A head end collision occurred last Saturday night between two passenger trains at a station on the O. R. & N. between Umatilla and Walla. One train was on a siding waiting for the other train to pass. The switch not being properly set allowed the moving train to run onto the sidetrack and the collision resulted. Both engines were taken to Umatilla on Sunday.

DEATHS AT WALLA WALLA

G. W. Somerindyke and Dana Mathoit Pass Away.
Walla Walla, April 30.—The death of George W. Somerindyke, a well known citizen of this city, occurred yesterday afternoon at his family residence, 227 Boyer avenue. His funeral arrangements will be announced later.
Mr. Somerindyke was born in New York city 82 years ago and came to California by way of Cape Horn during the gold excitement of '49. He was the father of three children. His wife and two of his sons survive him. The latter are: George W. Somerindyke, jr., of Seattle, and Charles Edward an infant. Fred J. Somerindyke, another son, was buried in Walla Walla a year ago.
Like a thunderbolt from a clear sky came the news on Sunday morning that Dana Mathoit, a popular Walla Walla young man had passed away at Portland, Ore. The first intimation that he had suffered serious illness was when a telegram was received by his mother Sunday morning announcing his death. Dana Mathoit was born 32 years ago in Marion county, Ore., and came with his parents to this city when 10 years of age.

BALLIET IS IN TROUBLE

Deputy Marshal Roberts Wants Him for Alleged Wrongful Use of Mails.
Baker City, Ore., April 30.—Deputy United States Marshal Roberts, of Portland, arrived here yesterday for the purpose of subpoenaing witnesses in the case of the United States vs. Letson Balliet, on an indictment in the United States court for the southern district of Iowa, at Des Moines, for the unlawful use of the United States mails, in connection with the White Swan mine stock. The White Swan is a mine of Eastern Oregon located near Baker City. Balliet has operated in Colorado, Idaho, Utah, California and Mexico. He is owner of the Baker City Herald.

State Fair Premium List Out.

Secretary M. D. Wisdom has just received from the printer the state fair premium list for 1901. Over \$10,000 is offered for premiums on livestock and farm products, and it is by far the largest and best premium list ever offered in the state. The list has been thoroughly revised and brought to date in every department. New premiums have been added, and others increased on articles most worthy of merit. Oregon can boast now of as complete and liberal premiums as any state in the union, and it had work and earnest efforts on the part of the management count for anything. The fair itself will compare favorably with those of other states, and will be the best ever held this side the Rocky mountains.

Bought a Half Section.

John Harvey was in Pendleton today and completed a deal that has been in progress for several days whereby he bought 320 acres of land in Despain county. The property is the east half of section 16, township 3 north, range 32 east. It was taken up in 1882 as a soldier's claim and has changed hands a number of times. Miles C. Moore, ex-governor of Washington, had it in his name for a while, as it was part of the Baker estate. Mr. Harvey bought it from Frank Baker, who is now in California. The price paid is \$20 per acre.

Meeting of Sportsmen.

There will be a meeting of the Pendleton Sportsmen's association on Thursday evening, May 2, at 8 o'clock, in the council rooms. A discussion will occur on matters pertaining to the 17th annual tournament of Sportsmen's association of the Northwest, which will be held at Walla Walla on June 25-29.

DOES BIG ALASKA TRAFFIC

JAMES LIPSCOMBE TELLS ABOUT THE YUKON COUNTRY.

A Former Pendletonian Who is Now in the Railroad Business at Victoria.

James Lipscombe arrived in Pendleton this morning from Portland, where he has been enjoying a few days vacation from his duties as a freight and passenger solicitor at Victoria, B. C., of the White Pass & Yukon route, the only railroad on the Alaskan peninsula. Mr. Lipscombe formerly lived in Pendleton, having been manager of the Western Union and also in the employ of the O. R. & N. Co. here in both freight and passenger departments.
He will remain for a few days only. Having relations with the Yukon road, he has a complete knowledge of the volume of traffic flowing into the Yukon valley. His opportunities, too, to learn of the conditions obtaining in the Klondike mining district are ample.
"Last year we sent 25,000 tons of merchandise into the Dawson district. This year the prospect is excellent to exceed this record. As a matter of fact, we are now equipped to dispatch freight so quickly and at such reasonable rates that much of the business formerly going to Dawson, via St. Michaels and the up-river route, comes to us and goes over our lines. Even the big commercial companies, the Alaska Commercial Co., the North American Trading & Transportation Co. and other big merchandising concerns owning their own boats on the river and owning or having in charter a number of ocean vessels plying to St. Michaels are giving our road considerable freight.
Bright Future for Klondike.
"From conservative men who have spent several years in Dawson and in other Yukon territory, I learn that the district commonly known as 'the Klondike' has not yet been much worked, while as to the Yukon valley as a whole the miners have scarcely begun to prospect. Large as the output now is from the Dawson and other districts, the future promises increase such as will make present returns seem small, indeed.
"The permanency of the Yukon country is assured. It is not, as some argue, an effervescent mining boom that will collapse and leave nothing but ruin as a reminder of the one-time activity.
"I was in Dawson last year. Old time stampanners would not recognize the town now. Whereas in 1897 and 1898 the place was only a camp of log cabins and tents, now there are well built houses, fine places of amusement, electric lights, waterworks, telephones, and telegraphic communication with the outside world. The evening suit has displaced the rough mailman, and social affairs there are brilliant and quite up to date."

IN THE HELIX PESTHOUSE

Price McDaniel Has Almost Recovered From Smallpox.
Price McDaniel has finally been located, after having been traveling over Walla Walla county, Wash., and Umatilla county, Ore., suffering with smallpox and with no place to lay his head. He had a peculiar experience. He was a section man of the W. & C. R. railway, at Vansycle, and on a trip to Walla Walla was found to be afflicted with smallpox. He made application to Dr. Bingham to get into the hospital, but instead was turned over to the Walla Walla health department. Here he got another turn down, and was not even sent to the city pest-house and given ordinary care and attention. Although suffering from smallpox and a menace to the health of those with whom he came in contact, he had to travel, and that too, when he was without money to pay his fare, or for meals. In some manner not yet explained, he made his way back to Helix on the W. & C. R. railway. He was found there on the evening of April 16 living alongside the railroad track by County Commissioner Walker, who sent a doctor to him, with instructions that he be taken to the pest-house, where Bert Johnson was quarantined. He also having the smallpox, and both have now practically recovered and are ready to be released within a few days. McDaniel did not have blankets to keep him warm in the pesthouse, so they were supplied to him.

Cold-Blooded Walla Walla.

The officials of Walla Walla who turned McDaniel's away have not given a satisfactory reason for their action. If they had been anxious to prevent the spread of the disease, and at the same time obey the ordinary dictates of human conscience they would not have acted in such a cold-blooded manner.

PERSONAL MENTION.

Jerry Vandevanter, an attorney of La Grande, is a visitor in Pendleton.
G. W. Hunt, came up from Echo last evening and will leave tonight for Portland.
"Red" Anderson has returned from Charles Cunningham's ranch, where he has been employed.
Hadwin Swain, of the Hadwin Swain Manufacturing company, of San Francisco, is in Pendleton today on business.
Horace Walker sold close to 1000 bushels of wheat at Helix on Saturday to the Balfour-Sutcliffe company at 50 cents per bushel.
Will C. Moore returned from Walla Walla Monday evening, accompanied by his wife, who has been visiting relatives there for a week.
H. Rosenzweig, of Athena, came to Pendleton Monday on a brief visit and attended the meeting of Damon lodge, No. 4, Knights of Pythias, in the evening.
Mrs. W. F. Matlock received a letter this morning announcing the departure of Mr. Matlock from Skagway on April 23. Judging from that he should be in Pendleton by Wednesday, May 1.
John Bell, of Athena, is in Pendleton today. He will drive back home in a handsome phaeton purchased from Temple & Wilcox, while his team of horses will wear new harness from Joe Ell's manufactory. Mr. Bell has 1500 acres of winter wheat this year.
W. H. Evans was in town on Monday from the Pilot Rock country. He says the lambing season is about at an end and that the results have been satisfactory to sheepmen. The increase of lambs in the county, as compared with the ewer will be about 90 per cent.
Mrs. Nellie H. Lambson, of Portland, state commander of Oregon of the Ladies of Maccabees, spent several hours in Pendleton last Saturday evening. While here she appointed Mrs. Alice Smith her deputy for Eastern Oregon. Mrs. Smith will enter upon the discharge of her duties at once,

and will consequently have to travel considerably, visiting the wives of this section of the state.

W. M. Rudlo, who formerly was a merchant in Long Creek and who for several years has operated as an exporter of cattle to the Klondike, has decided to go again to Long Creek and continue his mercantile business. He has lived for some time in Walla Walla.
Robert McConnell received a telegram on Monday, that his sister, Mrs. Fannie Weaver, was dangerously sick at Lind, Wash. Mrs. Weaver is also a sister of Mrs. John Young and Mrs. Charles Finqua. The latter left on the W. & C. R. train Monday evening in response to the telegram.

MONEY FOR THE WHITMAN

Dr. Pearson, of Chicago, Gives Another \$50,000.

Walla Walla, April 30.—The announcement was yesterday made that Whitman college was to receive an additional endowment of \$50,000 to become available as soon as the sum of \$25,000 has been secured and devoted to the erection of a girls' dormitory. There is no limit placed upon the offer and it will hold good for the next five or six years if need be. Dr. D. K. Pearson, of Chicago, who has already given the sum of \$120,000 to Whitman and who is known all over the west as the benefactor of many struggling educational institutions, is the donor and the condition he has placed on his gift is for the purpose of spurring on the effort to secure a young woman's dormitory which is greatly needed at the institution.
When seen yesterday by a reporter for The Union, President Penrose, of Whitman college, made the following statement regarding the princely gift: "Whitman already has an endowment of \$200,000 but the addition will come in good play."

An Old Dead Recorded.

A deed dated March 1, 1894, was recorded April 29. It was from Thomas J. Conrad and wife to Edgar L. Smith. The consideration was \$16,000. The premises conveyed were 900 acres of land, as follows: The northeast quarter and the southwest quarter of section 2, township 5 north, range 32 E. W. M.; also, the southeast quarter of section 14, the northeast quarter of section 23 and the west half of the northeast quarter and the east half of the northwest quarter of section 10, township 5 north, range 32 E. W. M.

WIDE TIRE WAGONS.

The Owners Thereof May Obtain a Remission of Road Taxes.
In order to induce farmers to use wagons upon which the tires are three inches in width or wider, a law was passed by the legislature and approved February 17, 1899, which may be of interest. It is as follows:

"That from and after the first day of January, A. D. 1900, the county court or county board of each county within this state is hereby authorized to make a rebate each year, for four years, on the road tax of each person within its county who shall own and have in habitual use on the highways of this state wagons or other vehicles for the transportation of freight and other heavy articles, the tires of which are not less than three inches in width,—of one dollar for each wheel of such vehicle; and provided, further, that the owner of each vehicle having tires on not less than four inches in width upon which there is a difference of at least eight inches in the length of the front and rear wheels will no come in contact with the same road surface while the vehicle is moving in a straight line, shall receive in addition to the aforesaid rebate, a further rebate, for four years in his or her road tax as aforesaid, of two dollars in each vehicle of this class for each and every year during said period that said vehicle is used upon the highways of this state."
County Assessor Buzan states that he assesses all wagons according to their value, regardless of width of tire. If the owners wish to take advantage of the law and obtain the rebate, they must get it through the county court.

"Nerve Waste."

One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast mass of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity.
It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nervous impairment."
The book is \$1.25 by mail postpaid.
One of the most interesting chapters—chapter 25, on Nerve and Nerve Tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp by the publishers, THE PACIFIC PUBLISHING CO., Box 260, San Francisco.
Daily East Oregonian, delivered by carrier, only 15 cents a week.

SAD DEATH OF A CHILD

TINCTURE OF ACONITE WAS GIVEN INSTEAD OF COUGH MEDICINE.

The Mistake Discovered Too Late—Child Died in Less Than an Hour.

Theodore Kruger, aged eight months, son of Mr. and Mrs. Herman Kruger, died at their home on Franklin street, at 8 o'clock on Monday evening, April 29. The little fellow had been ill for several days and the attending physician had prescribed a cough medicine. This medicine was in a bottle, and from it doses had been administered to the child for several days. At about 7:30 Monday evening the mother went to give her boy a dose of the cough medicine. Instead of the proper medicine she gave the child a dose of tincture of aconite. Paralysis of the throat resulted and the boy died in about a half an hour. The bottle of aconite was plainly marked "poison" and on the label were minute directions for its use.
The Funeral This Afternoon.
The funeral of the little boy was held from the home of Mr. and Mrs. Kruger at 3 o'clock this afternoon, the exercises being conducted by Rev. W. E. Potwine, of the Church of the Redeemer.
The Baseball Grounds.
Owing to the fact that some of the members of the Pendleton baseball club are going to Walla Walla next Sunday to watch the game between the Athletics and Walla Walla niners, the challenge of the Gamblers to play the local club will be temporarily overlooked. The grounds are not in shape for practice, but that will be remedied at once. The news that W. F. Matlock will arrive home within a day or two sounds good to those interested in baseball. It means that the necessary improvements will be made at once.

While in Portland

We purchased a manufacturer's line of sample china at a bargain. We will give some startling values in these later.
We also purchased a job lot of Johnson Bros., white semi-porcelain at less than jobbers cost that we will sell at the price of common ironstone ware.
The price list will be published upon arrival of goods. Watch this space for it.
