HE OWES FOUR MILLIONS  
 Now Has Only \$25 in Coin of the Realm and Asks Bankruptcy.  
 New York, April 18.—With the desire to get a new start in life, as he expresses it, William Edward Coffin, of the former firm of Coffin & Stanton, filed a petition in bankruptcy yesterday in the United States district court. He placed his liabilities at \$4,109,967.25 and assets at \$25 cash. The secured claims amount to \$2,986,172.69, and the unsecured to \$873,134.74. The petition was filed through Boardman, Platt & Soley, counsel for Mr. Coffin.

Mr. Coffin said to a World reporter yesterday: "This load of debt of which I wish to be relieved was due entirely to the failure of the firm of Coffin & Stanton in 1894. Hard times forced us to the wall. Under the law I was liable for the old claims, but, as I have merely the small salary I receive as clerk, I stand no chance of paying them, and do not wish them to be hanging over me for the rest of my life. I am a comparatively young man—forty-five—and I want to live the rest of my life free from debt. I have not contracted a single personal debt. Every dollar named in my bankruptcy petition as owing from me is part of the old firm's liabilities.

"I want to make a new start in life."

You have fair warning now, and if we catch you at it you need expect no leniency. We'll pull you early and often. Dives must go, too. Close up or your address will be the workhouse."

### THE NEW BABY

Opens up a new world to the loving mother. If it is a strong, healthy baby that new world is a world of happiness. If it is a weak, fretful child the new world is full of anxiety. It has been proven in thousands of cases, that the use of Dr. Pierce's Favorite Prescription makes all the difference between strength and weakness in children. Healthy, happy mothers have healthy, happy children. "Favorite Prescription" gives the mother strength to give her child. It makes the baby's advent practically painless and promotes the secretion of the nourishment necessary to the healthful feeding of the nursing child.

"I have been using Dr. Pierce's Favorite Prescription and can say with all truth that it is the best thing I have ever used for my baby. The little fellow is now a healthy, happy child, and I am a happy mother. I began taking it just two months before baby came, and was greatly benefited by its use. The doctor who attended me said I did not do as well as any one he had seen (as I was sick only about three hours), and also that your 'Favorite Prescription' was 'one great medicine, which he did have faith in. We now have a darling baby boy, strong and healthy, who weighed nine pounds when born. During this month he has gained three and one-half pounds. Have never given him one dose of medicine."

## A COMPROMISE AND NO STRIKE

Although the Question is Not Yet Settled.

THIS IS THE REPORTED DECISION

A Final Vote is to Be Taken This Evening by the Management of the Amalgamated Association.

Pittsburg, April 18.—"There will be no strike. The trust will make concessions, and so will the men."

This statement coming from an officer of the Amalgamated Association this morning was taken to be authoritative and described the situation in a nutshell. Working men have no desire to precipitate a struggle, and, to avoid a clash, have decided to make concessions which will be met by the manufacturers. A final vote was to be taken late this afternoon, or this evening, but the probability of a strike seems at this writing very remote. The conference went into executive session at 10 o'clock this morning. Previous to that, a Scripps-McRae reporter made a canvass of the members of the advisory board. Four of them declared that they were not anxious for a strike, but that, if it were asked for, a strike would be declared. President Shaffer said that he was yet in favor of a strike if the interests of the men were jeopardized.

PEKIN FIRE WAS SERIOUS

German General Lost His Life When Trying to Save Others.

Berlin, April 18.—A dispatch from Pekin gives the details of the conflagration which destroyed the imperial palace in which Field Marshal Waldersee, in command of the allied forces, made his headquarters. The fire started in the residence of Major Lauretine, and spread to an asbestos house which Count Waldersee brought from Germany. The house was rapidly consumed. Count Waldersee escaping through the window with the utmost difficulty.

Major General Schwartzkopf, Waldersee's chief of staff, apparently lost his life by re-entering the buildings to help rescue others whom he supposed to be there. It is not known whether there were other casualties. The fire is believed to be the work of an incendiary.

TWO MYSTERIOUS FIRES

Mayville and Rochester, N. Y., Conflagration, Origin Unknown.

Mayville, N. Y., April 18.—The business portion of this city was swept by flames last night, which destroyed the county jail, the sheriff's residence, the Episcopal church, the opera house, the Sentinel plant, and several building blocks. The loss is \$100,000. The origin is unknown.

It is now estimated that property valued at \$300,000 was destroyed. Fourteen buildings were burned.

Rochester, N. Y., April 18.—Three hundred thousand dollars is the estimated loss by the destruction of the New York Central car works in East Rochester, which caught fire at midnight. Fifty cars were also burned. The origin of the fire is a mystery.

TO REGULATE TENEMENTS

New York Legislature Passes Bills and Odell Signs Them.

Albany, April 18.—Gov. Odell today signed the four bills embodying the recommendations made by the Roosevelt tenement house commission. The bills effect these reforms:

Landlords renting apartments to women of bad character are guilty of a felony.

Bathrooms must be provided in every flat.

Sunlight and pure air will be assured in all tenements.

Health regulations are to be strictly enforced.

Firetraps will be done away with.

According to the bills apartment houses are to be classified as tenements. A great effort was made by certain real estate men to prevent this.

Gov. Odell was greatly influenced in his decision on this point by the statement made by Capt. Leo, president of the New York State Builders' League, that it was impossible to keep low women out of apartment houses because they came well recommended and appeared respectable.

The bills provide that any dwelling containing three or more families is a tenement house.

Negroes in Cuban Politics.

Havana, April 18.—Negroes are prevalent that the negroes intend to take active part in politics and that an organization is being perfected under the leadership of Juan Gualberto Gomez.

It is reported from the eastern provinces that negroes are aspiring to political office, and will seek the same at the coming municipal elections. Politicians here fear that this movement will result in the election of several negroes as mayors, as the whites are divided by party lines, whereas the negroes are always united.

OBJECT TO PRO-CHURCHISM

VIENNA REICHSRATH HAS A LIVELY TIME TODAY.

Emperor to Rebuke Arch Duke Ferdinand for Reactionary Sentiments Expressed.

Vienna, April 18.—Turbulence characterized the meeting of the reichsrath when Herr Herzog in a frantic and bitter speech denounced Arch Duke Franz Ferdinand, heir to the throne, who yesterday strongly spoke in favor of the claims of the church or clerical party. Herzog said that Austrians would regard with fear the accession to the throne of a prince imbued with such reactionary principles. Premier Koerber was driven from the chamber by the Emperor to the reply. The emperor has summoned the archduke to reprimand him.

GIVING A CARDINAL A HAT.

Leading Diplomats Attend Public Consistory at the Vatican.

Rome, April 18.—At a public consistory at the Vatican today, a large attendance of leading diplomats and distinguished ecclesiastics witnessed the ceremony of investing the new cardinal with the insignia of his rank. The pope loudly cheered, appeared to be in excellent health and personally pronounced the benediction. At the close of the ceremony, the pope gave a private reception to the chamberlain and commissioners.

BRITISH HAD ADVANTAGE

Several Engagements Give the Boers the Worst of It.

London, April 18.—Gen. Kitchener reported from Pretoria that Col. Kitchener while advancing from Lydenburg found that the Boers had blown up "Long Tom," the big gun which figured in the siege of Ladysmith. They were unable to move it. The English captured thirteen prisoners. Another column under Col. Douglas occupied Dalstroom after an engagement in which six Boers were killed. Plummer's column occupied Bathfont, taking thirteen prisoners.

THE RUSSIAN CENSORSHIP

Even "Ads" Must Be Submitted to the Government.

Washington, April 18.—Incendiary matter has been circulated in every form in Russia, hence the officers censor everything that is printed as rigidly as they did a century ago, says Consul-Gen. Holloway, at St. Petersburg in a report to the state department, advising American exporters upon the preparation of printing matter to be circulated in Russia.

Several Americans have had their advertising matter refused admission upon arrival in Russia, because they had not complied with the Russian laws regarding censorship of the press, which states that everything printed in the Russian language must receive the approval of the chief of the committee on censorship before it can be admitted or circulated in Russia.

Now Monopolize Coast Racing.

San Francisco, April 18.—This afternoon, Thos. H. Williams, jr. representing the new California Jockey club, paid \$200,000 to the San Francisco Jockey club as the first installment on the purchase of the Tanforan and Ingleside tracks. It gives the former club a monopoly of racing on the coast.

Withheld the Cablegram.

Washington, April 18.—The war department received a cablegram this morning from Gen. MacArthur concerning the commissary department and the alleged frauds in Manila. It is withheld for the present, but it is learned that it does not confirm the sensational charges.
