PACIFIC NORTHWEST NEWS.

How many mothers realize that when the baby's advent is expected they need strength for two instead of one. Women, weak, nervous, just able to drag around, find themselves confronted with coming maternity. They have not strength enough for themselves, how can they have strength to give a child? We don't look for the birth of strong ideas from a weak mind. Why should we expect the birth of strong children from weak mothers?
The way to ensure health and strength to mother and child is to use Dr. Pierce's Favorite Prescription as a preparative for motherhood. It brings the mother's strength up to the requirements of nature, so that she has strength to give her child. It nourishes the nerves and so quiets them. It encourages a natural appetite and induces refreshing sleep. "Favorite Prescription" makes weak women strong and sick women well. There is no alcohol in "Favorite Prescription" and it is free from opium, cocaine and all other narcotics.
I wish to let you know the great benefit my wife derived through taking your Favorite Prescription," writes Mr. Robert Harrison, of Brandon, Manitoba, "It was when her baby came. We had heard so much of your medicine that my wife decided to try it. It may say my wife's age was thirty, and this was her first child. She commenced to take "Favorite Prescription" five months before her child was born. We have a fine healthy girl, and we believe that this was mainly owing to the "Favorite Prescription" taken faithfully according to directions. We shall certainly recommend it wherever we can.

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

THIS WAS A BIG DAY FOR SPECULATORS
Corn Was Pushed Up to 55 Cents.
PHILLIPS SQUEEZED THE SHORTS
In New York Giant Financiers Battled for Control, and Sent Up Atchison.
Chicago, May 2.—It was the wildest scene of the year, in the corn pit this morning, when Corn King Phillips continued to mercilessly squeeze the shorts and sent the price of May corn up to 55 cents a bushel. The shorts have at last come to a realization of the fact that Phillips controls all the contract corn in the country, and, when the Board of Trade opened today, they made frantic efforts to buy at 50 and 51. When they saw that none was to be had at those figures, the excitement became intense, and, after the wildest sort of bidding, the price advanced to 54. A few sales at this notch held the market steady for a short while, but another lively demand sent it up to 55.

ATCHISON THE FEATURE

Battle of the Giants Waged to Control the Roads.
New York, May 2.—The sensational feature of today's stock market was Atchison common stock. It closed last night at 76 1/8. Early this afternoon, it reached 87 3/4, an advance of 11 5/8. By 2:30 o'clock, half a million shares had been dealt in, the activity being based on reports that the Atchison, Topoka and Santa Fe had been acquired by the Pennsylvania, which report can not be confirmed. At 2 o'clock this afternoon, Union Pacific was 131 3/4, and 100,000 shares had changed hands in a desperate fight between the great moneyed interests to gain control.
Russell Sage again was pessimistic this afternoon, saying that a break will come like a thief in the night and that the general smash will not take six hours time before some big house fails. Senator Hanna said: "Uncle Russell is off the path. There will be no Black Friday. We've turned over a new leaf. We cannot measure the present by the past."

BEARS INNING IN NEW YORK.

Markets in Stocks Irregular. Owing to a brief inning on the Stock Exchange this morning, and the market was extremely irregular. Lower prices from London influenced the irregularity some, and, at 11 o'clock, stock was bobbing around like jumping jacks. The scenes around the posts of the active stocks were even more exciting than during the heaviest days of the past week. Union Pacific touched 132, but soon fell off to 127 3/4.
The dealings in Union Pacific common stock in the first hour and a half exceeded 250,000 shares. At noon the price was 129.
Speculators Buying Jewels.
New York, May 2.—The boom in Wall street is reflected each evening in the business done in the cafes and uptown hotels. The bar receipts are running up into the thousands each day. The jewelers also are doing a big business, many of the speculators investing a good portion of their winnings in presents for their wives and sweethearts. Many women are joining in the gambling. About all of them are on the right side of the market and are making money.

WILL IT HELP OR HINDER

Morgan Steamer Fleet Purchase and the Subsidy Bill.
New York, May 2.—Whether the purchase of the Leyland fleet by J. Pierpont Morgan will help or hurt the ship subsidy cause is a question that is bothering the shipowners. Some of them contend that the purchase will be helpful, because it will stimulate American pride in the ocean carrying business, and will create a demand for more ships.
Men who fought the subsidy bill last winter contend that the Morgan purchase of the fleet is an argument on their side. It shows, they say, that the American merchant marine will grow without the subsidy, even if the subsidy paid it will be absorbed by a few trusts.

PRESIDENT IS WAY DOWN IN DIXIE

Visited Southern University This Morning.
LEAVES TONIGHT FOR HOUSTON, TEX.
Outpourings of People Along the Way Were Larger Than During the Beginning of the Trip.
New Orleans, May 2.—Escorted by a detachment of mountain police and a Louisiana cavalry troop, President McKinley this morning visited the Southern university, a colored institution. The presidential train leaves for Houston, Texas, at 6 o'clock tonight.
The presidential party traveled across the cotton belt yesterday from Memphis almost to the Gulf of Mexico. Down the low lying Yazoo valley, fertile as that of the Nile, the train went to old Vicksburg teeming with its memories of 30 years ago, and thence east to Jackson, the capital of Mississippi and from there down into the land of the magnolia and the orange to this romantic city near the mouth of the Mississippi, with its traditions of French and Spanish rule.
The outpourings of people to see the presidential train along the route today was larger than the two previous days and the demonstrations at Vicksburg and Jackson, the two principal stops were very striking.
Crowds Impeded Progress.
At some of the stations the crowds actually impeded the passage of the train and the engineer was obliged to slow down to avoid the danger of running over the enthusiastic people.
As the sun was lowering the train crossed the bayous with their tangles of moss-covered cypress and live oak and skirting Lake Pontchartrain, steamed into New Orleans. This is the first time New Orleans has ever had a visit from the chief magistrate of the nation and it was a royal reception which the old city extended to President McKinley. The air was full of the boom of cannon and the screams of the whistles of the harbor craft as the train drew into the station.
Greeted by Dignitaries.
At the depot the president and his party were greeted by Gov. Hoard, Mayor Capersville, Senators McHenry and Foster, the entire delegation to congress, the city court and representatives of the various exchanges. While the mayor was formally extending the hospitality of the city to the president, a fine military band was completely drowning his words with New Orleans' favorite air, "Louisiana Lou." The president and his cabinet, with the other gentlemen of the party were given an elaborate banquet at the St. Charles hotel in the evening. Today the party drove about the city in the morning and in the afternoon took a sail along the river front.

FOR MUTUAL ADVERTISING

That Was Why Mrs. Nation Was Fined by a Judge.
Kansas City, Mo., May 2.—Police Judge McCauley has remitted the \$500 fine he imposed on Carrie Nation for alleged obstruction of sidewalks. He says the whole matter of the fine and his speech on that occasion were pre-arranged for mutual advertising.

OF A ST. PAUL TRAGEDY.

St. Paul, Minn., May 2.—The body of 3-year-old Joseph Rosenfeld was found in the river this morning, confirming the suspicion that he with his two younger brothers and sister had been drowned by their father, who then drowned himself, a week ago.

DESTROYED A MONUMENT
