ATHERNA ACHIEVED VICTORY
DEFEATED WALLA WALLA IN SUNDAY'S BALL GAME.
Score was 6 to 2—Two Men Injured. But Neither Seriously—Big Attendance.

Athena, Apr. 22—Athena added another victory to its string yesterday, by defeating the Walla Walla nine by a score of 6 to 2. It was a great game in every way. The record was broken in the matter of attendance, receipts and enthusiasm, and the game itself was fast and snappy.

Manager Sharpstein brought his nine husky players over on a special train, accompanied by 400 rooters. Milton sent 73 people on the same train, and Weston was here in force.

Pendleton was also on hand to the number of 250, and won this city heart and soul, by wearing Athena colors and lending their assistance in cheering. The crowd at the ground was so great, that, although the diamond was wired off, it was difficult to keep the spectators from interfering with the players.

Intense interest in the outcome of the game made the enthusiasm run high, and loyal rooters of both teams pitted their lung power against each other in their endeavor to cheer the respective nines on to victory. It was a good-natured crowd, however, and splendid order prevailed.

The game started at 1:30, Manager Osburn, of the "Yellow Kids," officiating with the indicator. Walla Walla went to bat first, and failed to score for three innings. Willard scored in the first for Athena, getting a base on balls, stealing second and reaching home plate on a sacrifice hit by Dell and an error at first base. In the fourth, an overthrow from right field to home and a blocked ball gave Walla their only scores, Buckett and Cusher scoring.

Koontz tied the score for Athena in the same inning in the fifth the home players got in their work with the bat and ran bases like professionals. Francis reached first on a hit and went to third on a single by G. Brown. Willard and Dell flew out but Koontz came to the scratch with a nice hit and both runners scored. B. Brown took a base on balls, and Saunders sent a safe one into right field.

The ball was thrown over home to catcher Koontz, and being blocked, allowed R. Brown to score the fourth run for the team. Saunders died at third, St. John going out. That ended the run, making for both sides, good fielding and superior pitching putting the batters out in almost one, two and three order.

Both Played Good Ball.

Both teams played good ball, and, though five errors were charged up to each side, many of them were excusable. Walla Walla was unfortunate, inasmuch as her errors proved the most costly.

The Walla Wallaians are fine individual players, but showed lack of team work, owing to the fact that they have had no previous games. They showed lack of judgment in base running also. They were perfect gentlemen, played clean ball, and gave promise of being the kind of team with which it will be a pleasure to play, and from which it will be hard to win when they get in better practice.

The home players showed that they are a different class, yesterday and yesterday made themselves solid with the admirers of the game.

St. John, the new catcher, did splendid work, and is a valuable addition to the team.

There is no need to say that Saunders pitched excellent ball, for he always does. Yesterday, and yesterday being injured while sliding for second. He resumed play the next inning. Willard, who played a great game with Athena at the third, was struck on the back of the head by a swiftly pitched ball, and required the attendance of a doctor during the evening. He recovered fully, however, and is around to-day. Lawrence Lieualen, of Adams, took Willard's place at third and filled it satisfactorily.

Score by innings:
Walla Walla..... 1 2 3 4 5 6 7 8 9
Athena..... 0 0 1 1 0 0 0 0 0-6

WOULD BUY IF HE COULD
Wm. Rea, St. Paul Sheep Handler, SPEAKS OF THE MARKET.

Prices Here Too Nearly What is Asked in Chicago to Warrant Making Purchases.

Wm. Rea, jr., the sheepbuyer from St. Paul who has for several years purchased annually many sheep in this region, is at the Hotel Pendleton. Mr. Rea was here during the Northwest Wool Growers' association in early March, and left then satisfied that he could do no business here this season. Other buyers likewise, with few exceptions, remained in the east, and made no attempts to purchase sheep. Mr. Rea came again however, to inquire into conditions and learn the truth of the reports that had gone to him in St. Paul and Chicago, in both of which cities he operates. As to his investigations since arriving, he said:

"It looks now as though I cannot buy any sheep here. Prices asked by sheepmen are above the market valuation east from here and in Chicago. Of course, we who buy for shipment east cannot purchase at a profit when the price is so nearly what it is in the market in which we sell."

W. H. Evans, near Pilot Rock, is in Pendleton today. He is interested in two bands of ewes, one of 1000 and the other of 800 head. From the larger band he reports an increase of 116 per cent. of lambs, and from the smaller one 100 per cent.
