MADE NINETEEN ROUND TRIPS. W. F. Matlock Has Taken That Many to Alaska.

A discussion of the subject has brought out the information that W. F. Matlock has made 19 trips to Alaska during the past four years. Most of the trips were made between Seattle and Skagway, but a few of them were between Victoria, B. C., and Skagway. In addition Mr. Matlock has made three visits to Dawson from Skagway and may be said to be quite well acquainted with the journey by this time.

The White Pass railroad runs one passenger train daily between Skagway and White Pass, except on Sunday. One freight train daily is generally sufficient to handle the business, but occasionally when there is a rush it becomes necessary to run two or three freight trains a day for a few days to catch up. About nine cars are generally carried on the freight trains, the capacity of each being from 18,000 to 24,000 pounds. The railroad is a narrow-gauge and the cars are consequently much smaller than on the roads of ordinary gauge through this country.

MR. EPPERSON "ROBBED" Touched for Eighty Dollars and a Knife While Drunk.

Fred Lloyd is in the county jail charged with the crime of larceny from the person. This is to distinguish the difference between that crime and larceny from a building. The person in this case was a Mr. Epperson, who claims to have been working for N. H. Crest, shearing sheep by machinery on East Birch creek, near Pilot Rock. Epperson and Lloyd were around together drinking early Wednesday evening at the Golden Rule hotel, when the former secured to have plenty of money. They went out onto the side-

walk and talked awhile, and from that time they were separated.

When Lloyd came down town Thursday morning he went to Little Henry's saloon, and had not been there a great while when arrested by Marshal Heathman and deposited in the county jail. Epperson managed to be able to swear out a warrant before Justice Fitz Gerald this morning, but it was quite a struggle for him in his inebriated condition. Lloyd will not have his hearing until Epperson partially recovers from his spree.

Lloyd when interviewed in jail this afternoon stated that he had not seen Epperson Wednesday night after they separated on the sidewalk near the Golden Rule hotel, and that he was consequently considerably surprised when arrested. After the arrest Lloyd was searched and Epperson's pocket-knife was found upon him, but no money.

Fred Lloyd worked around the State saloon last winter as roustabout, but has been working on the reservation for Tom Tweedy for the past three weeks.

F. R. MELLIS IN BUFFALO. Foot and a Half of Snow—2,000,000 Gallons of Water.

Fred R. Mellis, formerly a merchant in Pendleton, who went from Baker City a few days ago to take charge of the American exposition at Buffalo, N. Y., writes to a personal friend under date of April 21:

"Arrived here this morning. After leaving the street car it took me one-half hour to wade through one and one-half feet of snow and 2,000,000 gallons of water to reach the exposition grounds. Mr. Doseh was not there and it was impossible for me to wade back. I telephoned for a hack which came in about 2 hours, and the driver charged me \$2 for taking me back to town. I struck the Iroquois hotel, which charged me \$2 per day for room. Everybody takes the stranger in here and I have not worth 50 cents. Suppose I'll get something more reasonable after awhile.

"It is raining pitchforks all the time and as it is Sunday I cannot buy an umbrella. The blizzard broke the glass of the roof of the building in lots of places and played smash in general. The exposition buildings look fine and if the weather moderates things will probably look up all right. "With the exception of the bad weather, and the effects of a little work of water, I am feeling quite well, thank you."

OF REVOLUTIONARY TIMES. "Nathan Hale," An American Play Dealing With American Characters.

The same nerve that tingled on that memorable first of May, three years ago yesterday, when Dewey's shot rang around the globe, will have an opportunity to vibrate again tomorrow, Friday night, when Clyde Fitch's stirring play of the revolutionary days, "Nathan Hale," will be presented with all the massive scenery and elaborate costumes seen during its long New York production at the Knickerbocker theater.

"Nathan Hale" is essentially an American play, written by one of our foremost American authors; it deals with a purely American subject. It is full of historical personages, and the atmosphere of those dark days of the early struggles of the patriots is faithfully preserved. Mr. Howard Kyle who plays the title role has attained the reputation of one of our foremost leading men. He is a great metronome, litan favorite and is physically and intellectually admirably suited to embody Nathan Hale.

A Balloon Ascensionist Killed. News comes to us of a balloon ascensionist who was killed while making one of his daring trips. His hands slipped from the trapeze and the horror-stricken crowd saw a sight they will not soon forget. Life is too valuable to trifle with in fool-hardy adventures. It is best to enjoy ourselves in peaceful pursuits which may be secure. Then if we take care of our health we can live to a good old age. The best means of promoting health is Hostetter's Stomach Bitters. This medicine aids digestion, regulates the bowels and cures dyspepsia, indigestion, flatulency and insomnia. It will also prevent malaria, fever and ague, which is prevalent at this time of the year. Be sure to try it.
