THEIR PHOTOGRAPHERS

On the Race Track and "Snapped" Horses on the Run.
A man has a number of amateur photographers who have become famous in the excellence of their work and a small army of others striving after notoriety. Among these are W. C. Brock, of Brook & Co., and J. P. McMannus, of McMannus & Co. Brock has a number of the latest Kodak and Woodbury cameras. The latter went out to the track early this week and secured a number of photographs in motion, but they were not very when developed. He told tales to W. C. Brock, who is a photographer himself, and was asked that he would go out and make a few snapshots at the horse track. Accordingly they made the trip together, and returned home with a number of snapshots. Mr. Brock did not develop his own, but he did develop those of the other. The result was a number of snapshots which were taken by Brock, but they were not very good. WHEAT REMAINS 45 CENTS

WILL PAY MORE FOR EXTRA CHOICE LOTS OF NO. 1.

Exporters in Portland Cannot Induce Growers to Sell at Present Price Quotations.

Pendleton, April 18.—There is no change in the local price of wheat as compared with a week ago. At outside warehouses wheat is worth 45 cents for No. 1 club and redchaff, while at the mills it is quoted at 47 cents, with a trifle more for extra choice. Not much wheat is being hauled to the mills.

Local Produce Market.

Pendleton dealers are paying the following prices for ranch and farm products:
Butter, 40 to 50c per roll.
Eggs—12c per doz.
Potatoes—75c per sack.
Parsnips, 50c per sack.
Cabbage—4c per pound.
Turnips, 75c per 100 pounds.
Turkeys—Alive, 12c per pound.
Geese—\$12 per dozen.
Ducks—\$4.50 per dozen.
Chickens—\$3.50 to \$4.50 per dozen.

Portland Wheat.

Portland, April 18.—The Commercial editor of the Oregonian says: The wheat market in the East showed a little more life yesterday, and Europe failed to exhibit any weakness in spite of the bearish statistics of the previous day. In the Portland market the ruling quotation was about 57 cents, although some of the dealers were not inclined to go above 56c cents, for Walla Walla. Binestem was nominally two cents higher. There is very little wheat selling at these figures and it would require higher prices to move very much of the crop. If there were any tonnage engagements to be met, freights are easy with no new transactions reported.

Available Grain Supply.

New York, April 18.—Special cable and telegraphic communications to Bradstreet show the following changes in available supplies, as compared with the last account:
Wheat—United States and Canada, east of Rockies, decreased 3,912,000 bushels; about for and in Europe increased 800,000 bushels; total supply decreased 3,112,000 bushels.
Corn—United States and Canada, east of Rockies, decreased 1,143,000 bushels.
Oats—United States and Canada, east of Rockies, increased 34,000 bushels.
Pacific stocks decreased 211,000 bushels last week.

Boston Wool Market.

Boston, April 18.—Business has been slower in the wool market here this week, but prices remain steady. Dealers are under the impression that, although the market is not ready to advance prices, yet the outlook is bright. Territory wools continue to meet with most attention. Fine medium and fine scoured, staple-in, is quoted at 41 to 43c, and the strictly staple articles call for 44 to 45c.
Quotations:
Territory, scoured basis, Montana, fine medium and fine, 44 to 45c; scoured, 42 to 43c; staple, 45 to 46c; Utah, Wyoming and Idaho fine medium and fine, 42 to 44c, scoured, 40 to 42c; staple, 44 to 45c.
Australian scoured basis, spot prices, combed superfine, nominal, 68 to 70c; good, 44 to 65c; average, 60 to 65c.

GEORGE R. DEMOTT, GROCER

Has Been Engaged in Business Here for Twelve Years.

George R. Demott has been in business in Pendleton for 12 or 13 years and during that time has built up a grocery trade that ought to be a source of satisfaction to him. He has a large and fresh stock of the best groceries that can be secured in all the markets and his prices assist him in keeping and adding to his trade from month to month. He keeps continually making improvements at his place of business on the west side of Main street, between Court and Alta streets, so that at present it is one of the neatest in the city of Pendleton, or Eastern Oregon for that matter. The covering of the floor with linoleum, granite set off the interior to advantage, while the painting of the ceiling, shelving, etc., a pure white gives it an air of cheerfulness and cleanliness that is pleasing. But it is the stock of goods and the prices thereof that build up the trade, and there is where Demott shines. As he pays the highest prices for produce, the store has become the headquarters of the farming people.

Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1 bottles, sent by Tallman & Co. Trial bottles free.
