### DEMAND TEN THOUSAND.

YOKUM HEIRS ASK O. R. & N. FOR THAT AMOUNT.

It's a Right of Way Condemnation Case and Will Be Tried Tuesday.

A important case before the circuit court is that of the O. R. & N. Co. against H. G. Yoakum and Mrs. Thos. Baker, heirs of the late Prior, L. Yoakum, to secure right of way across the Yoakum place for the new line being constructed between Pendleton and Echo. The company's engineers have surveyed a line across the place, and the legal proceedings are to condemn the land needed to construct the new line.

The farm is at Yoakum station, 15 miles west from Pendleton. It is desired also to move Yoakum station bodily from its present location on the hillside to the lower level. The proposed line will run for half a mile over the Yoakum land, the amount of land actually taken being about nine acres. Judge Yoakum and Mrs. Baker have asked for \$10,000, of which \$5000 is for the land taken and \$5000 for damage to the remainder of the farm.

The company resists the demand, and asks the court to assess the amount due the Yoakum heirs.

Mr. Connor, of Portland, and C. H. Carter, of Pendleton, appear for the company. T. G. Hailey being counsel for the defendant heirs.

The case comes on for trial tomorrow. As in the Coffey case, the judge, jury, witnesses and lawyers will be taken to the land in controversy during the trial, probably tomorrow forenoon. On Sunday, the O. R. & N. Co. ran a special train to Yoakum to permit its attorneys and right of way agents to look over the ground and make some additional measurements.

### SOME CLUB RECEPTIONS.

Numerous Meetings Held During the Past Week.

Saturday afternoon, the Woman's club, with a number of guests, was entertained by Miss Wood, at the home of Mrs. Hartman. The program was "A Field and Riley Afternoon," and consisted of song and recitation charmingly rendered. A comparison of the work of Field and Riley was also given by Miss LaBarre. The next meeting of the club will be held at the home of Miss Ritner.

The Thursday Afternoon club held its regular meeting of the past week at the Hotel Pendleton. Mrs. E. P. Marshall was hostess. One of the best meetings of the club year was enjoyed. Mrs. John Hailey read an interesting paper on "Current Literature," and Mrs. A. D. Stillman gave a short talk on "Current Events." Friends of the club gave several musical numbers that were greatly appreciated. The next meeting of the club will be held at the home of Mrs. C. B. Wade on March 28.

The club women have been interested to see that the woman director of the Portland school board was appointed a member of the building committee.

Annual meetings of the Oregon Federation are suggested by many of the clubs, and the subject will be discussed at the next board meeting. The state officials will be very glad to receive suggestions from the clubs in regard to any improvements that can be made to add to the efficiency of the federation.

### INDIAN AGENCY BUILDING.

More Than Fifteen Thousand of Improvements Being Made.

J. H. Tomlinson is superintendent of the work being done by the Indian department at the Umatilla agency. The amount of improvements to be made is \$15,750. Further improvements are contemplated, so says the superintendent, although the contracts that were let cover only the expenditure of the amount named.

The money is being used in constructing a dormitory, brick, four or three stories, in putting in a water system, and in making repairs to other buildings. Spoor & Robinson are the contractors building the dormitory and making the repairs. Jacobson, Bade & Co., are putting in the water system.

Mr. Tomlinson states that the system is composed of a gasoline engine with capacity of 3000 gallons per minute, piping system, and a steel tower 60 feet high with a tank on top. The cost of the dormitory is \$9850, and of the water system \$5900. Another contract for repairs and extra work has been let, the price being \$110.

The capacity of the school will be increased about 50 pupils.

Mr. Tomlinson will go to Marshall's, Calif., so soon as his work of superintendency has been completed. His family is now there. It is their intention to remain permanently in Marshall's, making their home there.

### LA GRANDE GIRL SUICIDES.

Bianche Bates Takes Carbolic Acid, Sensitiveness the Cause.

The funeral of Bianche Bates, who suicided at La Grande, was held today. She was 16 years old, a student at the High school, and bore the highest character. On Friday night her sister with whom she lived, Mrs. Dave Clark, reprehended her for leaving her young nephew in the house while its mother was absent. Being of a morbidly sensitive nature, she was unduly pained by the slight censure received from her sister, and at 8 o'clock Saturday morning committed suicide by taking carbolic acid. She secured the acid at Newlin's drug store, returned home, entered the cellar and swallowed it, and then went into the house and told what she had done. All the physicians of the city were immediately summoned, but she died within 20 minutes after taking the poison.

Miss Bates was a sister to the wife of Dr. Richardson, at La Grande, and also to the wife of David Clark, a prominent merchant.

NEW PASTOR COMING.  
Presbyterian Church Awaits Rev. Mr. Diven Who Comes Next Month.  
Rev. Robert Diven, pastor-elect of the First Presbyterian church is expected to arrive in Pendleton from his home in Astoria, Ore., in time to occupy his pulpit on Sunday early during April. Members of the congregation are selecting a house, and it is probable that his residence will be across the river near the house of James Crawford.  
The father of the Presbyterian

church are also purchasing a new organ for the church. The instrument is to cost \$700, and will be of high musical value.

H. Y. Judd's Generosity.  
The church of the Redeemer has received from E. Y. Judd a check for \$100 to be used in purchasing vestments for the vested choir now being trained by the rector, Rev. W. E. Potwine. The gift is but one of many that have been made by Mr. Judd to the same church. The boy choir is making rapid progress and will soon be ready to sing in the regular church services.

The young ladies of St. Agnes Guild, of the Church of the Redeemer, are preparing for an Easter sale. They are now industriously employed in collecting material and arranging the articles to be offered at the sale.

Your Face.  
Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, pimples and skin eruptions. Knowing this, we sell every bottle on a positive guarantee. For sale by Brock & McComas.

### ACTORS' CAR WAS BURNED.

Ed. O. Davis' Uncle Tom's Cabin Company—Four Members Lose Their Lives.

Ed Davis' "Uncle Tom's Cabin" theatrical company, which was in Pendleton during February, was traveling through Montana on Sunday, 40 miles west from Missoula, in their car, when the car caught fire, and four members of the company lost their lives.

Minnie Herst, cook, aged 28, Mitchell; Bert Reed, musician, aged 22, Columbus, Kan.; Rene Lucasse, musician, aged 24, Kalamazoo, Mich.; John Bollmann, musician, aged 24, Parkerburg, Iowa.

The origin of the fire is unknown. The car was discovered to be on fire in the sleeping apartment and before the alarm could be given the whole car was in flames. The most of the company escaped without injury and these stood guard at the doors of the car and seized the unfortunates, whose night clothes were burning, as they ran from their berths and rolled them in blankets.

One man, crazed with pain, enveloped in flames, broke through the cordon at the door and jumped into the river, from which he was with difficulty rescued.

When the fire was discovered the train was stopped and by hard work the dogs and monkeys and a parrot, plerzia of the company were saved. The band instruments and all personal effects of the company were lost, and the car burned to the track.

Thousands Sent Into Exile.  
Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. ### CHAS. PIERCE'S HOTEL.

Has a Resort in Hollywood, California—Doing Well.  
Chas. M. Pierce, who went from Weston to Byron, Calif., to seek renewal of health, writes to friends in Pendleton that he has taken the Glen Holly Hotel at Hollywood, Calif., and is conducting it at the present time. He states that his health is almost fully restored and, that, so soon as he has fully recovered, and deems it wise, he will return to this country.

Mr. Pierce confidently asserts that he gets up a chicken dinner that is second to none in the United States, and that would make a preacher tarry here bringing relief. Astonishing cures result from persistent use. Trial bottles free at Tallman & Co. Price 50c and \$1. Every bottle guaranteed.

### Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price 50c including the spraying tube in 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation. ### THE SCOURING MILLS BEGIN.

FORMAL OPENING OF THE WOOL SEASON OF 1901.

A New Scourer Comes From San Francisco, Dick Tieman, an Expert in the Business.

The Pendleton wool scouring mills started up this morning for the season's run. By tomorrow, they will be running full capacity with 25 men employed.

Dick Tieman arrived Saturday morning from San Francisco to be boss scourer. He has the enviable reputation of being the best scourer in the business in the west, and his ability is acknowledged everywhere he has worked.

To Work on 1900 Wool.  
The mills will begin the operations for 1901 by scouring wool left on hand from the 1900 clips. Something like 500,000 pounds is on hand. No wool has been hauled in yet, as shearing has not begun in this part of the country. Jack Lyette continues in the position of superintendent of the scouring mills, which he has occupied heretofore.

Cunningham Shears Bucks.  
One exception is noted to the rule that no shearing has commenced in this county. Chas. Cunningham has already sheared some full-blood bucks and hauled the wool to town. It goes to the warehouses of W. J. Furbush, however, as in former years. Mr. Cunningham more than a week ago began shearing some of his bucks, but he is always from two to three weeks ahead of other shepherds, and this spring is two or three weeks ahead of his usual time. Bucks shorn thus early are usually intended for sale. Shearing will begin generally during April.

A child of J. E. Heith, living near Boise City was burned to death under distressing circumstances. The mother had thrown some ashes out in the yard and had gone some distance from the house. The child wandered near the ashes and its clothes took fire from some live coals.

### Look at Your Face.
