City Comptroller Lister at Tacoma completed the examination of the books in the treasurer's office and found the shortage of Norman W. Mills, late clerk, was \$1946. Ex-Sheriff Mills, father of the young man, has repaid the full amount of the shortage and it is understood there will be no prosecution.

OVERBURDENED.

The Egyptian woman looks greatly overburdened, and yet the physical burdens she carries will not compare with the burdens borne by many an American woman. There is no burden like the burden of disease. The woman who suffers from inflammation or ulceration, bearing-down pains, weak back and nervousness, bears a burden which crushes her very life.

Every woman should know that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures the womanly diseases which cause weakness and feebleness. It quiets the nerves, cures the aching back and throbbing head, and gives strength for wifely cares and maternal duties.

When I first wrote to you I was in a bad condition and had almost given up, says Mrs. Della Swider of Wisconsin. I was suffering from female trouble of the worst kind. I couldn't eat anything without suffering great distress. I tried many pills and medicines, but they did me no good. I was nervous and weak. I had much headache and brain trouble, pains all through my body and aching head and neck. It seemed that I could not work at all. I got Dr. Pierce's medicine and took it as directed, and the first week it began to help me. I took three bottles and am glad to say that it did me more good than all the other medicine I ever took. I feel better than I have for years.

Dr. Pierce's Medical Adviser, in paper covers, is sent free on receipt of 21 cent stamps to pay expense of mailing only, or if cloth bound volume is desired, send 51 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

BINGER HERMANN'S GAIN IS ONE VOTE.

No Change in the Tiresome Senatorial Struggle.

IDAHO LEGISLATURE ABANDONS TRIP.

Representative Watson's Bill Prohibiting the Serving of Hot Lunches in Saloons Defeated in the House.

Salem, Feb. 15.—The senatorial struggle and middle continues to drag its weary way through the legislature. The only change today was Hermann receiving one more vote, but it signifies nothing. The vote today was as follows:

- Corbett, 32. Hermann, 30. Inman, 25. Scattering, 3.

Legislative Notes.

Senate bill No. 31, by Steiwer, amends the present law so as to make it optional with county courts whether road supervisors shall be elected or appointed by the court.

Senate bill No. 94, by Probstel, to raise the salary of the school superintendent of Umatilla county was laid on the table.

House bill No. 121 introduced by Thompson, of Umatilla, granting state diplomas to graduates of normal schools and chartered institutions in the state, was passed without discussion.

Inman's senate bill 131, which passed the senate amends the present law so as to require that at all general elections the polls shall be kept open until 7 o'clock in the evening. This change is made for the benefit of men who work until 6 o'clock in the evening and cannot leave their work without losing time.

Grace of Baker introduced a bill to make the selling of liquors within a mile of any quarts or placer mine, unless such sale place be within an incorporated city, a misdemeanor punishable by a fine of from \$50 to \$200.

The last of the troublesome railroad bills in the house, that have been a thorn in the side of the railroad companies operating in Oregon, were disposed of Wednesday. These were the Peorman fellow-servant bill and the bill by Harris, to fix the liability of railroad corporations for injuries to employees. Not a legislator was found who did not have a railroad pass in his pocket and had ridden to and from Salem at the expense of the railroads, although the state allows them liberal mileage fees.

Probstel's bill to prohibit the playing of nicker-in-the-ear machines, that was passed by the senate Tuesday, reached the house among a lot of other bills Wednesday. Unless some effort is made to defeat the measure, there is little question that it will pass the house as easily as it did the senate. Thus far no slot machine men for cigar-dealers have raised a hand in opposition to the bill.

The senate passed a bill enacting the Torrens system of public registration of land titles. The house, after spending nearly another half day in consideration of railroad bills, disposed of two more today. One of these measures was Peorman's fellow-servant bill. It was debated at length, and although even its opponents admitted it had good points, it was defeated by a vote of 31 to 22.

Watson's bill prohibiting free lunches in saloons was defeated in the house. Representative Watson, the author of the bill, is proprietor of Watson's restaurant in Portland. The Oregon legislature has been informed that the proposed visit of the Idaho legislature to Salem has been abandoned on account of the early adjournment of that body.

RIGHT HANDED CHILDREN.

Experiments Show They are Brighter than Left Handed Ones.

Chicago, Feb. 15.—Prof. E. W. Smedley, of the child study department of the public schools, declares that from experiments he is convinced right-handed children are naturally brighter than left-handed and that a large percentage of bad boys are amideutrous.

Pupils whose speech is affected and who find difficulty in articulation are most often left-handed. The right hand is controlled from the left side of the brain and the left hand from the right side. Speech is controlled by the right side of the brain. The overdevelopment of one hand or the other is thought in this way to affect speech.

MAN IS KILLED BY A TIGER.

The Employee of a Zoo Entered the Cage of a Fierce Tiger.

Indianapolis, Feb. 15.—Albert Nelson, in the employ of Boston's Zoo Society, was almost instantly killed this morning in a terrific fight with Rajah, a fierce tiger. He went into the cage to attend the animal, when it sprang upon him. His fellow employees could not rescue him, and the beast tore and chewed the body in a frightful manner. The tiger had to be shot before the body could be taken away from him. Strict orders had been given to the men not to enter that cage, and evidently Nelson's death was due to carelessness and a bad memory.

FUNERAL OF EX-KING MILAN.

He Was Buried With Full Military and Other Honors.

Vienna, Feb. 15.—The funeral of former King Milan, of Servia, was held here this afternoon as a full cere-

mony of the Austrian court, attended by Emperor Franz Josef and the high officials. Full military honors were paid the dead ex-king on route from the church to the depot, a regiment of infantry and a squadron of cavalry, with a military band, heading the procession. Emperor Franz Josef walked all the way, stood and gave the military salute as the coffin was removed to the train. King Alexander, the son of the deceased, was represented only by his minister. The funeral train left for Peterwardein, Hungary, as the burial took place at the monastery near that city.

A REVOLUTION IN SPAIN.

The Throns is Tittering for the People May Triumph Over the Troops.

Madrid, Feb. 15.—Three attempts at demonstrations were made at Valencia last night, but were promptly checked by forces of infantry and cavalry. Threatening crowds were also encountered by the troops at Saragossa. At Granada the populace resisted the gendarmes, who took refuge behind a wall. A royal decree, accepting the resignation of the cabinet, is momentarily expected. Provincial governors have telegraphed it is impossible to restore order. Collisions between the troops and people are more frequent.

AN ELECTRIC CAR DISASTER.

Jumps the Track and Goes Over a 40-foot Embankment.

Cincinnati, Feb. 15.—An electric car jumped the track on Horse-shoe Hill, between Bellevue and Dayton, this morning and plunged over a forty-foot embankment. Motorman Yates and Ida Constance were fatally hurt and five were seriously and eight others badly wounded.

Hamilton is Encouraged.

Minneapolis, Feb. 15.—Defendant Hamilton wore a flower in his button-hole this morning and was perceptibly encouraged by the testimony of Mrs. Murray and Erdman. Erdman was again on the stand today, the state failing to impeach his knowledge of anatomy, and the opinion that the different blades were made by two different blades.

Butcher Weyler in Control

Madrid, Feb. 15.—Weyler, of Cuban fame, as captain-general, controls the city. He issued a decree that editors and others who spread news tending to ferment disorder would be tried by court martial.

Maurice Thompson is Dead.

Crawfordsville, Ind., Feb. 15.—Maurice Thompson, the author of Alice of Old Vincennes and other well known books, died at 3 o'clock this morning after an illness of several weeks with the grip.

It Was Not Mrs. Brown.

San Francisco, Calif., Feb. 15.—Mrs. F. H. Osgood, the wife of the owner of the Seattle-Benton railway, had her diamonds stolen en route here yesterday, and not Mrs. Brown as the police reported.

The Boer Invaders.

Cape Town, Feb. 15.—The Boer invaders have occupied Murraysburg, the central part of the colony. Troops of the British cavalry met a large force of Boers near Standeron and the British were forced to retreat.

Public School Destroyed.

Rock Island, Ill., Feb. 15.—A fire, alleged to be due to vandalism, destroyed the high school building here this morning. The loss is \$99,000.

Wheat in Chicago.

Chicago, Feb. 15.—Wheat opened today at 75 1/2 and closed at 75 1/2.

EQUAL HONORS FOR SAMPSON AND SCHLEY.

Resolution Making Them Vice-Admirals Will Pass.

GETTING READY FOR THE INAUGURAL

People Beginning to Arrive in Washington in Order to Arrange to See the Parade and Secure Accommodations.

Washington, Feb. 15.—Admirals Sampson and Schley are both to be made vice admirals if the plan at present under advisement in the senate is adopted. Senator Chandler has taken up the matter and proposes to pass a resolution authorizing the president to appoint those officers to that grade which will expire at the end of their lives.

Getting Ready for Inauguration.

In spite of the fact that the inauguration of the president and vice president is more than two weeks away, people are already beginning to arrive for that event and indications point to a larger crowd than was here four years ago. Stands from which the review of the parade is to be had are rapidly being erected and the space is held at high figures. Orders are pouring in for hotel accommodations from all parts of the country and the railroads are preparing to take care of hordes of people.

MRS. NATION BEFORE COURT.

Charged With Destroying Property and Will be Tried Next Monday.

Topeka, Kan., Feb. 15.—Judge McCabe of the city court, called the case of the state vs. Mrs. Carrie Nation, charged with destroying property. Mrs. Nation was arrested on the complaint of the owners of the saloon, which she and four other women wrecked.

After a conference between the attorneys it was agreed that Kelly should admit that he was running a saloon and that Mrs. Nation should plead guilty to smashing it. This was done and now the case will be argued on its merits as to whether joint property is entitled to the protection of the law. Next Monday was set for the hearing of the case.

Escaped From the Windows.

St. Louis, Feb. 15.—This morning 870 men and women slid down boards from the windows of the Liggett and Myers tobacco plant because the management refused to discharge forty negroes employed in the stemming department. The strikers were successful, the negroes being discharged to secure their return.

The Fight is On.

Cincinnati, Feb. 15.—The Saengerfest this afternoon paid the forfeit of \$5000 of Brady and Madden and abandoned all idea of getting the contest. It is generally believed there will be very little doing in the boxing business for some time in this city.

French Capture Boers.

Lorenzo Marque, Feb. 15.—It is reported here that General French captured a large Boer force in the Ermelo district.
