WALLA WALLA WEDDINGS

Thomas and Stahl-Ross Nuptials Celebrated.
Walla Walla, May 3.—In St. Patrick's church, on Wednesday evening, occurred the wedding of Thomas Page and Miss Lulu Thomas. Mr. Page is a well known Walla Wallan who is at present in the employ of the state at the penitentiary in this city. He was some time engaged in business here, as a friend by the score and the name of "Tom" Page is a password to good fellowship with all who know him. Miss Thomas, the bride, is a Walla Walla girl. She received her education in this city in the public schools and in St. Vincent's academy. She has long been prominent in society, here she is a prime favorite with young and old alike, and all unite in the wish that she may be as happy as she has made others by her many little acts of kindness.
The marriage of Frank Stahl and Miss Lulu Rose occurred last evening at 8 o'clock at the residence of the bride's mother in West Main street, where William Glasford officiating, immediately after the ceremony the young couple left on the Oregon Railroad and Navigation train for San Francisco, where they expect to remain about six weeks.

A Good Thing.
Our great-grand mothers' garrets contained the same herbs of all healing found in Karl's Clover Root Tea. They gave our ancestors strength, kept the blood pure, and will do the same for you if you say so. Price 25 cts and 50 cts. Tallman & Co., leading druggists.

FROG LEGS IN PORTLAND.

Scarce Here, They Come From St. Paul in Abundance.
Frog legs are a highly appreciated, rare delicacy that Portland captures sometimes wait for a long time between occasions when they are in the market. A large bucketful of them arrived here from St. Paul Wednesday, says the Telegram. They are selling on the street at 50 cents a dozen, and what there are of them are fine and fat. Oregon frogs do not develop, strange to say, as those in Eastern swamps, and are not as juicy and edible as these. No one seems to

have hit upon making a success of growing frogs for the market in this state. There is not an overwhelming demand for them at four bits a dozen, principally because a dozen does not go a long way—not much farther than one of them hops. Frogs are shipped from San Francisco occasionally, but they do not find much of a public sale, excepting to the restaurants and hotels that especially order them.
In the swamps of Indiana, and not far from Chicago, the frog reaches the highest form of development for food purposes, for one place, and a big business is done in shipping them to Chicago.

SCIENCE SETTLES IT.
Dandruff is Caused by a Germ That Saps the Hair's Vitality.
It is now settled that dandruff is caused by germ. Falling hair and baldness are the result of dandruff. Dr. E. J. Beardsley, of Champaign, Ill., sold of the new hair preparation, Newbro's Herpicide—the only one that kills the dandruff germ. He says: "I used Herpicide for my dandruff and falling hair, and I am well satisfied with the result." Dr. J. T. Fugate, of Urbana, Ill., says: "I have used Herpicide for dandruff with excellent results. I shall prescribe it in my practice." Herpicide kills the dandruff germ. Physicians as well as the general public say so.

R. Martin Leads.
R. Martin is entitled to be called the leader in the grocery trade on account of his long experience in the business. Then as he buys in car lots for cash he gets a trade and cash discounts which give him his goods a little cheaper than other stores. Martin gives this saving in his buying price to his customers. If you want a big bill of groceries get prices at other stores and then Martin can beat their prices.

Cataract Cannot Be Cured
With local applications, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Cataract Cure is a blood purifier and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonic known, combined with the best blood purifier, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what cures. Cougar Mine Sold.
The pleasing news reaches us from Spokane that the rich Cougar mine at Granite—one of the greatest mines of the famous Eastern Oregon gold fields—has been sold to a syndicate of Eastern capitalists, the transfer to be made this week, for the magnificent sum of \$2,000,000. The fortunate owners are W. Larkins, D. R. Evans and H. P. Hole, all of Spokane, says the Granite Gem.
Mr. Larkins is well known in Pendleton.

Played Out.
Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood. No matter how it became so, it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure scrofulous or syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. For sale by Brock & McComas.

Ha! Ha! Ha!
What is the matter Mrs. Smith? Oh, nothing, only I don't have to bake any more. I can get 40 loaves of bread for \$1 cash, from the wagon or at N. Larsen, the Standard Bakery, in Lamb's old place, near the public school.
Sick headache absolutely and permanently cured by using Moki tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or money back. 25 cents and 50 cents.

COST OF COUNTY SCHOOLS

TOTAL EXPENSE FOR ONE YEAR WAS \$67,244.99.

Of the Above Amount the Teachers Received \$43,095 in Salaries—the Balance for Rent, Fire, Etc.
The schools of Umatilla county for the year ending February 28 cost a total of \$67,244.99. Of the above amount, the teachers received the greater portion, or \$43,095, in salaries. The other expenses, such as rent, fuel, books for libraries, furniture etc., made up the balance. As the total days of attendance of all the pupils in all the public schools of the county was 711,589, and the total expense \$67,244.99, it follows that the average daily cost of educating a pupil in this county is about 9 1/2 cents.

School Money Apportioned.
The sum of \$14,348 received from the state has been apportioned as follows, and County Treasurer Yates is busy giving out the money as the warrants are presented to him by the different district clerks. In this list the number of the school district appears, then the name of the clerk, followed by the number of pupils, the amount and the postoffice address of the clerk:

Two Bannock Indians from the Fort Hall reservation came to Boise yesterday, and called at the state house, says the Capital News. One of the Indians was Captain Jack, who was a reservation scout under General Howard, during the early days of Idaho history. Captain Jack deems it a privilege and an honor to make a visit to each succeeding governor of this state, pay his respects, and assure the governor of the friendly feeling of himself and his tribe toward a collection given him by prominent people, among which is one from General Howard.

encroachment of the Indians upon the settlers of that county. The petition is headed by County Judge George W. Hamilton, and the leading citizens of the county have signed it. A similar petition signed by the same parties, was received, addressed to Governor Geer, and his aim to use his best endeavors to secure action on the part of the United States government.

The settlers in Walla Walla county have long suffered from the depredations of these Indians, who, leaving their reservations in Idaho, Washington and Oregon, swarm into that county, graze their horses, afflicted with contagious diseases, upon the ranges of the settlers, terrorize lone settlers' families and raise disturbances, until the citizens of Walla Walla county have become desperate. They have repeatedly petitioned the government for relief, and are doing so now, and, according to parties recently from that section, it is feared that if the interior department, through its agents, does not soon afford the relief prayed for, a conflict may occur between the marauding Indians and the settlers, the effects of which may be serious.

A VERY FINE MIXTURE.
Pathos, Humor and Other Elements in the Play Nathan Hale, Tonight.
Who wants to encourage American dramas, written by American playwrights and treating of the heroic periods in American history, will attend the production of Nathan Hale tonight at the Fraser. Clyde Fitch is the author. Fitch is a Yale university man. Howard Kyle is the Nathan Hale of the play. Kyle is recognized as one of the most powerful actors on the stage. He is of the legitimate class, and the play is one to please one who likes a proper mixture of strong human situation, pathos and humor, comedy and passion, mixed so as to make the drama like life itself, sometimes meriment, sometimes sadness, sometimes great tension.

Shakespeare says "the play's the thing." Some plays are, indeed, "things." But this one, according to universal testimony, is one of the best things on the stage. That it ran for months in the high-class Knickerbocker theatre in New York is proof of the assertion.

Strikes a Rich Find.
"I was troubled for several years with chronic indigestion and nervous debility," writes E. J. Green, of Lancaster, N. H., "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Tallman & Co.

UPPER M'KAY SHEEPMEN

Facts Concerning Sheep, Wool and Lambs of That Section.
A. R. McDonald, of Upper McKay creek, was in Pendleton Thursday and left for home this morning, accompanied by his young hopeful son Clem, who broke his left forearm at home a few weeks ago. Dr. C. J. Smith removed the plaster cast from the arm and the little fellow will soon have the free use of the member as well as ever. Mr. McDonald has 600 sheep, and the shearing season is about to commence in that region. His sheep will give 7 to 8 pounds of wool each. Last year he sold his wool at 13 1/2c. This year he will be satisfied with 10c, and may have to take less. The sheep in the Upper McKay are very clean and the wool brings close to the top price on account of being free from dirt.
