Portland Has a Maugtrap.
A Portland paper announces that the Portland gun club has purchased a maugtrap, the first in the state, and has it in position for use. The maugtrap of the Pendleton Sportsmen's association has been in use here since August of last year, consequently to Pendleton should be given the credit of having the first maugtrap in the state. However, the Pendleton shooters congratulate their Portland brothers on getting their new trap and giving other evidences of a desire to be up-to-date.

MRS. ESTES HAS SMALLPOX.
Dr. Plamondon, of Athena, Says It's a Mild Case.
Mrs. Green Estes is sick at her home three miles from Gibbon with smallpox. Dr. J. D. Plamondon, of Athena, was telegraphed for and went over Sunday. He telephoned to the East Oregonian today that it was a mild case. Green Estes is there, also, but is well. Mrs. Estes is the mother of Nellie Brown, who died in Pendleton on April 27, and was buried at Athena on Sunday, April 28. Quite a number of Pendletonians were at Gibbon station on Sunday and were informed by May Swart that Mrs. Estes had been there during the week, and after going home had been taken with the smallpox. The confirmation of that report came in Dr. Plamondon's message.

FIRST GAME OF THE SEASON

The Sleepy Old City Excited Over It.
For the first time in its history New Orleans is undergoing the hopes, anxieties and general excitement of a "boom." The delightfully lethargic disposition of this old city of the Creole, where the soft and balmy air, the beautiful sunshine and the cool shadow, the delicious pompano and the seductive mint julep, the intelligent and lovable men and women, the queer foreign structures and the familiar American folks make the stranger feel that now he has come to the fabled place where it is always afternoon—this disposition to doze the gentleman and a scholar has been rudely shaken. The inviting city by the southern sea is torn and wrenched from curb to attic by a speculative craze.

It is not a local boom, but it is one with as many hostile possibilities as the city of the south. The great oil discoveries along the Texan border, 200 miles away. They are not yet producing oil from them, and there is no great excitement on that score. The excitement is over the transfer of natural opportunities for oil production to the north. The oil companies, but oil land must be caught on the fly. Companies are being formed almost daily, with shares ranging in price from ten cents upward; and the shares that sold yesterday for a dime may bring 25 cents today and 50 cents tomorrow, all without any new discovery, any actual oil production, or anything whatever but the chatter of the street and the speculative fever of the people.

This economic disease, the new yellow fever of the south, is only in its early stage in New Orleans. Hardly a fortnight has gone by since the first symptoms appeared. But already visions of the historic tulip eras of Holland are revived, and Mark Twain's stories in "Roughing It" of the flush days of Nevada City are reenacted in New Orleans on a smaller scale, but with less intensity but under an increasing strain.

The northern newspapers do not appear yet to have caught on to this extremely picturesque disturbance in the city of the lotus eaters' pilgrimage. Though the dollar-snatching spirit of the California north is aggressively invading the last great stronghold of philosophical southern contentment and sensible repose, in the process of making a "new south," the organs of opinion at the north, alert and voracious as they usually are, have not yet caught the oil fever in Texas. Yet there are newspaper men in New Orleans, bright, able, sane, industrious and responsible, who could write them true stories of the metamorphosis of this doomed city—doomed to a future of hurry and bustle—that would make the editorial hair to curl and each particular reader's mouth to gape in special wonder.—Louis F. Post.

TWO ATHENA ACCIDENTS

Frank Sanders Shoots a Hand—a Runaway on Sunday.
Athena, May 13.—Frank Sanders, son of D. H. Sanders, an extensive farmer living on Gerking Flat, had the misfortune to shoot himself with a 22-calibre rifle through the left hand Sunday afternoon. The bullet fractured a bone, and made a very painful wound. Dr. Rotkin, of this city, dressed the hand, and reports it as a painful but not a serious accident.

Sunday afternoon the driving team of Matt Lynd, of this city, ran away. In their flight through town, the team broke and they left the back to which they were hitched in the street unimpaired. When they got near the bridge that spans the Will Horse on the road that leads to the reservation, they ran into a buggy containing Miss Grace Ray, Miss Etta and Clyde DeGraw, of Weston. The buggy was hurled to the ground and stunning her. The other occupants of the rig escaped with a few scratches. The escape from serious injury is considered by parties who saw the accident as something miraculous. The DeGraw buggy was badly wrecked. Mr. Lynd's horses were considerably scratched up.

FIGHT FOR HIS LIFE.

Nordstrom's Eleven-Year Struggle is Not Yet Ended.
Washington, May 13.—In the United States supreme court today the case of Charles W. Nordstrom, of the state of Washington, under sentence of death, the court affirmed the decision of the circuit court in habeas corpus proceedings. In the matter of an error from the supreme court of the state of Washington to dismiss or affirm, the court ordered the application submitted on May 27. The case remains undecided, therefore, and Nordstrom, who has been fighting for life for eleven years, still has another chance.

A STRIKE OF MACHINISTS

Demands Made Are an Ultimatum Up to May 27.
Washington, May 13.—President O'Connell, of the International Machinists' association, declared emphatically today that every member of the association would be called out May 20 if the demands for a nine-hour day and an increase of 12 1/2 per cent in wages be not acceded to. Notice to this effect was sent yesterday to all operators.

THE BODY OF A BRAVE MAN

Lieut. Roper Who Died Saving His Suffocating Men.
New York, May 13.—The cruiser Buffalo arrived today from Manila with the body of Lieutenant Jesse Roper on board. Roper was suffocated while attempting to rescue the seamen who were perished during the fire on the gunboat Petrel off Cavite in February.

"I have been suffering from dyspepsia for over 20 years and have been unable after trying all preparations and physicians to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for 20 years. I cannot praise Kodol Dyspepsia Cure too highly." writes Mrs. W. Roberts, North Creek, Ark. Tallman & Co.

SOME VIOLENCE IN ALBANY

Street Car Strikers Accuse a Fellow Laborer.
Albany, N. Y., May 13.—The first act of violence in connection with the street car strike occurred this morning, when a number of strikers assaulted Bazin Orr, international treasurer of the Railway Employees Union, whom they accused of having sold out to his employers. Serious trouble was narrowly averted.

"Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure, giving her three doses. The croup was mastered and our little darling speedily recovered." So writes A. L. Spafford, Chester, Mich. Tallman & Co.

ATHENA WON FROM DAYTON

SCORE WAS 10 TO 2, WITH A CLAN GAME.

Visitors Handicapped by Having Prominent Players Remain at Home—Picked Up Substitutes.
Athena, May 13.—On the Saturday afternoon passenger train, the Dayton ball team came to Athena, and played with the "Yellow Kids" as scheduled on Sunday. The visitors were sadly handicapped, as three of their best players failed to come with them, and they were compelled to pick up two players at Walla Walla, and the third base was held down for them by Ira Luna, of Athena. Notwithstanding the disadvantages the visitors had to play a game of ball. The home team won by a score of 10 to 2.

The game was well attended and the visitors soon won many admirers for themselves by their clean playing. They realized that they were very much outclassed and their defeat much outlasted and they were very hard worked. For the Dayton team Luna and Bateman crossed the home plate in the seventh inning. Lyons pitched a very nice game for the Dayton, but the Athena team batted him hard and often, he being able to strike out only three men. Saunders, as usual, had good work and pitched the Dayton boys guessing how to hit him. He struck out 10 men. R. Brown handled the mit for the home team, St. John, the regular catcher, having had the misfortune of having his hand hurt in a practice game Thursday. Taken all in all, both teams played good ball and received much applause. Following is the lineup:

Dayton—Smith, c.; Lyons, p.; Deunberry, 1b.; Israel, 2b.; Luna, 3b.; Gainer, ss.; Thorn, c. i.; Burchart, l. i.; Bateman, r. i.
Athena—R. Brown, c.; Saunders, p.; Vaughan, 1b.; Cartano, 2b.; Willard, 3b.; G. Brown, ss.; Francis, r. i.; Lienallen, c. i.; Dell, l. i.

Score, 10 to 2. Umpire, J. E. Krause, of Pendleton. Time of game, 1 1/2 hours. Immediately following the Dayton-Athena game, McClure's Colts' and a team from Weston took up their positions on the diamond. The locals suffered defeat at the hands of the visitors. The Weston team had a walk-over, winning the game with a score of 26 to 8.
