Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been misled with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up—driven from the surface to break out again, and to their sorrow and mortification find those marks and scars to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this. Often a bad case of Rheumatism, Catarrh, Scrofula or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early childhood.

The Sin of the Parent. Life, for it means smoldering in the system forever, unless properly treated and driven out in the beginning. S. S. S. is the only antidote for this peculiar virus, the only remedy known that can overcome it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease to embarrass or humiliate you afterwards.

cures Contagious Blood Poison in any and all stages; contains no mineral to break down your constitution; it is purely vegetable and the only blood purifier known that cleanses the blood and at the same time builds up the general health.

Our little book on contagious blood poison is the most complete and instructive ever issued; it not only tells all about this disease, but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it.

A FINANCIAL PANIC THREATENS IN GERMANY.

TWO BANKS HAVE CLOSED DOORS

One of Them the Hypothek Bank, Which Was a Big Concern—A Financial Crisis is Being Experienced in Berlin.

New York, Dec. 14.—A dispatch to the Journal and Advertiser from Berlin, says:

The pessimistic speech of Baron Fieischmann, secretary of the imperial treasury, in the Reichstag Monday, in which he told the country to prepare for a period of hard times, as the financial situation was gloomy, has caused a sensation in the money market.

There has been such a slump in the price of mortgage bonds that unless confidence is restored the economic stability of Germany will be imperiled, some of the banks and bankers may find themselves in serious difficulties and a financial crisis of unparalleled gravity may be precipitated in Berlin. The First Preussische Hypothek bank and Deutsche Grundschuld bank are unable to meet the strain and the government has appointed receivers in both cases.

RADICAL ELEMENT DOWNED.

The Conservatives in the Federation of Labor Control. Louisville, Dec. 14.—The conservative element in the American Federation of Labor voted down two resolutions championed by the radicals.

One was a bitter pronouncement against trusts and monopolies in general and the other a declaration in favor of a co-operative commonwealth and government ownership and control of all means of production and distribution. For both of them much more moderate substitutes were adopted after long debate. Throughout the debate the opponents of the resolutions claimed socialism as the only solution of the industrial problems.

They have informed the court that they are hopelessly of different minds as regards Miss Morrison's guilt, and that they have stopped balloting in the jury room. It is considered likely that the judge will let the jury stay out the remainder of the week.

DROWNED IN LAKE BENNETT.

Two Men Lose Their Lives While Their Wives Look on.

The news has only just been received at Baker City, says the Democrat, of the death by drowning of Clayton Shocks, a former resident of Baker county, who met a watery grave in Lake Bennett several months ago, together with a companion by the name of Will Hillyer, of Helena, Montana, a traveling companion. The accident was a very sad one. Both victims were grown up of a few weeks, and their brides stood on the shore about one hundred yards distant and watched them go to their doom. Both couples were enroute to Dawson, and the men had started across the lake for the balance of their outfit, when their canoe capsized. The brides started to push out to their assistance, but were warned back by their husbands, who finally sank. Shocks had \$400 in his clothes.

McGOVERN WHIPS GANS.

HE IS NOW THE UNDISPUTED LIGHT WEIGHT CHAMPION OF THE WORLD.

The Victory Came in the Second Round in Two Minutes and Five Seconds.

Chicago, Dec. 14.—Terry McGovern is now the undisputed light weight champion of the world. He knocked out Joe Gans of Baltimore after two minutes and five seconds of fighting in the second round here last night. Gans put up a very poor exhibition and was never in it at any stage of the game. McGovern started rushing him at the sound of the gong and never let up until Gans was counted out. Gans never delivered an effective blow during the fight and for a man of his reputation he made a fight which will gain him no friends among the lovers of true sport in the ring.

Dewet, the "fox," is still aloft and running to cover at Reddersburg, with his pursuers close behind. It has been a wonderful fox hunt and has not yet ended.
