DUBOIS ELECTION TO SENATE. FUND OF \$100,000 WAS CONTRIBUTED TO BUY AWAY HIS SUPPORT.

It is Known to Be a Fact That \$30,000 Each Was Offered for Several Votes.

The victory recently won by Fred T. Dubois of Idaho, in his almost unanimous selection for United States senator by the fusion forces in the legislature of that state is becoming more apparent as the details of the combinations he had to fight are coming into public view.

Frank W. Beane of Blackfoot, who was in Salt Lake recently, tells of how a representative of the republican national committee went to Tom Honey of Shoshone county and offered him \$100,000 to deliver five fusion votes to any candidate other than Dubois.

It is reported that all kinds of Shomp money was being circulated in Boise during the struggle, so anxious was the opposition to defeat Dubois that anybody who even a democrat or a populist, would have been preferred. The fusionists, it is claimed, could at any time have received liberal sums of money for switching their votes, but to the credit of them all it must be said that they firmly resisted all overtures and remained steadfastly in the Dubois camp.

Thirty-five votes were necessary to elect Senator Dubois. He received a total of 41, all of the fusionists voting for him except two. The five votes referred to would not have prevented the election of Dubois, but it is thought that the syndicate making the offer had another man at its command who would leave Dubois if he could be shown that five others would do likewise.

Votes at \$20,000 each seem rather high to the average citizen, but Idaho fusionists couldn't find even that sum sufficient compensation for the betrayal of the trust reposed in them by their constituents. They had been instructed by their county conventions to vote for Dubois, and it is said of them that all the money in the country could not have persuaded them against him.

An interesting feature of the affair was Senator Dubois' expense account. He went to Boise with Mrs. Dubois two weeks before the legislature convened. The day he was elected senator it is said that he checked out of the hotel, after paying his hotel bills and all other expenses, he had paid out just \$100. Not a box of cigars was opened in his headquarters and not a drink passed out.

TWO RAILROADS INVOLVED. A. B. Hammond Did Not Share Profits With Partners: To Wind Up Columbia and Southern.

George Whitney Moore and George William Moore of Detroit have sued A. B. Hammond of Portland, John C. Stanton of New York and the Astoria company of New Jersey in the United States circuit court in Portland for the profits arising from bonus and subsidy procured for the construction of the Astoria & Columbia river railroad.

Suit was begun Tuesday in the United States circuit court in Portland to wind up the affairs of the Columbia Southern railroad as far as concerned the company and the stockholders, and to distribute its assets among the stockholders. Charles A. Heltzel of San Francisco, owner of the land grant of the Willamette Valley & Cascade mountain military wagon road, and Thomas D. Rumbaut of New York are the complainants. They set up that they are the owners of 50 shares of stock. They allege that E. E. Lytle, president of the Columbia Southern, is attempting to wreck the company.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. As to Prescriptions

When physicians recommend you to have them compounded by us, what does that mean? Simply the certainty on their part that you will get exactly what is prescribed—the right quantity and the right quality, which is even more important. But we go further than that, for we take honest pride in our skill in compounding.
