Best were the committees having the affair in charge, and are largely responsible for the great success of the affair.  
Morris Meach, Elmer Turner, Frank Ulrich, Ed Dupuis, "Red" Anderson and others have already commenced to agitate the baseball subject, with the object of getting a strong team in the field to represent Pendleton during the coming season. It is the intention to go about it in a businesslike way and plans will be formulated in the near future to bring the matter to a focus.

**THE Y. M. C. A. MOVEMENT.**  
**GROWTH IN THE COUNTRY IN FIFTY YEARS: ITS WORTH TO PENDLETON.**  
Fund in Pendleton, a sum of \$5000, Must Be Raised by Next Friday, February 15.  
Next June in Boston, Massachusetts, they are to celebrate the Jubilee convention in commemoration of the first Young Men's Christian Association organized in the country fifty years ago.  
The first twenty-five years of the movement was one largely of experimentation but after its work came to be recognized and defined it has grown to vast proportions.  
The growth during the past few years has been phenomenal, not so much in the number of associations as in the development of the work along all lines and in the securing of adequate buildings and equipment.  
Last year over \$6,000,000 in money was given and pledged for work and buildings. During 1900 a new building was finished on an average every nine days.  
There are 143 American Associations having 252,000 members of whom 12,000 are college students; 27,000 railroad men, 5000 soldiers and sailors, 23,000 boys.  
The best equipped, best attended and best managed gymnasiums that the world has ever seen are in these American Y. M. C. A.'s; 77,000 men are today exercising in these "Halls of Health."  
The night educational classes are doing a work that receives the most hearty commendation from educators and men of affairs. The purpose of the classes is to offer thorough, practical instruction in memorization of the first Young Men's Christian Association organized in the country fifty years ago.  
The effort to secure a building and Association for Pendleton has led to the asking of what work would be attempted here. The state secretary states that there will be a gymnasium with baths, parlors, reading rooms, one or two small class rooms as well as office and reception room; these would be furnished with games, periodicals, and fitted up much as the ordinary instruction in the gymnasium which eliminated, but after all the strongest force of these organizations is that they provide a place where young men can "get together" under pleasant surroundings and good environment and yet where they can spend an hour or two in the evening.  
The Association to a boy is a place for recreation, amusement and entertainment, but the thoughtful man recognizes the institution as a place for the full growth and development of manhood—physically, mentally and spiritually; hence the hearty support it receives from students of modern social conditions as well as practical men of affairs.  
Try to help the cause along in Pendleton; that the needed \$5000 may be secured and the Pendleton youth given the advantages of the association. So far about \$3500 has been subscribed to the fund, and with a little work the balance, \$1500, can be easily raised.

**THIS TIME JURY AGREED.**  
A Verdict Returned in Favor of Defendant in Third Trial.  
The jury in the case of the First National bank of Walla Walla vs. Donald McDonald returned a verdict in favor of the defendant this morning. This is the third time the case has been tried and it settles, at least temporarily, the boundary line between the southeast and southwest quarter section 28, township 5 north, range 35 east, W. M. The plaintiff owned the first mentioned quarter, the defendant the other. The fence remains on the line where it was placed by Alex Walker and Lawrence Hutchinson, about January 1, 1885. They owned the southeast and southwest quarters respectively. There were three questions raised in the case, as follows: Whether the fence had been removed from the government corner; whether such removal had taken place a sufficient number of years ago to constitute an estoppel; whether the fence was not removed to an agreed line (on the Zahner survey) by mutual consent of Walker and Hutchinson, there to remain. The point upon which the jury came to a decision was the last one. Whether there was a government mound and stake at the disputed corner in 1885 was not deemed material. The estopped feature cut no figure with the decision.  
The case was well tried by the attorneys, John I. Sharpstein and Stillman & Pierce, for the plaintiff; A. S. Bennett and T. G. Halsey for the defendant.  
There are rumors to the effect that the case will be appealed, but there is nothing definite in that regard.  
Acker's English remedy will stop a cough at any time, and will cure the worst cold in twelve hours, or money returned. 25 cts. and 50 cts. For sale by Brock & McComas.

**Spokesman Review:** Miss Lizette Luper of Pendleton, Ore., is visiting her sister, Mrs. J. E. Brown, and intends to spend three months in Spokane.  
Construction Engineer Campbell, of the O. R. & N., who is in charge of the Echo cutoff work, was in Pendleton this morning and left at 8:45 for the west with D. H. Butts.  
Mrs. W. T. Boynton, sick at the Pendleton sanitarium, has failed convalescence which was rapidly becoming a question of a short time.

Frank Frasier is in receipt of a letter from his sister, Mrs. J. S. Statter, from San Jose, Calif., saying that her husband, J. S. Statter, died suddenly a few days ago. Mr. and Mrs. Statter lived in Pendleton in the early eighties. They moved to California where they have resided since. Mr. Statter was about 65 years old at the time of his death. He leaves a wife and three children.  
Phil McBrien returned today on the W. & C. R. train from Skagway, for which place he left on January 4 with 16 head of horses to sell for W. F. Matlock, going up from Seattle to Skagway to make the trip on the Cottage City, and it was one of the roughest voyages recorded. He left Skagway on February 4 on the Victoria and from there to Seattle the trip was very smooth and pleasant. Mr. McBrien reports that George F. Rosenberg and family are well and that they are pleased with their new home. He says that although the thermometer only registered 14 degrees below zero it seemed to him as though Skagway was one of the coldest places he had ever been in for the wind came down through the White Pass as though from a funnel. Mr. McBrien will start for Skagway on another trip some day next week, with more horses for Mr. Matlock.

**Special Rate to Walla Walla.**  
At a meeting of the Ancient Order of United Workmen, held last evening, T. J. Tweedy, H. L. Carl and John M. Dentley were appointed a committee to secure special rates for those intending to go to Walla Walla Sunday, to attend the funeral of Mrs. J. M. Taylor. Assisted by George Darwin they made the necessary arrangements and secured a rate of \$1.00 for the round trip. The train will leave Pendleton Sunday morning at 8:15, returning, it will leave Walla Walla at 3:15. Mr. Taylor is one of the oldest members of the A. O. U. W. in Pendleton and a decoration of perhaps 20 or more of that order will attend the obsequies of Mrs. Taylor as a mark of respect. The funeral services at Walla Walla will be held at 12:30 sharp.

**Distinguished Testimony**  
No secret society in the world stands higher in noble aims and charitable accomplishments than the Knights of Pythias. That order is doing great good, and one of its finest institutions is the Ohio Pythian Home, at Springfield, Ohio, which is ably presided over by Superintendent Le Fevre and his wife, Mrs. Callie I. Le Fevre, the matron. The latter has recently written a letter, which will command widespread attention because of the prominence of the writer. It is as follows—  
"Messrs. W. H. Hooker & Co., New York. Last year I used Acker's English Remedy for a serious, long-standing throat difficulty and extremely hard cough. Had used many well-spoken of preparations without relief. I can honestly say that Acker's English Remedy removed the difficulty and stopped the cough. I did not purchase or use more than three bottles, and at least one-half of the last is still on hand. I also consulted physicians with no permanent results."  
The friend to whom Mrs. Le Fevre refers as having suggested Acker's English Remedy is Mrs. W. B. Chilton, wife of the president of the Troy Transfer Co. of Troy, Ohio, where this remedy has accomplished many other cures in Throat and Lung Troubles. In conversation with an acquaintance Mrs. Le Fevre also said: "If you will call on Mr. W. H. Schauss, a prominent china and art merchant of Springfield, Ohio, you will find that he, too, has had many an amount of experience with Acker's English Remedy in his family, and thinks they cannot keep house without it."  
Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure, and \$1 a bottle in United States and Canada. In England, see ad. and ad. ad.
