FUNERAL OF L. B. COX.

Trinity Church, Portland, Sun-
day members of the Bar Attend-
ing the funeral of the late L.
B. Cox, the Oregonian says: The
funeral of Lewis Berkeley Cox was
held yesterday afternoon at 4 o'clock, at
Trinity church. The attention
was large, the church being
filled with the representative people of
the business men, members of
and all who had known and
the distinguished lawyer.
The service was the simple but beauti-
ful funeral rite of the
Trinity church. Dr. A. A. Mor-
rison, of Trinity church, officiated,
and was assisted by Rev.
E. Judd, a venerable divine,
retired from active church
work, who makes his home in Port-
land.

Portland Bar Association at-
tended the funeral in a body. The
pallbearers were Captain J.
W. Jacobs, Dr. S. E. Josephi,
J. C. Keefe, Frank T. Dodge, A. L.
and William M. Ladd. The
pallbearers were: Sanderson
R. L. Rubin, T. Scott Brooke,
Minor, W. L. Brewster, J. C.
Rodney L. Gilman and Captain
E. Cabell.
The body of Mr. Cox was taken
at night. Interment will be
at Washington, D. C., the old home
of the lawyer. Mr. Cox's brother
and the remains
of his life was insured for about

Agent Umatilla County,
Pendleton, Oregon.

arned, Waite had a right to shoot at
one more bluecock, which he broke,
and Maple had a try at 10, out of
which he broke 8. That left Stallman,
Waite and Maple a tie, with 23 each.
In the shootoff, Waite broke ten
straight while Stallman and Maple
only broke nine each, so the trophy
will adorn Mr. Waite for another
month. Mr. Stallman won the medal
in January and February, and Mr.
Waite in March and April. The shoot
occurs on the second Sunday of each
month, and the winner is entitled to
wear it only until the succeeding club
shoot, when in case of a tie, or post-
ponement for any reason, the medal
becomes the property of the association.

Score for the Day.
All told there were 11 shooters on
the ground, and the records of all of
them for the day is as follows:
Name Shot at Broke Perc.
F. W. Waite 105 47 92.5
H. J. Stallman 85 38 82.3
J. W. Maple 80 37 72.5
W. W. Hoch 50 40 80

Cataract Cannot Be Cured
With local applications, as they cannot reach
the seat of the disease. Cataract is a blood
or constitutional disease, and in order to cure it
you must take internal remedies. Hall's Cat-
aract Cure is taken internally and acts directly
on the blood and mucous surfaces. Hall's Cat-
aract Cure is not a quack medicine. It was pre-
scribed by one of the best physicians in this
country for years, and is a regular prescription.
It is composed of the best tonics known, com-
bined with the best blood purifiers, acting
directly on the mucous surfaces. The perfect
combination of the two ingredients is what
produces such wonderful results in curing ca-
taract. Send for testimonials, free.

PORTLAND, OREGON.

THE MILTON FRUIT UNION

**RIGHTY HAVE JOINED—150 ARE EX-
PECTED.**

**Cold Storage Warehouse Will Be Built
and Product Shipped to the
Eastern Market.**

As announced previously, R. C.
Judson, the industrial agent of the
Oregon Railroad & Navigation com-
pany, says the Milton Eagle, and E.
L. Smith, president of the board of
horticulture for Oregon, met with the
Milton fruitmen last Saturday and dis-
cussed the matter of erecting a cold
storage warehouse here. The attend-
ance at the meeting was large and the
plan proposed by Mr. Judson met with
the general approval of those present.
The cold storage warehouse which
Mr. Judson wishes to see built here
is to be built according to a new patent
for the storage of fruits and vegeta-
bles, the aerated warehouse. It is possible
in these new warehouses to store all
kinds of fruits, vegetables, etc., for
an indefinite period of time. The Oregon
Railroad & Navigation company is
now having 600 cars built on the latest
patterns for shipping all kinds of per-
ishable fruits and vegetables. With
the cold storage warehouse here and
these new cars being built by the rail-
road company, it will be possible to
store fruit and hold it for a time for a
better market and ship in the aerated
cars to New York, if necessary, and
have the fruit arrive there as fresh
and nice as when shipped.

Col. Judson's Plan.
The plan proposed by Mr. Judson is
that a fruit union be organized among
the fruitgrowers, and, if this were
done, he would see that the cold
storage plant was built. The object of
this association will be to keep track
of all the different markets of the
country so as to know the time and the
places where the fruit can be sold to
the best advantage. They will also
hire expert packers who will see to the
packing and shipping of all produce
shipped by the association.

E. L. Smith, who is a strong advo-
cate of united action on the part of the
fruit growers, said that the time for
individual action is past, that what
must be done is to get together and
stand back to back in the fight for
trade and the respect of the shippers.
In united action the best results are
achieved and those who watch the
horticultural industry realize this more
and more. The individual can not get
shipping rates and market abroad to
send his product to the market direct,
while by the combination of interests
they can demand concessions and they
will be made. At the meeting Satur-
day about 80 names were signed and a
committee appointed to incorporate the
Milton Fruit Growers' Union, and he
confidently believed that the organiza-
tion will have a membership of 150 in
a short time. There has been for a
number of years an organization here
similar to this by the name of the
Eastern Oregon Fruitgrowers' Union,
and it has been decided by the mem-
bers of the latter union to disorganize
and go in with the new association.

M. A. RADER IS THE MANAGER

**He Was Elected Monday Afternoon and
is Now Hustling**

The board of directors of the Pen-
dleton Baseball association, at a meet-
ing held on Monday afternoon, unan-
imously elected M. A. Rader manager of
the team for the season of 1901. If a better
selection could have been made no
one seems to know it. Mr. Rader is
a recent addition to the business mar-
ket of Pendleton, but he is progressive,
like many already here, and will bring
to the position to which elected a ripe
experience and a thorough knowledge
of the duties incident thereto.

The boys were out for practice on
the Alt-street grounds yesterday after-
noon, and the newly elected manager
took the opportunity to give a few
words of advice, and outlined his
policy. Candidates for positions on
the team were requested to practice
conscientiously and were assured that
the best material would be selected.
Supported by such a board of directors
and manager as Pendleton now has the
baseball boys have every incentive
to get in and drill, which is absolutely
necessary in order to get up such a
club as will give the supporters of the
game the quality of baseball they wish
to see played.

A dozen new bats and a dozen new
balls have been ordered. Each player
will have his individual bat, and will
practice in its proper use.
No definite arrangements can be
made toward securing grounds until
the arrival from Skagway of W. F.
Matlock, who is expected any day. In
the meantime the grounds on
Alta street will be used. The boys
will practice almost every afternoon.

TO ABANDON THE CUT OFF

**O. R. & N. is Asked too High Prices for
Right-of-Way.**

The O. R. & N. Co. has abandoned
all work in connection with the Barn-
hart-Coyote cutoff. This information
was given to the East Oregonian
officially. The reason assigned was
that the landowners have asked so
much for right of way that the com-
pany cannot afford to pay for the nec-
essary land over which to run the
proposed cutoff.
It was the intention to expend \$400,-
000 in the improvements, securing a
better line and facilitating the move-
ment of freight and passengers. But,
in so many instances people placed a
valuation far in excess of the actual
valuation that the construction of the
cutoff was abandoned.

It is claimed that for some lands,
that were assessed at \$20 to \$25 an
acre, \$250 an acre was demanded from
the railroad company.
Considerable expense has already
been incurred in preparation for the
work of construction, which will be
of no value now that the new line is
not to be built.

CREAMERY FOR PENDLETON

The Subject is Attracting the Attention
of Dairymen and Others.
Whether or not a creamery will be
established in Pendleton this year is
a matter that is not positively known.
The subject has been attracting atten-
tion, not only among local dairymen,
but all over the state, and it is not
unreasonable to suppose that Pendle-
ton will soon have a creamery. The
dairymen of lower McKay and
Tutuilla, and even out on Birch creek
from its mouth to Pilot Rock, are
hoping that the creamery will be
established. There is a market for all
the butter and cheese that can be
manufactured here, and that at a price
that would yield a fair profit.
Dairymen are far sighted enough to
see that they could increase their herds
and increase their profits likewise
with a creamery in Pendleton. There
is one man who is debating the ques-
tion seriously. If he should decide
to put in the creamery, he would
want the Commercial Association to
assist him in securing a suitable loca-

tion and in organizing the dairymen so
that would guarantee him the milk
from a sufficient number of cows to
make it a success.

BASEBALL AND SHOTGUN

**Two Sports Will Be Combined at Athena
Next Sunday.**

The excursion to Athena next Sun-
day bids fair to be of great propor-
tions. Many are going for the ex-
press purpose of seeing the baseball
game, but others will go on account
of interest in the sport of shooting
bluecocks. A number of the members
of the Pendleton Sportsmen's associa-
tion are looking forward to having
some sport shooting at blue rocks in
the forenoon to break the monotony of
waiting for the ball game to begin.
One of the members here wrote this
morning to Fred Fischer asking him
to fix up the traps, and that, if nec-
essary, he would go up Saturday even-
ing in order to assist in getting things
in proper shape.

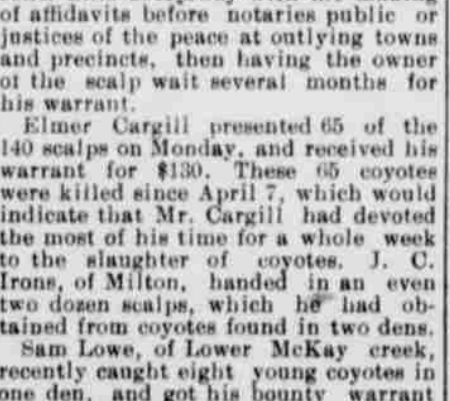

The fare for the round trip is 75
cents. A number of ladies are also
making arrangements to spend next
Sunday in Athena, so as to be present
at the shooting contest, baseball
games and have a visit there with
their friends in addition.
The game is to be called at 1:30 p.
m., in order that it may end in time
for the Pendleton visitors to return
home on the evening passenger train
arriving here at 5 p. m., leaving
Athena at 4:15.

Automobiles in War.
Automobiles are to be used as army
transport wagons. Trial experiments
in France have proved convincing. It
is odd to note the different uses to
which nature and science are put. On
the battlefield they fight for the de-
struction of life, while throughout the
country Hostetter's Stomach Bitters,
one of nature's most scientific medi-
cines, fights to preserve it. For fifty
years the Bitters has been making
strong stomachs and curing dyspepsia,
indigestion, constipation and bilious-
ness. In the spring when the system
is usually run down this wonderful
medicine will be helpful in restoring
your health and strength. It will also
prevent malaria, fever and ague and
as an appetizer it is unequalled. See
that our private revenue stamp is over
the neck of the bottle.

NUMEROUS COYOTE SCALPS.
**One Hundred and Forty Presented for
Bounty in One Day.**
Monday, April 15, will long be re-
membered at the county clerk's office
as the day upon which 140 coyote
scalps were presented and those who
killed the animals received the bounty
of \$2 for each scalp. The new law
seems to be working satisfactorily.
The person who kills an animal upon
which a bounty has been offered must
present the scalp in person to the
county clerk, make an affidavit to the
facts and thereupon receives his war-
rant. This does away with the making
of affidavits before notaries public or
justice of the peace at outlying towns
and precincts, then having the owner
of the scalp wait several months for
his warrant.

Elmer Gargill presented 65 of the
140 scalps on Monday, and received his
warrant for \$130. These 65 coyotes
were killed since April 7, which would
indicate that Mr. Gargill had devoted
the most of his time for a whole week
to the slaughter of coyotes. J. C.
Irons, of Milton, handed in an even
two dozen scalps, which he had ob-
tained from coyotes found in two dens.
Sam Lowe, of Lower McKay creek,
recently caught eight young coyotes in
one den, and got his bounty warrant
for the same.

5¢ WILL BUY A

The Kind You Have Always Bought.

Heppner Wool and Sheep.
The Heppner Gazette says: E. L.
Clarke, a sheep buyer from Utah, is
here buying sheep. He has bought a
band of 3500 mixed sheep from R. F.
Erd, representing the Penland com-
pany \$2 a head, and has several other
deals in view.

Lambing is now in full swing, and
although last week's weather was very
bad, but little loss was sustained, as
the sheepmen now furnish shelter. Up
toward the mountains there is still
snow in spots, but the little lambs are
sunning themselves right along side of
it. The weather is now fine.
The Conser & Hayes sheep started
in with an increase of 200 per cent.
That was where one ewe had two
lambs; but as soon as they began
drugging in singles the per cent was
reduced.

James Hale has bought from Ed
Day 1150 fine and graded ewe year-
lings at \$2.40. Also bought from Mr.
Findley 1500 mixed yearlings at \$2.10.

For 50 Years

BACK TAXES MUST BE PAID

**DELINQUENT LIST IS BEING PREPARED
IN THE SHERIFF'S OFFICE.**

**Several Thousand Dollars Will Be
Collected or the Land Will
Be Sold.**

A force of men is at work in the
sheriff's office preparing the delinquent
tax list for the years prior to 1901.
Every piece or parcel of land in the
county against which there is a delin-
quent tax will be sold in accordance
with law. This means that all prop-
erty owners will be treated alike.

The county court at its session held
in March, and at the adjourned ses-
sion, seemed to be ready to enforce
the collection of these delinquent
taxes, and in order that there might
be no doubt about the legality of their
method of procedure called upon Dis-
trict Attorney T. G. Halley for instruc-
tions as to how to proceed. Mr.
Halley has been giving the subject his
earnest attention, and the warrant will
soon be issued from the county clerk's
office authorizing Sheriff Blakley to
levy upon and sell the property
against which the taxes have become
delinquent.

Amount of Delinquent Taxes.
A bi-monthly statement made by the
county court in March showed the
amount of taxes then delinquent. Since
that time some of these taxes have
been paid.

The bi-monthly statement of the
county court issued the first of March
this year showed taxes for back years
to be \$37,675.08, and tax sales \$8,-
493.32. The exact balances for the
different years will not be known until
the delinquent list has been compiled
and is ready for publication, which
will be on Tuesday or Wednesday of
next week, April 23 or 24.

White Man Turned Yellow.
Great consternation was felt by the
friends of M. A. Hogarty of Lexington,
Ky., when they saw he was turning
yellow. His skin slowly changed color,
also his eyes, and he suffered terribly.
His malady was Yellow Jaundice. He
was treated by the best doctors, but
without benefit. Then he was advised
to try Electric Bitters, the wonderful
Stomach and Liver remedy, and he
wrote: "After taking two bottles I
was wholly cured." A trial proves its
matchless merit for all stomach, liver
and kidney troubles. Only 25c. Sold
by Tallman & Co., druggists.

Blew Up a Church.
The new Christian church near In-
galls, 108 miles southeast of Wichita,
was blown up with dynamite the other
night. It is believed the explosive was
put under the structure by some of the
members of one faction of the church.

The congregation has been divided
for some time and serious trouble has
been expected, although it was not
thought that the intense feeling would
lead to the destruction of the house of
worship.

The persons who actually placed the
dynamite under the structure are un-
known. The police investigation has
been.

The factional difficulty in the congrega-
tion began over two questions,
whether or not an organ should be
used in the church and whether or not
the Sunday school should go outside
the Bible for some of its literature.

In 1899 the organ faction raised
money by popular subscription and
built the new church near Ingalls.
The managers refused to attend services
at the new church.
