deceased leaves four grown sons and daughters, as follows: Mrs. J. E. Miller, Pendleton; J. S. Cherry, Pilot Rock; J. E. Cherry, principal of Adams public school; Eugene Cherry, Missouri; Mrs. Mollie Adams, Atoka, Indian Territory.

THE CLERKS' UNION.

Organization Perfected Sunday and Officers Elected.

The meeting of the clerks at the court house Sunday afternoon at 2:30 o'clock for the purpose of organizing a union, was attended by about 50 of those who are engaged in employment. The union was duly organized and the following officers were elected: C. A. Eppinger, president; Fred Earl, secretary; Miss Edie Frazier, treasurer. A committee of five was appointed on constitution and by-laws and a meeting will be held in the court room on Wednesday evening, December 12, to listen to and adopt the suggestions it may make.

The clerk's union will commence business with nearly 100 members, practically all there are in Pendleton, and in addition will have the best wishes of almost all the merchants of the city.

The fact that it will cost \$200,540,000 to construct the Nicaragua canal was the surprising feature of the preliminary report of the Walker commission, which was transmitted to congress. The enormous expense is due to the recommendation of the committee for a canal carrying 35 feet of water.

Sick headache absolutely and permanently cured by using Moki tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cents and 50 cents.

As to Prescriptions

When physicians recommend you to have them compounded by us, what does that mean? Simply the certainty on their part that you will get exactly what is prescribed—the right quantity and the right quality, which is even more important. But we go further than that, for we take honest pride in our skill in compounding.
