Catarrh Cannot Be Curod With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Ca-tarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Ca-tarrh Cure is not a quack medicine. It was pre-scribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best boild purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing ca-tarrh. Send for testimonials free. F. J. CHENEY & CO., Props., Toledo, O. GET READY TO "PLAY BALL" Pendleton Team Will Be in Shape With-

in Three Weeks Within three weeks the Pendleton baseball club will be ready to hear the umpire gently murmur "play ball." Manager Rader and Captain Hartman are working industriously to have the candidates candidates for position on the team practice so that weak spots may be im-proved upon and defects remedied. It s thought that it will require about three weeks' practice before the club will open in season on the local grounds with a team yet to be selected. The players to compose the local nine have not yet been selected. All the young men of Pendleton who have been accustomed to play, and all who think they can play, have been invited to come out and practice, and compete or a place. No favoritism will in selecting the players. Manshown ager Rader is a new man to Pendleton, and will choose the best material that shows up, regardless of anything that may have happened in former

The practicing is done on the Alta street grounds in the evening. Some of the players work and cannot get through before 5 or 6 o'clock. No systematic improvements will be made to the grounds until after W. F. Matlock returns from Skagway. He is now several days overdue

Ladies' Day.

There is talk of having the opening game a "ladies' day." This would insure a large crowd and it is thought that a clean, snappy game in the presence of such an opening day crowd would be a good advertisement of the game of baseball for the entire season.

WYOMING WOOL ASSOCIATION.

the spectator and certainly very strenu-ous from the standpoint of the men There They Fix the Price for Shearing Officially.

themselves. It is a game that is well worth the candle. There are elements The Eastern Wyoming Wool Growin it that would fascinate any man, but rs' Association was organized at Doug only those of strong muscles, steady nerves and clear heads have any busilas last week. About fifty prominent sheepmen were present. The officers are J. T. Williams, president; J. E. ness with it. From the time the logs start down the chutes till they reach Higgins, vice president; R. F. Potter, J. M. Flynn, L. J. Swan, E. H. Kimball, John A. McDermott, John Morton, O. A. Olson, Jacob Mill and Bernard Rogers. The association the Perry dam the work is a study in fixed the rate of shearing at S cents per head. A reward of \$30 is offered for the conviction of any person mali-ciously killing any sheep owned by There have been no accidents this members of the association. Sheep season but one man had an experience men present at the meeting represent over 220,000 sheep, valued at over \$1,000,000. It is estimated that stockmen representing 500,000 sheep will be proach, when he attempted to step out enrolled within sixty days. The iniiation fee is \$2. Assessments pro rata according to sheep owned will be levied for expenses.

Argentine Losses.

Argentine advices state that the osses of sheep in that country through the recent floods and foot and mouth lisease will not fall far short of 10,-000,000. For the same reasons, wool clip is considerably smaller than last year, and as a rule not so good in quality. Owing to military demands and the frozen meat trade the prices of fat stock keep up, in spite of the losing of British ports against Argenine stock, and there is likely to be a shortage of breeding stock of all kinds.

weeks.

1900 elip.

A Heppner dispatch says that spring sales of yearling sheep are on. About 20,000 head have changed hands thus far this season. Most of the buying has been done by a representative of B. F. Saunders, of Salt Lake, and prices have ranged from \$2 for yearlings of mixed aveas to \$2 40 for straight owes mixed sexes to \$2.40 for straight ewes. These sales are for delivery after shear-

new law prohibiting the use of nickle in the slot machines. E. E. Nichols opened a cigar stand on Commercial State Restings Held in Portland Give

street with a small stock of goods and a 'machine.'' He advertised that for every nickle a customer put into the machine he would give a 5-cent cigar. There was no element of chance in it whatever. A man could buy a cigar for a nickle or could get the cigar by playing the machine. He got no more than the one cigar, however good a "hand" of cards he might turn up. Sheriff Durkin heard that a machine

was running and immediately had the man arrested. District Attorney Hart and Deputy McNary prosecuted the case but had no expectation of con-victing, for there had plainly been no violation of the law. The jury brought in a verdict of "not guilty." It is understood that this "test case" was arranged by those who wish to

was arranged by those who wish to run machines and their expectation is to deceive the public into thinking that a conviction cannot be had under the recent act of the legislature. Machines will probably be put on the counters in all cigar stores and run on the same plan as that operated by Nichols-that is, a man will be given a cigar for every nickle he puts into the slot. In this way people will be-come accustomed to the machines and in time they may be run in plain violation of the law.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney troubles. Only 25c. Sold by Tallman & Co., druggists.
