Young Girls

Are often engaged in doing the work of
a home under the most trying con-
ditions. Nature cries out against the
stooping and lifting, the running up and
down stairs at times—
when labor should

overstrain or self-
neglect under these
conditions that the
foundation is laid
for serious womenly

pains in my back and stomach. I could not
stand at all without fainting. These given up all
hope of ever being cured, when one of my
friends insisted upon my trying Dr. Pierce's
Favorite Prescription. With but little faith I
tried it, and before I had taken half a bottle I

Immediately upon the arrival, the

magnificently decorated with flowers,
the choicest flowers, and drives through the
street, ablaze with bunting, to the
Lone hotel, where the welcoming ex-
ercises were held on the spacious ver-

Governor and President.
Governor Gage in a ten minute
speech delivered an address of wel-
come. The brief response of the
president was greeted with deafening
cheers.

These exercises were followed by an
informal reception of an hour, after
which a drive was taken through
orange groves fragrant with blooms to
Smalley Heights and other points of
interest in the city.

The first carriage was occupied by
President McKinley, Governor Gage
and E. S. Graham, president of the
Redlands Board of Trade.

The president expressed himself as
delighted with his welcome to Cali-
fornia while the entire party were
surprised with the beautiful land-
scapes. The novelty of the orange and
fruit orchards, their verdant green
after the dreary deserts of the past few
days caused constant moments of de-
light.

At noon the party left for Los
Angeles.

liant function in the history of the
city.

ferred on Cardinal Martinelli this
morning at the cathedral, Cardinal
Gibbons officiating. The procession
from the cardinalate to the church
was very imposing. It was witnessed
by a great crowd. At the cathedral,
Martinelli and Gibbons occupied
thrones facing the altar. The proceed-
ings closed with pontifical high mass.

TO CLEANSE CITY OF CHICAGO

Mayor Harrison Says He Proposes to
Do This.
Chicago, May 8.—Mayor Harrison
has placed the stamp of his approval
on the order issued by Chief of Police
O'Neill last night directed against
pickpockets and confidence men.

Furthermore, the mayor asserts that
he will aid Chief O'Neill in getting
men who can do the work, if the
present police department is in-
adequate.

"I will stand behind the chief in his
order," said Mayor Harrison. "I be-
lieve what he says is absolutely cor-
rect. If the present force and the
commanders cannot execute his orders
and rid the city of the vicious classes
we should get men who can. And what
is more, I will assist him in getting
other men if he wants them. But I
believe that now, with the proper man
at the head of the force, the rank and
file will do their duty, and we will
have no more trouble. Chief O'Neill
knows who to do. He has been told
to enforce the laws, and I am willing
to back him up in whatever he does."

Chief O'Neill himself was a busy
man this morning, giving out orders to
subordinates, instructing captains
what was best to do in their districts
and disciplining lieutenants whom he
thought were not quite up to the mark.
The chief is keeping a close watch on
every inspector and every division and
knows exactly what move is made to-
ward carrying out his orders. It is
the first time in many years that the
police department has been so stirred
as it is now.

"The old man is doing business, no
mistake about that," is the gen-
erally remarked of the policeman who
happens to be talking of the new superin-
tendent.

"I am not doing things in a hurry,
nor with a burrah, but I mean busi-
ness just the same," is the modest
statement of Chief O'Neill.

DEMOCRATS WON
CITY ELECTION
IN SPOKANE

Dr. P. S. Byrne Defeated Dr.
C. G. Browne.

THE PLURALITY WAS ABOUT 150

Anderson, Prohibition Candidate, Polled 1000
Votes Out of a Total of 150,000
000 Votes Cast.

Spokane, May 8.—In the city elec-
tion here yesterday the democrats
elected the mayor, comptroller, treasur-
er and seven of the 10 councilmen.
Dr. P. S. Byrne, the democratic candi-
date for mayor, defeated Dr. C. G.
Browne, republican, by from 125 to 200
plurality. Anderson who was nomi-
nated by the prohibitionists and en-
dorsed by a strong citizens' movement
polled more than 1000 votes. The total
vote was about 5000.

The election was a very quiet affair
and there was not a sign of a distur-
bance at any of the voting places
throughout the city. The day was
bright and warm and, while the vote
was not phenomenally large it was
sufficiently strong to demonstrate the
fact that the election caused no small
amount of interest.

The fact that the city is in the con-
trol of the democrats will not, in the
general opinion, alter greatly the ad-
ministration of affairs which has been
followed in the past, as there has
never been any party line drawn in the
municipal affairs of the city. The fact that
the prohibitionists polled fully one-
fifth of the vote seems to be causing
more comment than any other phase
of the election.

Republicans in Baltimore.

Baltimore, May 8.—The municipal
election in this city yesterday, the
first one of importance held under the
new ballot law, resulted in a sweeping
victory for the republicans. They
carried 18 out of the 24 wards, electing
18 members to the first branch of the
city council and all three candidates
for the second branch. Only about 65
per cent of the entire registered vote
was polled and the colored vote was
very light. The democrats attributed
their defeat to fractional differences.

A TENEMENT HOUSE FIRE

ing.

Sorley, Mrs. Mary Brown.

Poplar streets. The loss is \$10,000.

CARNEGIE'S LATEST GIFT

Carries His Benefactions to English
Civil Engineers.

London, May 8.—At the annual
meeting of the institute of civil en-
gineers this afternoon, it was an-
nounced that Andrew Carnegie had
decided to double his former gift of 6000
pounds, the money to be used in prizes.
Carnegie was present. In an address
he advised Englishmen to develop their
home resources and not to worry about
the market abroad.

"The way to get hold of the foreign
markets," he said, "is to conquer the
markets at home."

FIRE RAGES IN SEATTLE

Fifty Thousand Dollars Loss Has Been
Sustained.

Seattle, May 8.—Fire broke out at
11 o'clock in the basement of Marshall
block on First and Main streets and is
still raging in the business portion of
the city. The loss is at least \$50,000,
and all is insured. The principal losers
are Mitchell & Co., Louis Labor,
Globe Hotel, Harry Label and the
Globe cafe.

'FRISCO'S STRIKE PHASE

Bakers Go Out to Assist Other Bakers
and Waiters.

San Francisco, May 8.—Two hun-
dred bakers this morning struck in
bakeries having non-union restaurants
attached, to assist the cooks and
waiters now striking. Carriage black-
smiths numbering two hundred struck
this morning because the employers
refused recognition of the union.
