SAVING THE O. R. & N. CO.

H. Hurlbert, General Passenger Agent, resigns to take up other work.

The resignation of W. H. Hurlbert, general passenger agent of the Oregon Railroad & Navigation Company for nearly nine years, removes one of the brightest men in that service and one of the most popular railroad men in the country. His resignation is to take effect January 15. His successor has not yet named. Mr. Hurlbert has agreed to identify himself with the Lewis & Whitehead Banking Company, of Portland, of which Fred S. Lewis, well known in Portland, is the owner. The electric road, running between Portland and Oregon city, was recently purchased by Morris & Whitehead. A reorganization of this line seems to be imminent. Mr. Hurlbert will become the president of the new company, which is to be known as the Portland and Oregon City railway company.

W. H. Hurlbert entered the railroad service in 1870, and has been in the service for 30 years, without a vacation of more than a week at a time. He was at first passenger agent of the Missouri railroad, then traveling agent of the Burlington & Missouri river. In 1875 he was appointed North-western passenger agent of the Chicago, Burlington & Quincy, and subsequently became general traveling agent that road. January 1, 1876, he was appointed general passenger agent of the Chicago & North Western, and in September, 1881, he became general passenger agent of that road. On April 10, 1884, to January 1, 1885, he was general Western agent of New York, Lake Erie & Western, Chicago. Then he spent a year as general passenger agent of the Chicago & North Western, at San Francisco. When he was transferred to the same position at Portland, and kept it until 1906, when he was made general passenger agent of the O. R. & N. Co., a position which he now retains.

Both as a railroad man and as a citizen, he is faithful, sincere and honest. He is also a Connecticut stakeholder, having soon the light of day in Hartford. His age is one of the mysteries of his life. He is both handsome and popular, and a gentleman in every sense of the word. He owes the O. R. & N. Co. with its confidence and good will, as well as that of the public. He will be quick to show his worth in his new line of work.

Is your Hair worth One Dollar?

If so, buy a bottle of Newby's Herpicide and stop that dandruff that is newly but surely rendering you bald.

NEWBY'S HERPIDICE
The only preparation on the market that really will stop it, for it is the only one that kills the microbe that works on the hair root, thus destroying the cause and consequently removing the effect.

One trial will convince you, the same as it has this "doubting Thomas":

San Francisco, Cal., Dec. 1, 1906.
When I bought that bottle of Herpicide, I thought I would give it a trial. I am happy to state that it does all, and even more, than you claim for it. My hair is growing rapidly. Respectfully,
A. E. KELLY, 206 Desdemona St.

MORE FOOTBALL PERHAPS.

Talk of having the Heppner team come to Pendleton to play.

W. E. Brock, of Brock & McComas, and T. W. Ayers, jr., of Tallman & Co., were quite well pleased at news received from Heppner yesterday. Lewis Matlock, of Heppner, who is visiting here, as well as a number of Pendleton people who are friendly to the people of Morrow county's capital, also came in for an elation more or less pronounced. The reason for this was given in telegrams and telephone messages received announcing that the Heppner football team had defeated the Multnomah team on Friday, the 11th, by a score of 10 to 0, the game taking place on the grounds of the victors.

The result has given a galvanic shock to the sport of football in Pendleton, and there is now some talk of inviting Heppner to come to this city to play the Pendleton academy team. The latter has passed through the season without a defeat and with four creditable victories to its credit, and there are many who would not wonder just one, only one more game before the boys pack their suits away with campbor gum protection, not to be disturbed until next year. The team could easily have Templeton, the coach, who is now at Lewiston, Idaho, come back and play, in case the game should be arranged. Lester Lewis is at Portland, and he, too, could be secured. A final decision has not been reached, and Manager Robert Pond will think the subject over and discuss it in its various bearings, before announcing the result.

Paris Exposition Prizes.

The United States received more prizes at the Paris exposition than any other nation, except France. The total being 181. It is also a remarkable fact, that through the exhibition every country suffers from digestive troubles, and though every clime offers some alleviative therefrom, it remains for America to produce an absolutely reliable remedy for such common diseases. This remedy is Hostetter's Stomach Bitters. Half a century ago it was placed upon the market, and from that day to this, it has never been equaled. It has an almost unparalleled record for the cure of dyspepsia, indigestion, constipation, sick headache, sour stomach, belching, heartburn, nervousness, fatigue, injury, or any other disturbance of the stomach. Be sure to give it a trial.

GAMAS VALLEY NOTES.

Dr. M. V. Turley is a Very Sick Man at Alba; to Pettition County Court.

The East Oregonian is indebted to the Ukiah Sentinel for the following items:

Walt Boynton was on the sick list last week.

A telephone line between here and the interior would be a paying proposition for some body.

Southern Umatilla county is capable of supporting twice its present population. If you are looking for a location it will pay you to inspect this section.

Mr. Keeling and wife of Pendleton were in town Sunday on their way to Middle Fork, where Mr. Keeling has a position as foreman of the Sam Reynolds ranch.

Mrs. M. V. Turley arrived at Alba early Tuesday morning from Walla Walla, to be at the bedside of her husband who is a very sick man at that place.

Quite a number of teams are hauling logs to Deepain's sawmill at present. If the present weather continues for a month people can get lots of lumber, all kinds at the Ukiah sawmill in the spring.

A petition will be presented to the county court at its next session asking that the public square in Ukiah be laid off into lots and sold, and the proceeds used for the construction of a public hall. If the court grants the petition, which it undoubtedly will, some choice business lots can be secured.

THE PILOT ROCK NEIGHBORHOOD.

One Case of Smallpox at Pilot Rock and Several in the Vicinity.

Pilot Rock, Ore., Jan. 11.—A very pleasant surprise party was given Grandma Folsom Wednesday evening in honor of her 67th birthday.

Mrs. Frank Wright is visiting her parents, Mr. and Mrs. Ogilvy, on Birch creek.

Mrs. Gault and Mrs. Acton visited Mrs. Luhrs Wednesday at her home on Stewart creek.

Born to the wife of Lou Knotts, a son.

Frank Done, who has been ill with smallpox is recovering. There are several more cases in the vicinity, but this is the only one reported in town.

The musicale given at the home of Mr. and Mrs. A. C. Hemphill Tuesday evening was very pleasant affair. After listening to some choice selections the guests were invited to partake of a beautiful luncheon. Those present were: Mr. and Mrs. A. C. Hemphill, Mrs. J. M. Hemphill, Mr. and Mrs. Cottrell, Mr. and Mrs. Sunderland, Miss Warren, Etta Smith, of Eugene, Adella Mulkey, Geo. Carnes, Steve Done and Carl Hemphill. Little Hazel March has been quite ill for several days but is now convalescent.

W. H. Evans is in Pendleton this week attending the bedside of his wife, who is ill at that place.

There will be a basket social at the Plainview school house Friday evening, it being the close of Miss Eva Warren's school. —VOX.

SPORTSMEN HOLD MEETING.

Butte Handicap System Will Be Used in Gold Medal Contest.

The Pendleton Sportsmen's Association held a meeting last evening at which there was a good attendance and much interest. The question of great pitch and moment was the manner of deciding ownership of the elegant new gold medal. After plenty of discussion and comparison of views it was decided to award the medal to the best shooter according to the Butte handicap system. The members of the association are divided into four classes, as follows: H. J. Stillman, A. D. Stillman, J. M. Spence, William Heck, Fat Turner, C. Hamilton, A. L. Dopson and F. W. Waits constitute the first class. The records of the club show that they average breaking 80 per cent or more of the bluebrocks thrown from the trap. They are entitled only to the number they break. There are no members in the second class at present but it would include all whom the club records show have broken on an average between 75 and 80 per cent of the targets thrown. If there were any members in this class they would be allowed a second trial at 25 per cent of the bluebrocks missed on first trial. The third class is composed of Bill Lane, Orve Turner and Drew Griffin who have been able to break from 65 to 75 per cent of bluebrocks thrown out for them to blaze away at. They will be allowed a second trial at half the number missed on first trial. Altogether members of the club constitute class D who

have not been able to break 65 per cent of bluebrocks shot at. They will be allowed a second trial at all missed on first attempt.

Time, Place and Number.
The contest will take place on the second Sunday of each month, commencing at 10 o'clock a. m. Each member will be allowed to shoot at 25 bluebrocks on the first round. The extra chances to be given him will then be decided according to the above stipulations. A careful record of the shooting will be kept.

The winner of the medal will be entitled to possession thereof for one month only at a time. No matter how many times a member may win it consecutively it does not become his property. The medal shall always remain the property of the association.

RAISING \$10,000 IN SALEM.

The Money is to Be Used to Establish Y. M. C. A. Branch.

Salem people are subscribing to a \$10,000 Young Men's Christian Association fund. Already there is one pledge of \$1000, two of \$500 each and six of \$100 each. The committee having in charge the raising of the money are out in a card asking for four more \$1000 subscriptions. If the full amount of the fund is to be raised one would think that many more \$100 subscriptions would be needed, and several larger ones as well. To raise \$10,000 it is necessary to secure at least 40,000 25 cent subscriptions. The "little fellows" usually give out one-half of any fund raised by subscription, and it is almost impossible to secure more from them. If the "big fellows" subscribe only "little fellow" amounts then the subscription is bound to be a failure. Those who start out to raise funds by subscription must remember that it is necessary to secure at least one-half the amount they need before they commence taking subscriptions, which do not amount to fully 2 per cent of the face of the full amount they wish to raise.

TO THE POORHOUSE.

The Prudenciam of a Farmer Citizen of Grant County.

Herman Worcester, aged 73 years, has just become an inmate of the Multnomah county poorhouse. He had no other place to go in his old age. Mr. Worcester settled in Grant county, Eastern Oregon, where he obtained a fair start years ago. He worked hard, it is said, and when he came to Portland in 1881 he was independent, and had an opportunity to profit by the speculations in booming real estate. He handled his savings cautiously and placed several hundred dollars in the Portland Savings bank, where he supposed that it would always be safe. But the upheaval of the unnatural conditions in the new community came, and his savings, like many others, were swept away. He never recovered enough to pay for a month's keeping. The reflection that he was among the old-timers and that the chances of fortune went against him is the most dismal portion of the old man's lot. He has a brother whose whereabouts are unknown.

The death of Mr. Rynearson having occurred May 23, 1899.

As to Prescriptions

When physicians recommend you to have them compounded by us, what does that mean? Simply the certainty on their part that you will get exactly what is prescribed—the right quantity and the right quality, which is even more important. But we go further than that, for we take honest pride in our skill in compounding.
