A REWARD FOR GEN. FUNSTON

Cabinet Considers Giving Him Something Good.

ARMY OFFICERS APPARENTLY JEALOUS

But the Navy Felicitates on the Brilliant Exploit of the Brave Kansan—Important Surrenders in Philippines—The Trouble in Mindanao is Ended.

Washington, March 29.—The reward for Gen. Funston and the punishment for Aguinaldo were the principal themes of discussion by the cabinet today. All the members concede that the Kansan deserves something good; but, until more complete reports reach the president, nothing will be done. It is the sentiment of the cabinet that Aguinaldo should be sent to Guam for a term of years. Navy Rejoices—Army Jealous. Washington, March 29.—Admiral Remy at Manila and Secretary Long today exchanged felicitous cablegrams concerning Aguinaldo's capture. Apparently there is more rejoicing in the navy department than in army circles, the latter having a tendency to dub Funston's brilliant act as merely a successful scouting performance.

"MAKE HIM PRESIDENT."

Views of Prominent Men as to Aguinaldo's Disposition. Atlanta, Ga., March 29.—Gov. Chandler, when asked for his opinion as to the disposition that should be made of Aguinaldo, said: "Make him president of the Philippine republic and withdraw the United States troops."

"Treat Him as a Brave Foe"

Cannes, March 29.—Andrew Carnegie today said: "If Aguinaldo has been captured, I am sure the president will direct that he shall be treated like a brave foe treats him who has fallen victim to the fate of war, remembering that Washington would have been called a rebel, if captured. Everything is pardonable to a leader who fights for the independence of his country."

IMPORTANT SURRENDERS.

Gen. MacArthur Cables of Filipinos Laying Down Arms. Washington, March 29.—Gen. MacArthur this morning cables: "Brigadier General Kobbe reports the surrender at Sumailo, in Mindanao, of nine officers, one hundred and sixty men and one hundred and eighty-seven rifles and eighty shotguns. It was Capistrano's command. This ends the trouble in Mindanao, so far as the Filipinos are concerned. "Brigadier General Hughes reports that Alkapal and Eniz, with thirty-four guns, have surrendered to Captain Shanks at Mambuco. Two hundred guns, Fullon's command, has surrendered to Colonel Scott." Gen. MacArthur also reports two killed, Peter Peterson and Mathew Migusk, and four wounded, of the Twenty-first infantry.

Two Thousand Swear Fealty.

Manila, March 29.—At San Yincante, South Ilocos, twelve thousand natives have taken the oath of allegiance of the United States.

AGUINALDO WAS THOUGHTFUL.

Heard Arguments Favor of American Supremacy by Friends. Manila, March 29.—Aguinaldo had a conference today at General MacArthur's headquarters with a number of the leading natives who had been sent for at his request to discuss the situation. They are all friendly to American rule, and urged their former leader to acquiesce in acknowledging the supremacy of the United States. Aguinaldo evidently was impressed by their statements.

Five natives were hanged at Fort Malate today for the murder of an Englishman named Archibald Wilson, superintendent of the water works, for the purpose of robbery.

AN AGENT WAS TREACHEROUS.

He Delivered Aguinaldo's Letters to the Manila Officers. Manila, March 29.—The manner in which information was obtained making possible Aguinaldo's capture was as follows: A confidential agent of Aguinaldo arrived February 28 at Pantanbagan in the province of Nueva Ecija, northern Luzon with letters dated January 11, 12 and 14. These letters were from Emilio Aguinaldo and directed Baldomero Aguinaldo to take command of the province of central Luzon, supplementing Gen. Alejandrino. Emilio Aguinaldo also ordered that 400 men be sent him as soon as possible saying that the bearer of the letters would guide these men to where Aguinaldo was. Gen. Funston secured the correspondence of Aguinaldo's agent and laid his plans accordingly. Some months previously he had captured the camp of the insurgent general, Lacuna, incidentally obtaining Lacuna's seal, some papers and a quantity of signed correspondence. From this material two letters were constructed, ostensibly from Lacuna to Aguinaldo. One of these contained information as to the progress of the war, the other asserted that, pursuant to orders received from Baldomero Aguinaldo, Lacuna was sending his best company to President Emilio Aguinaldo.

Had Assumed Dictatorship.

When captured Aguinaldo was tremendously excited but he calmed down under Gen. Funston's assurance that he would be well treated. Gen. Fun-

ston secured all of Aguinaldo's correspondence, showing that he had kept in close touch with the sub-officers of the insurrection in all parts of the archipelago. It was also discovered that Aguinaldo on January 28 had proclaimed himself dictator. He had been living at Palanan for seven months, undisturbed except when a detachment of the Sixteenth infantry visited the town. On that occasion the entire population took to the mountains and remained there until the troops retired. Aguinaldo admitted that he had come near being captured before but he asserted that he had never been wounded, adding: "I should never have been taken except by strategy. I was completely deceived by Lacuna's signature."

GERMANS ARE INDIGNANT

Burghermaster Says No Sensible Berliners Contemplate Revolution. Berlin, March 29.—The Kaiser's address, imputing disloyalty on the part of the people of Berlin, has evoked general indignation. Burghermaster Karchner intends to apply for an audience with the emperor to assure him in the name of the people of Berlin that nobody in his senses is planning any revolution. Liberal papers assert that the military "camarilla" is endeavoring to excite the Kaiser against the civil population.

Likely the United States Will Purchase Danish West Indies. Washington, March 29.—Negotiations with Denmark for the acquisition by the United States of the Danish West Indies have reached a stage where it is practically certain the treaty will be signed, whereby the United States will buy the islands. The president today appointed Edwin M. Sheppard rear-admiral, Kosuth Niles commander, and Richard M. Hughes, lieutenant-commander.

COLOMBIA FAVORS UNITED STATES

Makes Important Concession in Canal Matter.

SENOR SILVA FILES A DOCUMENT

That Gives This Country Permanent Control of the Isthmian Ditch and Affects Company Now in Existence.

Washington, March 29.—The Colombian minister, Silva, has formally filed memorandum with the state department, which proposes to give the United States absolute control of any canal that may be built across the Isthmus of Panama, together with a lease in perpetuity of the necessary territory. If the plan is agreed upon by the United States, it means that the Panama company will be wiped out, unless it chooses to dispose of its holdings at a reasonable figure.

THREE WERE REPRIEVED

South Carolina Murderers Gain Time—Scaffold Was Ready for Executions. Greenville, S. C., March 29.—Three men were scheduled to hang today for separate murders, and a scaffold had been prepared for the triple execution. At the last moment, John Turner was given a stay of proceedings to allow an appeal to the governor. Lawrence Choise's sentence was commuted to life imprisonment, and Miles Cureton was given a thirty days respite. Minnesota Flood Hanged. Minneapolis, Minn., March 29.—Theodore Wallert, the murderer of his wife and four step-children at Arlington, Minnesota, on August 20, was executed at Henderson at 1:30 o'clock this morning. A priest was only half way through his prayer when the lever accidentally was jerked and Wallert dropped through the trap, dying in thirteen minutes.

JAPAN EQUALS RUSSIA.

Naval Power of the Little Brown People is Surprisingly Great. New York, March 29.—If the Japanese intend to rely largely upon their available sea power in a contest with Russia, Japan is not now only equal but superior in force to Russia, says the Washington correspondent of the Times. The Russian fleet now stationed in Asia and available for service against Japan numbers 31 vessels exclusive of torpedo boats, with an aggregate tonnage of 130,940. The Japanese fleet exclusive of torpedo boats, consists of 52 vessels, of 257,363 tons.

England Will Withdraw.

London, March 29.—In the house of lords today Lord Lansdowne, the foreign secretary announced that no further military operations by the British troops in China were contemplated for the present. The British government hoped to be able before long to withdraw or reduce its forces. The allies had agreed they were not at war with China and desired to derive no territorial advantage from present events. They also recognized the binding nature of existing treaties and desired to maintain an open door in commercial and economical questions.

English Were Victorious.

New York, March 29.—Lord Kitchener's dispatch giving some further details of the battle in which Gen. Bullington routed Ishary, has given great satisfaction as it emphasizes the substantial nature of the British victory, says the London correspondent of the Tribune. Messrs. Merriman and Sauer, the emissaries of the Afrikaner band who are here now on a peace mission, are not receiving much encouragement, and it is more than probable that they will not have an opportunity to air their eloquence on behalf of the Boers at the bar of the house of commons.

At this season the housekeeper must look specially after the baking powder. As she cannot make good cake with bad eggs, no more can she make cake that is light, delicious and dainty with inferior baking powder. Royal Baking Powder is indispensable for the preparation of the finest food. It imparts that peculiar lightness, sweetness and flavor noticed in the finest cake, biscuit, doughnuts, crusts, etc., which expert bakers say is unobtainable by the use of any other leavening agent.

There are cheap baking powders made from alkali, but they are exceedingly harmful to health. Their caustic and cauterizing qualities add a dangerous element to food.
