PLANS FOR BASEBALL CLUB

A COMMITTEE APPOINTED TO CONFER WITH BUSINESS MEN.

They Must Support the Movement if Pendleton is to Enjoy the National Game This Season.

About a score of the young men of Pendleton interested in baseball gathered at the council room last evening to discuss the matter and make a start toward organization. Frank Ulrich was called to the chair and Fred Drake was elected to act as secretary.

The question of who shall be manager is still unsettled. Some of the players seemed to be apprehensive that some one would be selected as manager that they might not like, which state of affairs, according to their notion, would necessitate a change of managers. They seemed to be unaware of the fact that occasionally a manager does not like his players, and instead of resigning and getting a new manager, he fires the players and gets new ones. What the Pendleton team needs is a manager and a board of directors composed of about three businessmen to insure the solidity of the financial end of the scheme. There must be a big change in the quality of baseball played or there will be no patronage. More interest is being manifested in amateur baseball in the Inland Empire this year than for years, and there is no good reason why the lovers of the good sport should not have the opportunity of seeing several good games during the season.

A committee consisting of Bob Fletcher, Clarence Penland, Dean Shull and Frank Ulrich was appointed to interview the businessmen and learn their views as to how to carry a baseball organization through the season successfully. This committee was instructed to report at a meeting to be held on Tuesday evening, April 9, at 8 o'clock, to which time an adjournment was taken.

Visible Supply of Players.

There is no question but that the vicinity for a strong team. Lenallan, of Adams, has announced his intention to play here this season if a club were organized, and so has Landard, of Walla Walla. Hoffman, pitcher of the Oregon team, is also in the city, and willing to remain. Mort Meach, who has played with the team two seasons, is at Portland, but would return if a club were put in the field. Tumbler, from California, is in town waiting to see how he would look in a Pendleton uniform. The following well known local players will help the movement along, and play if called upon: Ulrich, Hartman, Shull, Marlin, Elmer Turner, Oregoner, Claude Penland, Dugan, Fletcher, Pointier, Crowder, W. T. Brown.

Lower Alta Street Grounds.

W. F. Matlock, the owner of the grounds on lower Alta street which have been fixed up for baseball and football, is expected to return from Alaska within a few days. It will be possible to make arrangements with him for use of the grounds and to erect a grandstand and perhaps fence the grounds. They are close enough to the business section of the city to make them very accessible, and are in such a condition that they can be fitted up with a small outlay of money.

Records of Two Boxers.

The sparring contest to take place at Fraser opera house on Wednesday evening, April 10, is between two men of more than ordinary reputation.

Brennan's Record.

Reddy Brennan is one of the best known fighters and sparrers in the country. He has been known for years and is called the "strawtor wonder," "Sirenter, III," being his home. He has participated in 171 British contests, but of which he lost but three and had two draws. He knocked out the famous Jack Everhart twice, once in eight rounds and the second time in seven; he knocked out Tom Burke and fought a six-round draw with Matty Matthews; he knocked out George Mulholl and in one of the hardest fights ever seen in San Francisco, before 500 people, he knocked out the great Tommy Danforth twice and fought a ten-round draw with Tommy Ryan. That is a record to which nothing need be added.

Sammy Kelly's Record.

The other party to the contest is Sammy Kelly, of Chicago. He has lost only one fight and has fought two draws. He has knocked out the following: Peter Moore, Jack Callahan, Dave Brann, Mike Kelly and Kid Wilson. In addition to these he has returned winner from 19 other fights. Any of the fighters loitering around Spokane, Seattle, Tacoma or Portland can get a game by writing, if they can think for half a minute that they can beat Reddy Brennan. None of them are backed. First come will be first taken on.

A Raging, Roaring Flood.

Washed down a telegraph line which Chan, G. Ellis of Lisbon, Ia., had to repair. "Standing water deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I should give up and die. I was told to try King's New Discovery and was wholly cured by it. I had a severe cold and neglected it. I grew worse all the time. I had run into the last stages of consumption. No less than seven physicians came and all gave up saying I was absolutely hopeless. The whole family thought I was dead. One day my sister came and said that a doctor was to save my life. They rolled down their cheeks as they said. The doctors had declared I was in the last stage, and no being could save me. HEPPNER ELKS BANQUET

The Function Was Gotten Up by E. H. Clarke.

Perhaps the largest crowd of Elks ever assembled in Heppner attended the banquet gotten up by that prince of good fellows, Mr. E. H. Clarke, the popular wool buyer, in the K. of P. hall on last Thursday evening, says the Heppner Times. The regular routine business which was transacted prior to the banquet proved of unusual interest. Four candidates being initiated and all the officers being elected and installed. The order in all their bestitching grandeur. They'll never forget the night they joined the Elks.

After all the business had been transacted, and everybody had had more fun than they could make a market for, the members, numbering about 60 of the jolliest fellows on earth, gathered around the festive board and enjoyed the elegant banquet gotten up by Mr. Clarke.

The delicious viands were prepared at the Palace hotel and the repast was good enough for kings and princes. That all did ample justice to the feast is attested by the fact that many of the members, numbering about 60 of the jolliest fellows on earth, gathered around the festive board and enjoyed the elegant banquet gotten up by Mr. Clarke.

TWO HYPNOTIZED GIRLS

Walla Walla School Children Create a Small Sensation.

Walla Walla, April 5.—With their hands clasped together in a vice-like grip, two little girls, pupils of the Baker school, returned to that institution yesterday after their noonday meal and informed their teacher they had been "hypnotized" and were unable to release their hold. The children claimed the deed had been performed by "Nelson, the Great," a hypnotist who has been in the city for the last two weeks practicing his arts and giving exhibitions. The girls after being threatened with punishment were at last induced to free themselves from the "spell" by the aid of the teacher.

"There is nothing to the story," said Nelson. "It was only a trick played on the teacher by the little

IMPROVING ATHENA ROADS

THE CITY COUNCIL WILL PURCHASE RIGHT-OF-WAY

One Thousand Dollars to Be Expended—Town Streets to Be Reckoned.

Athena, April 6.—The city council met in special session Thursday evening and decided to purchase the right of way through the lands of D. A. Richards, William Estes and Jackson Nelson. The price to be paid for this property will be: D. A. Richards, four and one-half acres, \$800; William Estes, one acre, \$150; Jackson Nelson, one-eighth of an acre or more, at the rate of \$100 per acre. The proposed road will commence at a point 60 feet west of the Mosgrove warehouse, on the west side of O. R. & N. right of way, and run due south to Darwin street, thence at an angle of 45 degrees west to the township line between ranges 34 and 35, thence across Wild Horse creek, thence south to the McArthur lane. When completed this road will fill a long-felt want, as the old road has been a menace to both man and beast.

A committee of three, Messrs. Hawes, Muirhead and Garrett, were appointed to secure the services of the county surveyor, and have him establish a grade on Main street. This improvement is also much needed, as our streets have been, particularly this spring, in a most wretched condition. Crushed rock will be put on Main street, when all is completed, and we will have a most substantial thoroughfare.

Local Notations.

The friends of Mr. and Mrs. L. W. Pierce, formerly of this city, now residents of Helix, will regret to learn of the death of their youngest child on Thursday.

Will Wells is transacting business at Walla Walla.

Mrs. Henry Harper, of Pendleton, accompanied by her sister, Miss Lella Huggins and Mrs. N. S. Neibergall, visited with James Huggins in this city yesterday. Mrs. Neibergall expects to join her husband in a few days at the Golconda mine, near Sumpter, where he is engaged in mining.

Harp Casey, foreman for J. N. P. Snyder at his ranch near Havana, left that place this morning for Kamela. Mr. Casey is an experienced miner and prospector, and goes to that place to prospect for minerals.

John Savage, of Milton, stopped over at this place Wednesday to visit with his friend, Robert McKee. Mr. Savage has just sold his fruit ranch to a Nebraska party and will now start a rabbitry at Milton.

Seven Years in Bed.

"Will wonders ever cease?" inquire the friends of Mrs. L. Pease, of Lawrence, Kan. They knew she had been unable to leave her bed in seven years on account of kidney and liver trouble, nervous prostration and general debility; but, "Three bottles of Electric Bitters enabled me to walk," she writes, "and in three months I felt like a new person." Women suffering from headache, backache, nervousness, sleeplessness, melancholy, fainting and dizzy spells will find it a precious blessing. Try it. Satisfaction is guaranteed. Only 50 cents.
