BODY OF GENERAL HARRISON LIES IN STATE.

Thousands Come to Pay the Dead Reverence.

GREAT CITY'S BUSINESS SUSPENDED

Preliminary Ceremonies Favored With Bright Weather—Entire National Guard of Indiana Participated.

Indianapolis, Ind., March 16.—Gathered in a black frock suit and with face composed and restful the body of General Benjamin Harrison, today was removed from his late residence to the rotunda of the capitol building, escorted by his old regiment, the seventeenth Indiana, and the entire National Guard of the state. This afternoon thousands filed through the state house and past the casket to take the last look at the distinguished soldier, statesman and citizen, and tonight other thousands will view the body until 10 o'clock, when the remains will be escorted back to the home by the Indianapolis companies of the National Guard. Contrary to expectations, the weather is all that could be desired for the preliminary ceremonies. The sun shone with brightness, the air was cool and pleasant, all contributing to make the spectacle the most magnificent ever seen in the state. The troops were massed at the south entrance of the state house, marching thence to the Harrison home, where they were joined by the members of the grand army posts, city and state officials, the members of the municipal government, social and political clubs, lawyers and distinguished citizens and the Seventeenth Indiana regiment, which had the place of honor in the parade.

From shortly before noon, until two this afternoon, the business in the city was at a standstill, while the city, county and state offices, the courts, justice's offices were closed. However, the streets were lined with thousands as the procession passed with a stately dignified step. The railway excursions added countless sightseers to the local throngs. The funeral tomorrow will occur at the First Presbyterian church and will be without display of any kind, beyond the attendance of President McKinley, members of Harrison's cabinet, the governors of several states, senators, congressmen and prominent citizens.

The St. Patrick's parade has been abandoned out of respect for the dead.

Decorations Not Completed.

Early this morning the decorations had not been completed, owing to yesterday's stormy weather predictions by the weather bureau. When the parade moved Washington and other downtown streets were strewn with black.

Tomorrow at sunrise the United States arsenal will fire a salute of thirteen guns and at half-hour intervals thereafter a day a gun will be fired. At sunset the Union salute of forty five guns will be fired.

HAWAIIAN ISLAND NEWS.

The Leper Settlement of Molokai to Have Right of Self-Government.

Honolulu, March 16.—The Hawaiian legislature has as yet done little real work, only one bill having so far been passed, that appropriating \$45,000 to defray the legislature's expenses. Many measures have been introduced the most important of which is one requesting congress and the president to take the preliminary steps towards admitting Hawaii into the Union as a state.

The Leper Settlement.

What is perhaps one of the most unique junket trips of any legislature on record was the excursion made by forty members of both houses to the leper settlement of Molokai, where two days were spent in investigating the conditions of the unfortunate people that are compelled to abide on that island. The hospital is a long, narrow strip of furniture and poorly ventilated and the waterworks entirely inadequate. Many charges were brought against the management by the assembled lepers whose chief complaint was inattention and negligence. Many witnesses were called and grievances carefully inquired into. The first request of those that acted as spokesmen for the afflicted was to grant to the lepers the right of self-government, and the members of the legislature pledged themselves to enact laws which would give them self government by July 1. Witnesses testified that the lepers of health now governing the island was allowed to take from the lepers whatever it wished without anyone's permission, a privilege that had been grossly abused. It was also stated that many were sent to Molokai by the board that were not lepers, or at least were cured shortly after arrival but were not permitted to depart. A visit to the taro patches revealed about 50 acres under cultivation, and this was not enough to supply the settlement. If water was available, 500 acres could be used. One-fourth of all the taro raised was taken without payment by the health board.

Against Consumptives.

A bill introduced at the instance of the health department and which will probably become a law, is one relating permission to consumptives to land anywhere in the Hawaiian islands. During the month of February, there were 17 deaths in Honolulu from tuberculosis principally people who came here afflicted from other lands.

It is thought that unless means checking the disease and stamping out the germs are speedily taken, the susceptible natives will suffer greatly and an already high death rate be made still higher.

MacArthur Confirms Report.

Washington, March 16.—General MacArthur cables a confirmation of

PEOPLE HEARD THE SHAH TURNED CHRISTIAN.

Stormed the Arsenal, Captured Arms, Attacked Palace.

DESPERATE ACT OF A COMMANDER

Strangled the Leader of the Mob, a Moslem Priest, With His Own Hands, in the Presence of Troops and People.

Constantinople, March 16.—A mob of fanatical moslems at Teheran, Persia, stirred the people to a frenzy against the Shah by a story that he had become a Christian during his visit to Europe. They stormed the arsenal and seized the weapons needed and started for the palace. The troops were hastily called out, killing seventy-five and wounding many of them, but the fanatics refused to yield. Finally the commander of the troops bounded among the mob and seized the leader, a Moslem priest, and dragged him forth, strangling him to death with his own hands. This desperate act frightened the mob into submission and it dispersed without trouble.

THE NEW YORK MARKET.

Reported by L. L. Ray & Co., Pendleton, Chicago Board of Trade and New York Stock Exchange Brokers.

New York, March 16.—The wheat market was strong again today and it looks as though the long expected advance had come. Liverpool closed 6-7-8, showing an advance equal to 2 1/2 cents within a week.

New York and Chicago are up also, the former closing 81 1-8 and the latter 77 1/2.

The export shipments for the week are heavy, 4,693,000 compared with 2,727,000 for the same week last year.

LION AND BEAR QUARREL.

AMERICAN TROOPS WILL BE WITHDRAWN FROM CHINA AT ONCE.

Russia Assumes War Like Attitude in the Disputed Territory in China.

Washington, March 16.—The withdrawal of General Chaffee's troops from Peking, except the legion guards indicates that the United States does not propose to become involved in a fight with Russia and England if one should occur. The Manchurian agreement is considered more likely to provoke trouble than the Tien Tsin affair. It is an unpleasant pill for all other nations, but especially a bitter one for England.

Glare at One Another.

London, March 16.—The Evening Sun says there is great danger of a collision between England and Russia on account of the Tien Tsin affair.

Russians Preparing for Fight.

London, March 16.—A dispatch received here from Tien Tsin by the Reuter Telegraph company dated from that city yesterday afternoon, says: "The Russians are now entrenching in the disputed territory. A company of the Hong Kong regiment, with fixed bayonets in front, while two companies of Mudaras Pioneers, under command of Maj. Johnson are held in reserve. Both Russians and British are awaiting instructions from their governments."

The Russians at Tien Tsin took possession of a railway siding and armed sentries are now guarding it. Gen. Barrow, second in command of the British forces hesitates to act, apparently, in the absence of Gen. Gascoigne, feeling sure that bloodshed would ensue. He had a long consultation today with Sir Ernest Satow, the British minister.

The Russians are jubilant. The American military railway line has been sold to a private company.

The Story False.

Mobile, March 16.—There is no truth in the story sent out that fire in a turpentine camp had caused the loss of fifty lives.

Miss Nethercole in Hospital.

London, March 16.—Olga Nethercole underwent a successful operation in a hospital here today.

CASTELLANE WOUNDED HIS MAN.

Paris, March 16.—Editor Rodays was wounded in his duel with Count Castellane this afternoon. Castellane was unscathed. The duel occurred promptly at 3 o'clock. Twenty-five paces were stepped off and the contestants took their station. One shot was fired. Rodays fell wounded in the thigh. The injury, though painful, is not considered serious.

British Capture a Leger.

London, March 16.—Lord Kitchener reports from Pretoria that the Devonshire regiment captured a Boer laager at Kruger's post, in northeastern Transvaal after a sharp fight, the Boers losing one killed, five wounded, and thirty-two prisoners. The British loss was one killed and four wounded.

Fierce Fire in Montreal.

Montreal, March 16.—A fire early this morning destroyed the Leeming, Mills & Co.'s wholesale drug store, and partially damaged Hodson, Herbert & Co.'s wholesale grocery. The loss is \$250,000. Fireman Lussin was killed and two others injured by falling walls.

The Miners Will Strike.

Hazleton, Pa., March 16.—The convention of United Mine workers declared a strike would take place on April 1 if recognition is not given by the operators in joint conference.

CLEAR COMPLEXION SOFT WHITE HANDS LUXURIANT HAIR PRODUCED BY CUTICURA SOAP.

MILLIONS OF WOMEN USE CUTICURA SOAP, selected by CUTICURA EXPERTS, for preserving, purifying and beautifying the skin, for clearing the scalp, and the stopping of falling hair, for softening, whitening, and healing raw, chafed, and sore hands, for the relief of itching, burning, and chafing, and for all the purposes of the toilet, bath, and nursery. It is the best of all soaps for the face, neck, and hands. No other foreign or domestic soap can be compared with it for the purpose of the toilet, bath, and nursery. Thus it combines in one, what all other soaps do in three. (Cuticura Soap is sold everywhere.)
