## DOUGHBRED SHORTHORNS

Thompson and Jesse Moore purchased Twenty Head.

Thompson, joint representative of Hamilton and Morrow counties, Monday in Pendleton and left for his home near Echo, on his way back from Kansas where he had been with Jesse Moore of Echo, and where they had a carload of Shorthorn bred cattle, 16 bulls and four cows, paying therefor the average of \$145. Mr. Thompson states that Shorthorn breeders are in demand more than to be paid for them of the bulls. Those 20 head will be sold among four stockmen, as follows: Asa B. Thompson, Jesse Robert N. Stanfield and O. F. in the last named being father of the last mentioned. The news in Pendleton to show that the cattle-umattilla county are keeping time with the breeders of other stock, and are going to raise animals that can be produced.

## SCIENCE SETTLES IT.

It is Caused by a Germ That Saps the Hair's Vitality.

Now settled fact that dandruff is the result of dandruff germ. Dr. J. H. Beardsley, of Champaign, Ill., holds of the new hair preparatory Herpicide—the only one that kills the dandruff germ. He used Herpicide for his dandruff falling hair, and I am well with the result." Dr. J. H. Beardsley, of Champaign, Ill., says: "I shall prescribe it." Herpicide kills the dandruff germ. Physicians as well as the general public say so.

## HERPICALS AGAIN SOLD.

amous Black Facing Stallion is Now in Vermont.

Mr. Jere O'Neill, of Boston, has purchased the sale of the black facing stallion, 2:04 1/2, to Messrs. King of Newport, Vt., and been shipped to his new home. In the season in the stud, he will be in the free-for-all over the track by Peter McCabe. The mares bred to Chehalis have foaled, and in every

## WHEAT SOLD AT 50 CENTS

ONE HUNDRED AND TWENTY-FIVE THOUSAND BUSHELS SOLD.

A Half-Dollar Paid at Outside Warehouses and More Than That at Local Mills.

Saturday evening, April 27, was a busy time with wheat buyers and farmers in Pendleton and throughout Umattilla. In the first few hours after noon the sales of wheat in Pendleton probably amounted to 125,000 bushels. Interest grew and considerable excitement developed between 5 and 7 o'clock.

Some of the Purchases. The Western Warehouse company, of which F. S. Curl is manager, bought about 35,000 bushels, paying 50 cents per bushel. Following are the names and amounts: W. P. Temple, of the firm of Temple & Wilcox, 23,527 bushels, the wheat being at Fulton station, on the W. & C. R.; J. B. Kennedy, 4621 bushels, at Warren station; James A. Fee, about 8000 bushels at Fulton, Cayase and Havana stations.

A. L. Knight, local representative of Balfour-Guthrie, purchased the following, paying 50 cents per bushel: Ollie Benson, Havana station, 2400 bushels; H. Lorenzen, Warren station 3000 bushels; and enough more in smaller lots to make about 10,000 bushels.

Byers Buys 40,000. E. W. McComas, representing G. W. McNear, purchased 9000 bushels at Warren and Fulton stations, paying 50 cents per bushel therefor.

Mr. Byers during the day Saturday purchased close to 40,000 bushels. One pool of 32,000 bushels, in which 10 or more farmers had holdings was purchased from E. L. Barnett, cashier of the First National bank of Athena. This wheat is in the warehouses of the O. R. & N. company, from Downing to Adams. E. W. McComas was instrumental in obtaining the wheat for Mr. Byers. In addition to the above-mentioned pool Mr. Byers secured more than 5000 more, 2500 of which is in the warehouse at Wallula, Wash. He also contracted for about 3000 bushels to be delivered at the mill. He paid 50 cents per bushel for the outside stuff, while that delivered at the mill will be from 1 1/2 to 2 cents per bushel more than that.

Pay for a Shave. W. P. Temple, in accordance with custom, went to Privett's barber shop Saturday evening for a shave. After having had his face renovated, he presented in payment a draft for \$11,000 and \$12,000 to Mr. Privett, who, after scanning the paper carefully, decided that it was too big to be changed. This draft was in payment for the wheat above mentioned, that was bought by F. S. Curl.

## MAJOR BARNHART IN TOWN.

Major George Barnhart came back home Sunday from Portland, where he has been visiting for five or six months. He has a farm on the Wildhorse six miles northeast of Pendleton, and about 9000 bushels of wheat at the Saxe and Havana warehouses. He stated this morning that he had been holding his wheat for 50 cents per bushel, but was not inclined to sell in the present condition of the market. He said he might have occasion to feel like the man in the Willamette valley in 1853 who was offered \$5 per bushel and afterwards sold it at 35 cents per bushel, but was willing to take chances. Mr. Barnhart is looking well and will continue his residence in Pendleton except when out on his ranch.

## BIG ATHENA WHEAT SALES.

More Than 114,000 Bushels Go at Fifty Cents.

Athena, April 28.—Yesterday saw more activity among the grain buyers and more wheat was sold in this city than on any one day for several years. The number of bushels bought was 114,253. This wheat is stored at the various warehouses and is of the crops of 1899 and 1900. The price paid was 50 cents.

One lot of wheat, sold by E. L. Barnett, was a pool of 48,253 bushels. F. Rogers, representing the Western Warehouse company, purchased 17,000 bushels of this lot. E. W. McComas, of Pendleton, bought the remaining 31,253 bushels for W. S. Byers, to be ground at his large flouring mills at Pendleton.

G. W. Bradley, of Athena, grain buyer for the First National bank, purchased 20,000 bushels. The highest price paid was 50 cents. Mr. Bradley purchased a few thousand bushels yesterday for 42 cents, it being of an inferior quality.

W. J. Wilkinson, resident agent and manager for the Pacific Coast Elevator company, paying 50 cents, bought 10,000 bushels of wheat at 50 cents per bushel. This wheat is stored at Adams.

A Good Thing. Our great-grand mothers' garrets contained the same herbs of all healing found in Karl's Clover Root Tea. They gave our ancestors strength, kept the blood pure, and will do the same for you if you use it. Price 25 cts and 50 cts. Tallman & Co., leading druggists.

## ENDORSES "WIDOW BEDOTT."

Portland Telegram Says it is a Good Thing.

In support of "The Widow Bedott," that comes here on Wednesday, May 1, the Telegram says:

Horace Ewing as the Widow in "The Widow Bedott," supported by a good company opened a week's engagement at the Metropolitan theatre last evening. The attraction is the best that has been seen in that house for some time. The play, in which the late Bishop was so well known, is diverged from in many ways, many specialties being introduced. The method of the company are better fitted for the vaudeville stage than for actors, but nevertheless, are up to the standard in their parts in "The Widow Bedott." The songs are catchy and are well-rendered. Miss Olive Vail is possessed of an unusually clear voice, and she knows how to use it to the best advantage. Two songs by Guy Tully were well-received. Several other members of the company contributed to the vocal portion of the entertainment.

Ewing in the title role, was a trifle constrained, but he created considerable amusement in spite of that fact. As Elder Sniffles, Edward Clisbee did a good bit of character acting. David Swain as Benjamin Harriman and Guy Tully as Tom Fallett were good. As Fred Harriman, Clarence Lyndon is fair.

The lady members of the company are good. Miss Madge Tucker is enthusiastic and Miss Olive Vail is charming. Alice Wrenn is up to her

part as Dotty Sniffles. The "Widow Bedott" will run the balance of the week.

## A PINK HARVEST RIG.

Athena Men Will Have as Good as They Make.

Athena, April 28.—Herman Leppold, who has been conducting a blacksmith shop in this city for several years yesterday leased his shop to W. S. Buell, and will leave this evening in company with Mr. Frank Martin of the firm of Martin & Lemery, extensive reservation farmers, for San Francisco. Mr. Martin while in that city will purchase an auxiliary engine to run their separator. They have just purchased from the J. I. Case company a 75-horse power engine to propel their large combine harvester. When this machine is put in running order, Martin & Lemery will have one of the best harvesters in the west. Mr. Leppold will have charge of the engine, he being a very skillful engineer.

The Athena Third nine, known as the "Juveniles," played ball on the home diamond on Saturday with a picked team from the high school of Weston. They defeated the visitors with a score of 72 to 22. The "Juveniles" claim that the Weston boys were easy and that they could have made the score 100 to a shut-out, but did not like to beat the boys too badly. This is the second game played this season by this nine, in both of which they have come off victors.

C. A. Fischer this week had A. E. Armstrong painting the fronts on his Main street property. It makes them look like new, and Mr. Fischer's example should be followed by others. This is the year for improvement as well as growth of our little city.

W. S. Byers during the day Saturday purchased close to 40,000 bushels. One pool of 32,000 bushels, in which 10 or more farmers had holdings was purchased from E. L. Barnett, cashier of the First National bank of Athena.

This wheat is in the warehouses of the O. R. & N. company, from Downing to Adams. E. W. McComas was instrumental in obtaining the wheat for Mr. Byers. In addition to the above-mentioned pool Mr. Byers secured more than 5000 more, 2500 of which is in the warehouse at Wallula, Wash. He also contracted for about 3000 bushels to be delivered at the mill. He paid 50 cents per bushel for the outside stuff, while that delivered at the mill will be from 1 1/2 to 2 cents per bushel more than that.

Pay for a Shave. W. P. Temple, in accordance with custom, went to Privett's barber shop Saturday evening for a shave. After having had his face renovated, he presented in payment a draft for \$11,000 and \$12,000 to Mr. Privett, who, after scanning the paper carefully, decided that it was too big to be changed. This draft was in payment for the wheat above mentioned, that was bought by F. S. Curl.

## IT WILL DO YOU GOOD.

A blood purifier and tissue builder is Karl's Clover Root Tea. Sold for half a century on our guarantee. Money refunded if results are not satisfactory. Price 25 cts and 50 cts. Tallman & Co.

## BEST EVENT OF SEASON.

"Nathan Hale" Will Equal Dan Sully's Engagement in "Parish Priest."

The best event of the season, "Nathan Hale," with the brilliant Howard Kyle in the title role, will please lovers of fine drama and characterization better than did Dan Sully in "Parish Priest," and Dan Sully was one of the best seen in Pendleton. It comes on Friday, May 2.

"Nathan Hale" stands alone as a brilliant example of the representative American play. It treats of the life of the glorious patriot spy, who, at the age of twenty-one, faced death on the gallows without a tremor. His ambition found its noble climax in the sacrifice of his life for his country's good. He secured information which he conveyed to Washington that enabled that great general to frustrate the plans of the British. Although Nathan Hale paid the penalty of his patriotism with his life, he died bravely in the thought that he had saved his country. The play shows his untimely death is lightened by a sweet heart, Alice Adams, for whom his love, great as it was, still gave place in importance to his country's need.

The moving spirit of this great play, "Nathan Hale," will be interpreted by the brilliant young American actor, Howard Kyle, whom nature has endowed with the essential qualities for this role. This is the opinion of the author, Clyde Fitch, who is enthusiastic over the superb company that Manager W. M. Wilkinson has brought together.

## LOOK AT YOUR FACE.

And see if it is reflecting health or disease. Karl's Clover Root Tea beautifies the face and complexion, and assures perfect health. All druggists sell it. 50 cents a bottle. Money refunded if results are not satisfactory. Tallman & Co.

## NOTICE TO CONTRACTORS.

Notice is hereby given, that the common council of the city of Pendleton will receive bids for the grading and graveling of Wagon street from Oak street on the west to its intersection with Court street on the east, said grading and graveling to be done in accordance with provisions of ordinance No. 353. Measurements to be furnished by the city engineer. The common council reserves the right to reject any or all bids. Bids to be filed in the city recorder's office on or before April 29, 1901.

By order of the Common Council. J. E. BEAM, Recorder.

Dated at Pendleton, Ore., April 18, 1901.

## SICK HEADACHE ABSOLUTELY AND PERMANENTLY CURED BY USING MOKI TEA.

A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cents and 50 cents.

## IT'S A SHORT ROAD FROM A COUGH TO CONSUMPTION.

Don't neglect a cough—take Shiloh's Consumption Cure when your cold appears. The "ounce of prevention" is better than years of illness.

"I suffered for years from a rough, bronchial and lung trouble. I had blood in my sputum, and the doctors and other parts of me but got no relief. Returned one and one-half bottles, and my lungs were plainly cured. I consider it the greatest of medicines."

HENRY T. DETCHER, With F. L. Camp & Co., Booters, Sufolk, N. V.

Shiloh's Consumption Cure is sold by all druggists at 25c, 50c, \$1.00 a bottle. It is guaranteed to cure every case. If you are not satisfied go to your druggist and get your money back.

Write for illustrated book on consumption. Sent without charge to C. C. M. Co., druggists. For sale by Tallman & Co., druggists.

## TWENTY THOUSAND SHEEP

Sales in This County This Spring—Price \$1.75 to \$2.50.

Umattilla county has sold approximately 20,000 sheep at prices ranging from \$1.75 for yearling wethers delivered after shearing, to \$2.50 for mixed yearlings, same delivery. These figures are almost identically the same as those recorded for last spring.

The sheep market was deadlocked for many weeks, owing to the belief on the part of the sheepman that the buyers were too low in their valuations, and the insistence by the buyers that the growers were too radical in their demands. The pressure of too many sheep for the range available, and on the other hand of the desire of the buyers to get sheep, caused a sort of compromise, the prices paid being between the figures set earlier in the year by the seller and buyer.

E. A. Rugg has sold 2000; Peter Bianchetti, 2200; Antone and Joe Vey and Joe Cunha about 10,000; and other sales bring up the total to about 20,000. J. E. Smith, the Pilot Rock breeder, Rugg Brothers of Pendleton, and Tivis N. McBroom, a stockman from south of Pendleton, said today that all livestock owners are asking for rain. Said Mr. Smith:

Although light showers have fallen at times, really no amount of rain has fallen for two months. The range begins to show the effects, and in this respect, at least, the conditions are unfavorable.

## PLAYED OUT.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood. No matter how it became so, it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure scrofulous or syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. For sale by Brock & McComas.

## NEW IRRIGATION DEVICE.

A Walla Walla Operator Has a Water Wheel.

R. A. Smith, stenographer at the Oregon Railroad & Navigation company's city ticket office, has an invention which he believes is destined to revolutionize irrigation along the banks of the Columbia, Snake and other rivers and convert veritable sandbanks into gardens of plenty, says the Union.

The machine consists of a wheel to be operated by the current of the stream. The wheel works on a vertical shaft and the arms on which the paddles which the water effects are from 10 to 25 feet in length according to the wish of the builder or the amount of power he may wish to generate. These arms are so constructed that when they are forced toward the bank by the action of the current they raise and swing backward, the advantage in this being that the machine may be set in which it is to work. The power thus created can be applied to pumping water or to the generation of electricity, and it is the belief of Mr. Smith the inventor, that as soon as the merits of his machine are discovered by the farmers who live near running water, much good will result.

## THERE WITH GOODS.

If you give your grocery orders to Martin he will be "there with the goods." Finest canned goods and dried fruits in the city always on hand; also, nice fresh vegetables. He is sole agent for J. B. (Jacob Borne) celebrated butter. Low prices and high quality Eastern hams and bacon. A nice line of smoked fish. All the good brands of pickles, sauces and relishes. Florida strawberries in the market in a few days.
