THE FIRST STEP

To baby's health must be taken before baby's birth. The child can have no more health than the mother gives it. A healthy mother, strong of body and cheerful of mind, will endow the child with her own physical health and cheerfulness of disposition.

Many a wife who had dreaded motherhood because of past experience of prenatal misery of mind and body has found a new era open to her with the use of Dr. Pierce's Favorite Prescription. It gives vigor and elasticity to the organs of maternity, so that the birth hour is practically without pain or suffering. It enables the mother to provide a plentiful supply of healthful nourishment for the healthy child. It makes weak women strong and sick women well.

There is no alcohol in "Favorite Prescription" and it is absolutely free from opium, cocaine, and all other narcotics. Sick women are invited to consult Dr. Pierce by letter: free of charge. All correspondence strictly private and sacredly confidential. Address: Dr. R. V. Pierce, Buffalo, N. Y.

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, Mills, Northumberland Co., Virginia, "before my third little boy was born. I took six bottles. He is the finest child and has been born with no constitutional weakness. I undoubtedly saved my expectant mothers to use the 'Favorite Prescription'."

Dr. Pierce's Pleasant Pellets are a pleasant and effective laxative medicine.

KING EDWARD VII. OF ENGLAND AND IRELAND

Proclaimed in the Streets of London Today.

CEREMONIALS OF ANCIENT CUSTOMS

"God Save the King," in Prayer and Song, is the Cry of the People as in the Olden Days.

London, Jan. 24.—The ceremony of proclaiming Edward king of Great Britain and Ireland, and emperor of India, was performed today with all the picturesque ceremonial of the ancient custom. The proclamation was first read in the court yard of St. James palace at 9 o'clock in the presence of an immense, orderly crowd. The king took no part in the proceedings. The Duke of Norfolk read the proclamation. At the conclusion of it the college of heralds all clad in medieval trappings, proceeded to Charing Cross, thence to Temple Bar, where the lord mayor, the aldermen and the citizens pledged allegiance after the reading. The trumpeters blew an acclamatory blast and the people cried "God save the King," and cheered. From the mansion house the heralds proceeded to Cheapside, where the proclamation was again read. Then for the last time the king was proclaimed from the steps of the royal exchange in an enormous crowd. At the conclusion of the ceremony the people cheered eight times and with one accord sang "God Save the King." King Edward left London for Osborne at 11:30 o'clock this morning, accompanied by members of the royal family.

Blue jackets manned the yards. The king's royal standard was hoisted on the landing stage. Emperor William did not appear at the pier but deferred his greeting until King Edward reached the palace. The private funeral service was attended only by members of the royal family this afternoon in the dining room of Osborne house which was transformed into a chapel.

THE INDIANS ARE PLOTTING.

Leaders Are Stirring Up the Snakes by False Information.

Muskogee, I. T., Jan. 24.—Joseph Starley and Romack Talko, both full blood members of the "Snake" band of Indians have been arrested while posting notices here. They came from Brush Hill, where five hundred full bloods, heavily armed, are holding a conference and who swear vengeance on the white men of the Creek nation. Light horsemen have been sent out by the conference to post notices. Both men arrested were heavily armed. The Snakes are worked up by leaders, who daily read them letters purporting to come from McKinley encouraging them in their work. Deputies and Indian police have been marshaled and will go to Brush Hill to demand their surrender. The Fort Reno cavalry will soon arrive here.

A Lively Time at Enterprise in Which Mrs. Nation Played Star Part.

Shook complied, and while the talk was going on in front of the shop Mrs. John Schilling, the wife of the manager of the saloon wrecked yesterday, and others pounced down on the temperance woman. The men present took part as spectators. Mrs. Nation, Mrs. Schilling and Mrs. Wm. Bitner were arrested for disturbing the peace.

The weather was cold and the firemen were greatly hampered in this respect. Outside of the board of trade building there was not a modern structure among those burned.

Freemen Were Handicapped in Fighting Flames by Cold Weather.

Montreal, Jan. 24.—One of the most destructive fires from which this city has ever suffered began at 3 o'clock last night and notwithstanding the efforts of the entire fire department the progress of the flames was not checked until 1 o'clock this morning. By that time it had destroyed property estimated at between \$2,500,000 and \$3,000,000 and is still burning.

PLEASANT VIEW NOTES.

Jack Frost in the Last Few Nights Has Made Wheat Look "Groggy."

Pleasant View, Ore., Jan. 24.—As a result of the efforts of Jack Frost to knock out the growing grain in the last week of wheat in this section is looking somewhat "groggy." However, a few warm, sunny days will cause it to come up smiling.

Walter McCormack, who sold his last year's wheat recently, is engaged in hauling the same.

Mrs. Leola Brown, of Pendleton, has returned to her home after several days visiting in this neighborhood.

Claude and William Hanscom, of Cold Spring, were Pleasant View visitors the first of the week.

Joe Holmes and Lewis Southwell, of McKee creek, were in Pleasant View recently with a couple of bands of cattle they were taking to the Juniper country for winter pasture.

Not so awful long ago a number of Pleasant View school boys were grouped together at the school grounds directly after the noon luncheon "posting" each other. A large, very hungry looking dog was standing near one of the boys who held by the thin edge a liberal wedge-shaped piece of fruit cake in his hand. Swinging the piece of cake around his head to give the other boys a chance to get an opinion view of it he said: "How is that for high," when it broke off suddenly and went plump down the dog's wide open waiting throat. "That's out of sight," was yelled in delighted chorus.

NEW YORK MARKET.

The heavy foreign buying of spot wheat the past week will soon begin to tell of our visible supply and next Monday's report should show a good decrease. Stocks all lower. Money, 2 1/2 per cent.

Close yesterday, 79 5/8. Open today, 79 5/8.

Range today, 79 5/8 to 80 1-8.

Close today, 80 1-8.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

SENATORIAL MUDDLE CONTINUES AT SALEM.

Vote for Senator Today Same as That of Yesterday.

PREDICTED NO CHANGE FOR A WEEK

Gov. Geer's Picture to Be Placed in the Hall of Representatives at a Cost of \$600. 400 Bills to Date.

Salem, Ore., Jan. 24.—The senatorial situation is unchanged. The vote today is the same as that of yesterday. The caucus held last night accomplished nothing. The political wiseacres predict no change in senatorial situation for at least a week. Each of the leading candidates is just as determined as heretofore and the forces of each are at work with the same vigor.

The Vote at Salem.

Salem, Jan. 24.—The vote for senator today was: Corbett, 28; McBride, 19; Smith, 2.

A \$6000 Picture of Geer. The house passed a measure this morning providing an oil portrait of Governor Geer for the hall of representatives and appropriating \$600 for the same.

The senate confirmed Governor Geer's appointments of regents for the several state normal schools, which have been made during his term of office.

Both houses are busy with routine matters, 400 bills being introduced to date.

Legislative Notes.

One of the most important bills to Eastern Oregon, is one creating a state bureau of mines, with one commissioner of mines in charge.

A concurrent resolution appropriating \$2000 to pay the expenses of five veterans of the Oregon Indian wars, accompanied by two prominent members of the G. A. R., to and from Washington, D. C., for the purpose of petitioning congress to allow the pension claims of Indian war veterans of Oregon, has been acted upon favorably. The money to be divided pro rata among the seven petitioners on their appointment by the governor. This matter has been brought forcibly to the attention of the legislature by the governor's message, and long delayed action will be taken at once. If the commission which goes to Washington is a representative body, and not a political pleasure party, the deserving veterans of the early Indian wars will at last get their just dues.

A memorial was addressed to congress urging the speedy passage of the Groat pure food bill. Also a "Invent" memorial appealing to congress to call a constitutional convention, to amend for the better, the United States senators by the people.

In the senate, a mistake was made in calling up bills for second reading. Senate bill No. 54, introduced by Sweek of Multnomah, was omitted from the list, in the second reading. By mistake it had not been returned from the printing office. It is known as the railway employes bill, and is one of the most important measures before the legislature.

There is a bill before the legislature providing for bicycle taxation, which, if it becomes a law, will undoubtedly be effective.

There is a bill making road taxes payable in money and contracting for all road work to the lowest bidder.

RAILROAD TO NEHALEM.

Portland People at Last Decide to Take Action.

Portland, Jan. 24.—The movement for a railroad direct between Portland and Nehalem and Tillamook bays has taken definite form. The names of 61 citizens of Portland have already been obtained to contribute to the organization of a corporation to take up the project. Many others will be added, so the enterprise will have a substantial standing. Organization is to be perfected next week and the project will be vigorously pushed. New York capitalists have announced their willingness to furnish money for the construction of the road which will be about 75 miles in length.

The Transport Solace Sails.

Washington, Jan. 24.—Admiral Remy cables that the navy department transport Solace had left for Guamya with ten deported political prisoners. From there she will sail for San Francisco via Honolulu.

Composer Verdi Ill.

Milan, Jan. 24.—The composer Verdi's condition today is very critical.

A Great Play Coming!

The most important theatrical event of the season will be the forthcoming engagement of Liebler & Co.'s production of Hall Gaine's great play, "The Christian," which is announced for Tuesday, January 29, at Fraser opera house. This play is one of Liebler & Co.'s best traveling organizations and numbers upwards of fifty people, and includes many names of singular prominence in the dramatic world. Two carloads of special scenery are carried by the company and the production in every detail will be equal to that given in the metropolitan cities. Miss Julia Stuart will be seen as "Glory Quayne," Lionel Adams as "John Storm," T. O. Hamilton as "Lord Storm," and the other characters distributed among actors and actresses of repute. This, it is claimed, is the largest and best attraction yet visiting Pendleton. The sale of seats and boxes will open at 8 o'clock on Friday, January 25, at Tallman's drug store.
