

Three Beautiful Styles of Shoes

We are showing:

- 1st—A patent calf with the new Cuban heel, new plain toe.
- 2nd—A French kid with full Louis heel, hand turned sole.
- 3rd—A cloth top French kid, hand turned shoe.

These three shoes are the neatest, dressiest shoes this season. Call and see them even if you have a new pair. They will make your eyes glad.

CLEAVER BROS

Practical Boot and Shoe Men.

BRIVITIES.

Spring Troubles...

SARSAPARILLA

TALLMAN & CO.

Leading Druggists.

Loss of appetite, Billiousness, Stomach ailments, Pimples and Other Eruptions are some of them.

Corrects all of these and makes the blood pure.

TALLMAN & CO.

Leading Druggists.

PERSONAL MENTION.

Rev. C. A. Dotson, formerly pastor of the Christian church, is a visitor in Pendleton.

J. B. Messick, an attorney of Baker City, arrived last night to attend supreme court.

Clarence Cole, of Baker City, is a recent arrival to attend supreme court as counsel in a couple of cases now being heard.

Miss Gertrude Cleaver, a cousin of John and E. E. Cleaver, has arrived in Pendleton from Salem, with the intention of making her home here. She will engage in teaching music.

Martin Coombs, of the Milton neighborhood, was in town today on his return from a visit to La Grande. He reports both fruit and crop conditions in the East End excellent and the outlook very favorable for large yields.

W. R. King, of Baker City, is in attendance on supreme court. Mr. King is an ex-convict from Baker and Malheur counties and was the candidate of the populists for governor in 1898. He is counsel for a number of litigants in cases involving water rights.

Mr. and Mrs. L. C. Kinney and Mrs. George V. Hamilton are in Pendleton from Astoria. The last-named has been visiting them for the past year. Mr. and Mrs. Kinney will continue their journey to Kansas City on next Monday. They are guests at the Folsom and Tallman houses.

THE BASEBALL SITUATION

The Pendleton Team Strengthened by the Addition of Mr. Chapin.

Edwin F. Chapin arrived in Pendleton this morning from Salem, and will make Pendleton his home, provided he can make suitable arrangements. One of his accomplishments is the ability to officiate as pitcher in a baseball game. That will in nowise militate against his prospects for remaining here, but on the contrary will add thereto. The management of the Pendleton baseball club have been looking around for some baseball timber, and this morning "capped a prize" by signing Mr. Chapin. He pitched for the Mt. Vernon, Iowa, team last year, which was repeatedly pitted against the club from Springfield, Iowa, in which four of the present Athena team played, and has the reputation of being able to hold his own in fast company.

The Opening Game.

Everything is working toward making a big success of the opening game in Pendleton on Tuesday, May 14, when the Colfax team will be here. Grounds, grandstand, players and spectators are all going to be present.

TEN DAYS FOR A DECISION

The Panhandle Case Taken Under Adversity by Judge Ellis.

The case of Baker county vs. Clerk Benson, of Union county, to compel him to transfer the records in conformity with the law passed at the last session of the legislature transferring the panhandle of Union county to Baker county, at the conclusion of the argument by attorneys was taken under advisement by Judge W. R. Ellis. There is a fear that the transferring of the land in dispute to Baker county will result in the removal of the county seat of Union county to La Grande. Judge Ellis announced that he would render his decision in the matter within 10 days. It is quite probable that it will thereafter be appealed to the supreme court of the state.

WERE ALMOST DROWNED.

Athena Men Narrowly Escape Serious Trouble in Forcing a River.

Athena, May 9.—A number of our people drove to the reservation Wednesday and took part in the festivities held by the Indians in honor of their late deceased chief, Young Chief. In going over, the ford on the Umatilla river was made without any trouble. Fred Carden leading the Athena party. In the evening on the return home, N. H. Pinkerton, who had a load of seven, crossed at the lower ford, at the Indian village, but the horse Wells and Bert Cartano were not so lucky. Wells was driving his blooded driving horse, and the current got so strong that it lost its footing and fell. On getting its feet again, it was found that the shaft of the buggy had got between its forelegs and the horse thus unbalanced, was almost at the mercy of the swiftly running water. Mr. Pinkerton, seeing the plight of Messrs. Wells and Cartano, boldly struck out through the ice cold water, which came up to his armpits, to their assistance. Their noble animal never moved a muscle while the shafts were being removed, which was fortunate for if he had, Mr. Pinkerton would certainly have been in danger of his life. After the harness was properly adjusted, Mr. Wells swung his horse's head up stream and thus reached shore. It was a very narrow escape from drowning.

A Hero.

That was a brave captain on the American ship which struck a rock off the coast of New Foundland. Everybody was in a panic except the captain who commanded the boats to be lowered and not a life was lost. It requires strong nerves to be a hero. We cannot all be heroes but we can possess strong nerves by having our digestion made perfect by the use of Hostetter's Stomach Bitters. This wonderful medicine is a sure cure for dyspepsia, indigestion, flatulence, sour stomach, biliousness and nervousness. It will also regulate the bowels and prevent malaria, fever and ague. If your system is weak and debilitated it is just the medicine you need to build you up. A trial will convince you.

SALMON PACKERS TRUST

Chief Obstacle Removed From the Pathway of the Organizing Syndicate.

Removal of the formation of a syndicate to control the salmon canning industry have been persistent of late but denials have followed immediately on the heels of the statements, so that people interested have been at a loss to know what degree of credence to place in the stories, says the Astorian.

An Associated Press dispatch received by the Astorian yesterday states that R. Offroy is still trying to swing his plans for the formation of a large corporation to take over canneries in Alaska, Oregon and California. Twice previously options have been secured on the largest canneries but in each instance were allowed to lapse.

The dispatch is from New York, and is as follows:

"The Journal of Commerce says: 'It was learned from a reliable source last night that the Alaska Packers' association, which has been the chief obstacle to the proposed consolidation of the salmon canners, had given options on its various plants to the syndicate which is composed of T. R. McGovern of Deland, McGovern of Fairhaven, Wash., R. Offroy of the Pacific American Fisheries company,

and the Kelly-Clark company of Seattle.

"It is learned that the Alaska Packers' association had placed a valuation of \$12,000,000 on its outfit. The indications are that the matter of consolidation will be brought to a head at once. The plants extend from Chilkoot in Alaska, south to Seattle, 900 miles along the coast. Some of the best known financiers in the United States are behind the deal and are understood to be actually pledged.

"The proposed capital of the combine is said to be \$32,000,000, according to a prominent New York financial authority, who is personally interested in the deal. The capital will be in common and preferred stock and debenture bonds."

BATHED IN THE FRAGRANCE OF ROSES

(CONCLUDED.)

of California is well upheld by the Ohio society. Apartments are maintained at the Palace hotel and a member is always on hand to welcome and entertain any visiting native of the Buckeye state.

At least fifty thousand sons of Ohio have migrated to the Sunset state. In almost every county, societies have been organized which are forming themselves into a federation.

How They Will Do It.

The Ohio society will entertain the president at a banquet on May 16, from 8 o'clock to the afternoon until midnight. Deputations from all the judges in the state will be present and no effort will be spared to render the entertainment one of the most pleasant features of McKinley's visit to the coast.

The society will also entertain Governor Nash and his party, who arrived on Wednesday in the state. Governor Nash is accompanied by a personal party of seventy-five, besides his staff and members of the Columbus and the Cincinnati Boards of Trade numbering 600 who will remain in the city for ten days.

The society has secured the steamer Resolute for the transportation of the Ohio congressional delegation to the launching exercises, after which the party will be given a ride on the bay. The ladies of the Ohio society have headquarters at the California hotel, where they will entertain with lavish hospitality. The officers of the Ohio society of California are as follows:

Past presidents, Benjamin E. Haskell and John P. Jackson; president, James M. Cleaves; vice-presidents, William H. Horn and John W. Richards; financial secretary, W. L. Moulde; secretary, Louis P. McCarty; treasurer, Henry Hilp; board of directors, G. A. Scheer, E. J. Ensign, John A. White, Milton E. Baker and E. L. Baldwin.

CANNON'S PECULIAR WILL

Some of the Property in Trust for 31 Years.

Salt Lake, May 9.—The will of the late President George Q. Cannon who died in Monterey, Calif., last month will be filed for probate tomorrow. The will disposes of an estate approximating in value \$1,000,000. According to the terms of the will the estate is divided into two parts, the first part consisting of gilt edge securities worth \$300,000. This is to remain in trust until George Q. Cannon, the youngest child, now nine years of age attains his majority.

All of the 33 children of President Cannon are given an acre of land from the Cannon farm and \$2000 in cash on attaining their majority or at marriage. The balance of \$200,000 to be divided among the children when the youngest child becomes of age.

While polygamy was recognized by the Mormon church, Cannon had four wives. To these are willed their homes, provision also being made for their maintenance during life. The remainder of President Cannon's estate valued at \$800,000 is to be held in trust until the youngest child is 40 years old. This will not be for 31 years.

AWFUL MASSACRE PLANNED

The Unspeakable Turk Said to Want Macedonian's Blood.

Sofia, May 9.—Reforms, a newspaper, learns from Constantinople that the massacre of Macedonians is being planned which will put the Armenian atrocities in the shadow. The sultan has assented to the plan and Effendi Fashia has been entrusted with the execution of the project. The paper further states that the Macedonians have choice between being slaughtered by the Turks and make a bold fight for freedom. It urges an immediate revolution.

MADE ITALIANS FAMOUS

Kansas Town Sends Laborers on to Kansas City.

Toia, Kans., May 9.—Three hundred Americans rounded up every Italian in town last night and put them aboard a train bound for Kansas City. The Americans objected to imported Italian laborers. In the round-up, a number of shots were fired, and it is reported that seven men were wounded, but the authorities cannot find them.

THE SHIP BUILDING TRUST

Mammoth Concern Organized With 350,000 Tons Annual Capacity.

New York, May 9.—A circular has been issued by H. W. Poor & Co., regarding the organization of the United States shipbuilding company under the laws of New Jersey to acquire the Newport News Shipbuilding & Dry Dock company, the Union Iron works, limited, and the Hyde Windlass company of Bath, Maine, the Crescent shipyards, and the Samuel J. Moore shipyard, and the Canada Manufacturing company of Cartaret, New Jersey.

The total annual capacity of the combine is estimated at 350,000 tons. The following have consented to serve on the board of directors: Henry Scott, president of the Union Iron works; Lewis Nixon, of the Crescent shipyards; Charles J. Canada, president of the Canada Manufacturing company; Joseph Hyde, president of the Hyde Windlass company; E. W. Hyde, president of the Bath Iron Works company, limited; C. E. Orcutt, president of the Newport Shipbuilding & Drydock company; H. E. Huntington, first vice president of the Southern Pacific company; Irving M. Scott, vice president and general manager of the Union Iron Works company; Edward Hawley, of the Minneapolis & St. Paul railroad company; E. H. Harriman, chairman of the board of the Union Pacific railroad company and Joseph Williams, president. The aggregate orders in the hands of the constituent companies are said to amount to \$63,000,000, of which the estimated profit is over \$5,000,000.

The committee will be authorized under its charter to issue capital stock as follows: Preferred 7 per cent non-cumulative \$32,500,000; common stock, \$22,500,000.

The plan will become operative as soon as the organizers notify the Mercantile Trust company as depository that the corporation has acquired the properties of the constituent companies.

BOILING WATER NEAR VALE

Artesian Well Flows a Strong Stream of Mineral Character.

A Vale dispatch says: In an artesian well bored by Hope Brothers at this place a strong flow of boiling hot water has been obtained. The new well is not far from the one that has been in operation for several years, but being on higher ground, can be put to better use. These two hot wells are the only ones of the kind in the state. The water is highly mineral, and a chemical analysis of it proves that it contains curative qualities. Its temperature as it comes from the ground is 212 degrees Fahrenheit. When the weather is frosty the steam forms a dense white cloud that can be seen for a long distance. The water shoots to a height of nearly 40 feet sometimes.
