DEATHS ARE LAID TO REST.

Specials Declare Themselves on a Buried Matter

A couple of months ago several cases of smallpox, the city health officer in a position to handle with himself in connection with the disease.

It becomes necessary at this point to look back on the several months ago when the epidemic broke out. First, in the case of the family of the late William Bollinger, who resided on 12th and 1st streets. There has been a thorough examination by Health Officer Dale, all reports to the health officer in connection with the disease have long since passed and the quarantine against the persons who were in contact with the disease has been removed.

One Case in Postoffice. A man arrived on the train at 5 o'clock Sunday evening from North Bend. He was sick and was taken to the city jail, where he remained all night. On Monday, upon examination, he was found to have smallpox removed to the postoffice building for a few days at least, to get well.

Five Minus. A disease for which Shillit's Consumption Cure is especially recommended, are Coughs, Colds, Whooping Cough and Consumption. No other cure made by man is equal to it in any respect. Sold under a money-back guarantee. Money back if it does not cure you. 25 cts. 50 cts. and \$1 a bottle.

HERPICLE
Destroy the Cause, you Remove the Effect

Newbro's Herpicide kills the dandruff germ which causes falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Stop dandruff, there'll be no falling hair, no baldness.

For Sale at all First-Class Drug Stores.

Address VAN ORSDALL & ROSS,
Pendleton, Oregon.

THE BAKER CITY ILLIHEE.

Given a Birthday Party. Clarence E. Penland attained to the age of 21 years on Monday, January 14, and on the evening of that date, his parents, Mr. and Mrs. L. E. Penland, gave him a birthday party at their home on High street. A number of relatives of the young man, as well as boys and girls, schoolmates at the Pendleton academy, filled the house and enjoyed themselves during the evening by playing various games and by partaking of delicious refreshments prepared by the skillful hands of Mrs. Penland. One game in particular which provoked merriment was that in which a tumbler of flour and a ring played a prominent part. In this game the victim was the young man in whose honor the party had been given. Heartily congratulations were tendered to Mr. Penland upon having attained his majority.

Basket Ball Girls Practicing. The basketball girls of the Pendleton academy have received their suits and are practicing every day in the Assembly hall on the hill. The red blouses tastefully trimmed in white braid suggest the Academy colors. Prof. Roy Conklin, of the public schools, is superintending the coaching of the team. After a few weeks practice the Academy team will issue a challenge to some of the other local clubs.

Local Market. Pendleton dealers are paying the following prices for ranch and farm products:

Butter, 40 to 60c per roll.
Eggs—30c per doz.
Potatoes—30c per sack.
Parsnips, 60c per sack.
Cabbage—40c per pound.
Turnips, 75c per 100 pounds.
Turkeys—\$1.75, 10c per pound.
Geese—\$1.00 per dozen.
Chickens—\$2.50 to \$4 per dozen.
Ducks—\$4 per dozen.

CASTORIA
Bears the signature of CHAS. H. FLETCHER.
Is used for more than thirty years, and
The kind you have always bought.

What about your railroad? There is much talk about various proposed railroads and extensions, but so far most of them are paper roads. There was a Salt Lake man in Baker the other day advising his friends to make no more further investments there, because he said he knew we were to be wiped off the rail road map. Now that man was talking through his hat. I met C. W. Nibley yesterday in Portland. He is the vice-president of the Snaker Valley railroad. Mr. Nibley says the Salt Lake man's story that the Snaker Valley will complete its extension from Sumpter to Clifford and will probably build on through to Prairie City. It is also reasonable to expect that W. L. Vinton will build 60 miles of railroad from Baker City direct to Ballard's landing, going down the Powder river. He has just opened his general offices in the new block on Center street and is organizing his force. I understand his surveys have all been made and the right of way secured. This railroad will open up the big copper group, and the Snaker Valley grade runs northeast of Baker into market. When asked about the road the other day, Mr. Nibley said he had nothing to give out one way or the other, but there are some close guesses who believe he is the man and that the road will go through this season.

The tax levy is higher. Twenty-five mills this year as compared with eighteen last. The county court has placed the tax levy at 25 mills this year as compared with 18 1/2 mills last year. Notwithstanding this higher levy the amount raised in taxes will be only between \$1,000 and \$1,200 greater than in 1902, owing to the falling off in the total of assessed property. The assessment of Unadilla county last year was based on an assessed valuation of \$6,389,038, while that valuation this year has dropped to \$5,984,960. The levy is divided this year as follows: State, 5 7/10 mills; school, 5 mills; general fund, 12 1/2 mills; roads 2 mills; coyote scalp, 1/4 mill; total, 25 mills. In addition a poll tax and a tax of one cent on each sheep in the county will be collected. The school and coyote scalp tax remains the same this year as last. The road tax is doubled as it was but one mill last year. The general fund tax rate has been raised from 5 7/10 to 12 1/2 mills. Last year the state was 6 3/4 mills which is cut down this year to the figure above mentioned. As there are 217,000 sheep in the county the income from that item will be over \$200,000.

Peppin preparations often fail to relieve indigestion because they can digest only albuminous foods. There is one preparation that digests all classes of food, and that is Kodol's Peppin cure. It cures the worst cases of indigestion and gives instant relief, for it digests what you eat. Tallman & Co., leading druggists.

VILLARD WAS IN COLORADO.
One of a group of explorers in the year 1850.

One of the episodes in Villard's career was his exploration of Colorado in 1850, says the Review of Reviews. The fact that he found out that part of the world, and was interested in it when he was a very young man is quite curious and little known. He was one of a group of explorers who fixed upon the site of Denver as the correct place for a city. He, with a dozen others, owned the land upon which Denver stands, and had widespread claims in the surrounding country. He did not 'hit it' there, either in gold, silver, lead, copper or alfalfa grass, and sold out his interest—one thirtieth, I think, taking in payment a wagon, a pair of blankets and buffalo skins, boiled ham, a shotgun, with ammunition, and a short supply of ready money—that is to say, transportation to the outposts of civilization northward. While approaching the end of his journey, Fort Leavenworth, he 'saw' way off in the horizon, a dark speck that resolved itself into a horse and buggy. As the day wore on and the wagon and buggy met, there appeared 'Old Abe' himself, who was out in Kansas on law business. The two lonesome travelers rested their horses, while they had a great talk about 'bleeding Kansas' and the growth of the west.

Governor Hunt, of Idaho, has abolished the famous permit system in the Coeur d'Alenes established by Governor Stoneberg soon after the riots of April 29, 1899.

HOYT'S DASTARDLY DEED.

A Jute Knife Used on a Fellow Convict Named Olsen. Fred Hoyt, convict No. 434, stabbed and seriously injured Maurice Olsen, a fellow prisoner, at the penitentiary at Walla Walla Saturday. The weapon used was a jute knife, and the warranted attack was made inside the mill at the prison and in plain sight of 250 'cons' and guards. Olsen will live. Hoyt has been placed in 'the hole' and will be taken in charge by the county authorities. The sequel to the George Reif murder case. Six years ago Fred Hoyt killed George Reif with an axe while both men were working on a ditch inside the prison walls. He was tried, found guilty of manslaughter, and sentenced to 20 years additional service for this crime. His mania for murder again cropped out with the result that Maurice Olsen, a Swede, and a prisoner of exemplary conduct lies at the point of death. The crime for which Hoyt is serving a 20-year sentence was committed inside the prison on January 21, 1895, and consisted of the beating to death of George Reif. The weapon used being an axe. The two men were engaged in digging a ditch in the brick yard and the assault was committed at a time when the guards could not fire without risk of killing innocent parties. The trouble resulted from the connection of Reif with the evidence which caused Hoyt's conviction on the first charge.

No Right to Ugliness. The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys, and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c at Tallman & Co.'s drug store.

As to Prescriptions

Governor Roosevelt shot his first mountain lion Saturday afternoon near Meeker, Colo., after following the animal for more than two miles. The lion, which had been tamed, sprang from his perch toward the party and narrowly escaped striking Dr. Webb, one of Roosevelt's hosts. The governor fired at the animal, hitting him fairly while in the air and saving Dr. Webb from probable serious injury.

R. B. Abernethy of Seattle won the grand prize of the Washington horse at Olympia early Monday morning after a hard race. He won by effecting a combination of King county, the northwest delegation and the southwest delegation.
