### CIRCUIT COURT.

**W. J. Cockerline Plead Guilty and Was Fined $200.**

A couple of criminal cases were sandwiched in with the civil cases this afternoon. First, John Fitzgerald was arraigned charged with the crime of highway robbery, and plead not guilty. His trial was set for Thursday, March 14. Stillman & Pierce will defend him. The trial will not be reached before Friday or Saturday, owing to the fact that the civil cases set will take up the time. The witnesses are in attendance, so the civil cases will not be postponed to make room for this criminal case.

M. J. Cockerline came in from Helix this forenoon and presented himself at the bar of justice this afternoon to plead guilty to the charge of selling liquor without a license. As this is his first offense, Judge Ellis gave him the minimum fine, $200 and costs. He paid the fine and went free. District Attorney Hailey said that under the circumstances he would not put in a cost bill.

The case of Pierce vs. Audette is still on trial this afternoon.

### PUTTING IN WATER METERS.

**Pendleton Plumbers Are Enjoying a Season of Prosperity.**

Water meters are being put in rapidly by Pendleton plumbers in accordance with the action of the city council taken several weeks ago. The meters are of three sizes, 5-8 inch, ¾ inch, and 1 inch, and are sold by the city at $10, $15 and $20, respectively. The city ordered and has received 224 Pittsburg meters, 200 of the smallest, 18 of the medium and 6 of the largest. It is not compulsory that a water consumer shall use the Pittsburg meter. He may use the Crown meter, if he prefers it. The above mentioned prices do not include the fees of the plumber for installation. The meters arrived on March 4, and up to today 85 meters had been put in. It is estimated that it will require 350 meters to supply Pendleton water consumers.

In this connection it can be stated that H. H. Horton has a supply of meter boxes on hand, which he sells at a very low price. His place is on Court street, opposite the court house.

**Dog Tax Must Be Paid.**

All owners of dogs are hereby notified that the city tax thereupon must be paid at once, or the dogs will be liable to be taken up and killed in accordance with the ordinance governing in the matter. By order of

J. M. HEATHMAN,
City Marshal.

**Freight Rates Reduced.**

Portland, March 13.—The railroads make an announcement of a reduction in the rate on shingles, posts and other commodities used in Eastern Oregon and Eastern Washington from points on tidewater, including both Portland and the sound. As the season advances reduced rates on produce from the Inland Empire to the coast may be expected. The reductions are voluntary.

## THE OREGON WOOLGROWERS.

**Douglas Belts Was Elected President at The Dalles on Tuesday.**

The Oregon Woolgrowers' association met on Tuesday, March 12, in the Commercial club rooms at The Dalles and was called to order by President F. N. Johnson, of that city. About 40 of the 100 woolgrowers who are members of the association were present.

Nearly the last business transacted was the selection of a place for holding the next meeting of the association. Heppner was designated, and the date fixed at September 17, 1901.

The new officers elected are as follows: President, Douglas Belts, of East Birch creek, Umatilla county; vice-president, J. N. Williamson, of Prineville, Crook county; secretary and treasurer, Fred W. Wilcox, of The Dalles.

The forenoon was spent listening to an address by Captain Ormsby, in which he laid before the woolgrowers the latest rulings of the department of the interior on the matters pertainng to the grazing of sheep on the forest reserves. He could give no assurance to the woolgrowers that sheep would be allowed any longer to graze on the reserves, although he hoped no radical steps would be taken. It was evident the enemies of the sheep were on the alert, for repeated efforts had been made to have the reserves placed under the control of the agricultural department, a step that would prove disastrous to the woolgrowers, as Secretary Wilson, of the agricultural department, is known to be violently and unreasonably opposed to allowing any grazing on the reserves. Every effort made in this direction has been hitherto met with a solid front and baffled.

Captain Ormsby had some time ago received orders from the department to receive applications for grazing permits, and these had been followed later by instructions of an exactly opposite character. He had determined, however, to receive applications for grazing privileges for 200,000 sheep and hoped for the best results. No objection was likely to be made on the ground of number, as this was about a hundred thousand less than formerly.

Following Captain Ormsby's address the work of filling out applications occupied the time till the noon hour.

The afternoon was occupied with making changes in the constitution and by-laws of the association and electing officers for the ensuing year.

### PERSONAL MENTION.

D. B. Richardson, of Helix, is in Pendleton today.

E. H. Clark is again a guest of the Hotel Pendleton.

Governor Geer was fifty years old on Tuesday, March 12.

Marshal Zo Houser is in the city today, having come up from Portland this morning.

Fred Nolf went to Portland on business Tuesday night with the intention of returning on Friday.

Charles W. Lieualien, of Weston, was in Pendleton on business Tuesday and went up home this morning.

Judge A. S. Bennett, an attorney of The Dalles, is in attendance at circuit court. He is stopping at the Hotel Pendleton.

Louis Bergevin, of Athena, was in Pendleton today. He says the Athena baseball club is going to be hard to beat this summer.

Mrs. J. T. Vincent, mother of Mayor F. W. Vincent arrived yesterday from her home at Toledo, Lincoln county, Or., and will remain several weeks.

A. Ruppe, from Pleasant View, is in Pendleton today. He took a trip over to Stage gulch Tuesday and says that wheat is looking well, the early sown better than the late sown.

Douglas Belts returned this morning from a trip to The Dalles, where he attended the session of the Oregon Woolgrowers' association. He went out to his home on East Birch creek this morning.

Rev. L. Green, of Athena, is in Pendleton today. He will remove with his family to Enterprise, Union county, within a few weeks and engage in mining. He thinks he has some good gold and silver property.

T. J. Durham left this morning for Spokane, where he is engaged in the insurance business. Miles Durham, son of John Durham, accompanied him and will enter his uncle's office to learn the insurance business.

M. A. Butler, of Baker City, is in attendance at circuit court and is a guest of the Hotel Pendleton. He was in good humor today as he greeted his friends and discussed the election of his law partner, John H. Mitchell, to the United States senate.

Judge S. V. Knox, of Weston, was in Pendleton Tuesday and in the afternoon represented the Tootle, Wheeler & Motter Mercantile company, of St. Joe, Missouri, in a suit against R. A. Blair, and obtained a judgment for $1058.55. He returned to Weston today.

### THE LA GRANDE CITY ELECTION.

**J. A. McWhirter, the Anti-Gambling Candidate for Mayor, Elected.**

At the city election in La Grande Monday J. A. McWhirtier was elected over J. E. Foley by a vote of 349 to 290. Mayor McWhirter is pledged to suppress gambling.

H. T. Williams, present incumbent of the office of city recorder, was re-elected by a majority of 110 over W. A. Worstell, anti-gambling candidate.

Marshal F. P. Childers, who is admitted to have proven a thorough executive officer and always ready to do as directed by the city authorities, won out over J. A. Whitlow by the large majority of 115.

For city treasurer, I. A. Boskowit, who is now in that office, and was renominated by the reform forces, had no opposition for re-election.

In the First ward, G. M. Richey was elected to the council over W. N. Monroe by 30 majority. In the Second ward, Peter Kuhn, reform candidate, was elected councilman, defeating J. H. Childs by 10 votes. There was a mild sensation in the Third ward, where Geo. H. Currey, reform candidate, beat T. J. Ormond for the council by the narrowest margin which is possible, that is, by one vote.

The new officers will take up their respective duties at the final meeting of the old council on next Monday evening, March 18.

### TEMPLE & WILCOX.

**The Successors to W. H. Jones Are in Possession.**

The announcement was made several weeks ago that W. H. Jones had disposed of his stock of farming implements, etc., to W. P. Temple and R. H. Wilcox. The change has taken place and the new proprietors are in possession. H. A. Faxon is retained. The new firm is Temple & Wilcox, and they propose to carry the war into Africa. In other words, are going to push their business along and give the farmers an opportunity of a big stock from which to select, and low prices. They started in by going to Portland and making some big purchases. They returned this morning from the trip. While there they bought two carloads of farming implements, wagons and buggies. They helped to load one of the cars with plows, wagons and buggies, and it will be in Pendleton on Thursday. The other car will be of wagons exclusively, and will arrive about May 15.

One important change to be made at once will be an extension of the present warehouse, so that it will be 200x50 feet in size and give them much more room.

W. H. Jones, who retires after years of careful attention to business, carries with him the respect, confidence and best wishes of a large circle of friends. He expressed the desire to thank his patrons at this time for their trade during the past years, with the hope that their patronage would continue to be given as generously to his successors, whom he could heartily recommend as worthy and upright business men.

The season for buying farming implements, wagons and buggies will be improved by Temple & Wilcox, and all farmers wishing anything in their line are requested to call and inspect the stock and compare prices with those of other reputable firms.

### GLEE CLUB ARRIVES.

**Whitman College Students in Town for Concert Tonight.**

Twelve Whitman college students, composing the Glee club which is to give a concert this evening at the Frazer, arrived this afternoon from Walla Walla. They are accompanied by Prof. Otto A. Hauerbach, teacher of English and elocution; Prof. Fischer, teacher of the violin; and Miss James, pianiste and accompanist. Among the Glee club members are Cecil Wade, of this town; George Marquis, of Adams; and Marion Kees, the latter being manager of the Glee club.

Many of the young men have friends in Pendleton, and have been putting in the afternoon renewing acquaintance. Melancthon D. Walters is the musical director, singing first tenor, the other members being: Harry A. Tash, Edward L. Chittenden, first tenors; Geo. Eyre, Geo. St. Clair, M. A. Kees, second tenors; Carl Hauerbach, Charles A. Palmer, Geo. Marquis, baritones; Arthur A. Hauerbach, Nelson F. Cole, Cecil R. Wade, bass.

**Government Wheat Report.**

The March report of the statistician of the department of agriculture shows the amount of wheat remaining in farmers' hands on March 1 to have been about 128,100,000 bushels, or 24.5 per cent of last year's crop, as compared with 158,100,000 bushels, or 29 per cent, on hand March 1, 1900, and 198,000,000 bushels, or 29.3 per cent, on hand March 1, 1899. The corn in farmers' hands is estimated at 770,200,000 bushels, or 36.9 per cent of last year's crop, against 32.2 per cent March 1, 1900, and 41.6 per cent March 1, 1899.

**Trainmen Killed.**

Allentown, Pa., March 13.—By the blowing up of a locomotive on the Lehigh valley railway, at Mud creek today, engineer Walter Albert, Fireman Joseph McMullen, Brakeman Morgan Moriss were killed instantly. The engine was hauling a fast freight up the mountain and the pressure became too great.

Shortly before 4 o'clock this afternoon Hal Dickson in using an axe at the Pendleton planing mills made a mislick and cut his foot quite severely, the gash beginning near the toes. Dr. C. J. Smith dressed the wound and no serious results are anticipated.

**It doesn't pay**

to say something in an advertisement that cannot be proven. People call and investigate and if your ad. is incorrect they neither buy nor come again. We believe we can prove

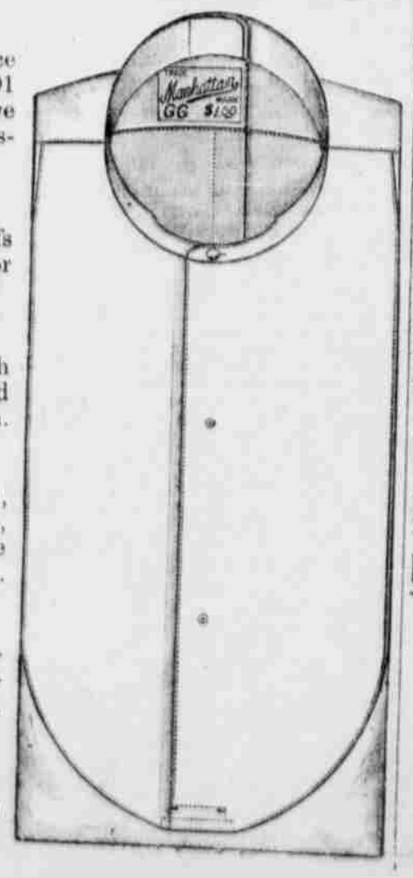
Laundered and unlaundered shirts with cuffs attacked $1.50 to $3 each.

You are invited to call and examine them. No need to buy.



### ROOSEVELT NEVER DODGED TROUBLE.

**When a Boy He Wanted to Give His Antagonists Two Trashings the Same Morning.**

"When Theodore Roosevelt was a little boy he and a playmate used to walk together to a private school," says the March Ladies' Home Journal. "Their way took them past a public school. One day young Teddy appeared in a new sailor suit. This was too much for the public school boys. To them the suit was the distinguishing mark of a 'dude.' The sneering crowd planted itself across the sidewalk. Teddy and his chum, seeing trouble ahead, came on with fists clenched, and the battle began. A few minutes later the 'dude' and his companion went on their way somewhat less tidy than when they started, but leaving behind they a tamed and lame bunch of surprised boys. For a week there were daily fights with the same results. One morning after an especially hard battle, young Roosevelt said to his friend: 'Let's go around the block and come back to fight 'em again.'"

**Oregon Timber in the East.**

An overland train, laden with huge logs from the forests of Oregon, over 100 feet long, to be worked into stately masts for clipper-ships, has just arrived in Philadelphia from the Pacific coast. The distance covered by the train, which left Portland six weeks ago, is over 3100 miles, and the attempt to bring the huge pine trees by rail has been looked upon with great interest by eastern lumber shippers because of the numerous curves on the railroads crossing the continent. The diameter of the logs is over 28 inches, and they are straight sticks, without a knot or blemish. It cost $175 per car to bring the shipment to the East. All the spars now used in shipping come from the Pacific coast, as lumber suitable for the purpose became exhausted in the East long ago

**How to Polish Windows.**

The action of the sun, moisture and the carbonic acid in the air on the soda or potash in the glass produces an opaqueness more or less pronounced. To remove this wet the glass with dilute hydrochloric acid, and after a few minutes go over the glass with powdered whiting. Pour the acid slowly into the cold water, using four ounces of the acid to twelve ounces of water (one pint and a half). Polish with chamois or soft paper. It must be remembered that this acid will attack metals and should not be allowed to touch them, nor should the bottle be left open an instant longer than necessary, as the fumes are very destructive.—March Ladies' Home Journal.
