SCARE AT ATHENA

Three in Number, Are Reported.
 May 16.—A genuine smallpox has been started in this city, some have been quarantined. Klye McDaniel is ill at J. W. Smith, and Mrs. Snydam, wife of the principal of the public school, are the three patients. The attendants say it is in the form, more resembling than anything else, though none of the symptoms of the disease, and they decided to take the patient to the hospital.

with a number of other prominent sheepmen, has issued a call for a woolgrowers' meeting, to be held in this city on the first Monday in July. At this meeting, what is known as the Wyoming plan will be inaugurated by the Oregon woolgrowers, and the clips of all the owners in attendance offered for sale.

Wool buyers, in order to have their bids considered, will have to send them in sealed. A committee will open the bids and the wool will be awarded to the highest bidder. This plan has been tried very successfully over at Rawlins, Wyo., recently, and is generally commended by the woolgrowers of that state, who say they got a much better price for their clips than had they been offered at private sale.

A BASEBALL TOURNAMENT

PENDLETON PROPOSES TO HAVE ONE JULY 4, 5 AND 6.

A Number of Horse Races for the Championship Cup Offered by the City Will Be Sandwiched In.

A plan proposed by a Pendleton business man on Thursday is meeting with much favor wherever discussed. It is, that Pendleton have a baseball tournament on July 4, 5 and 6, Thursday, Friday and Saturday, said event to take the place of the ordinary Fourth of July celebration. Being the largest town in this county as regards population, Pendleton is naturally looked to by sister towns to take the initiative, and has never failed to be equal to the emergency. Baseball is a popular game this year, and the friendly rivalry between the amateur baseball teams of the cities of the inland Empire has caused a better feeling to exist in regard to the national game than has been seen in this vicinity in a number of years.

One merchant, chancing to hear the matter mentioned, while in the East Oregonian office, said voluntarily, when not one word had been said on the subject of money:

"Put me down for \$50, if it is to be a Fourth of July celebration. Make it \$50, if a baseball tournament, such as you are talking of."

Another merchant said, the moment he heard of it:

"I will give \$30, and give it gladly."

This last business man has heretofore subscribed \$10 to \$15 for such occasions. Several offers have been made by a few who have been asked in a casual manner, indicating that there will be no difficulty in securing the needed money, if the plan be taken hold of at once.

It is suggested that other features be introduced, making the three days a sort of general holiday and carnival for the people of the county, and of the town, as well. The idea seems to be acceptable to everyone spoken to, and will no doubt grow in popularity.

\$300 in Prizes.

An informal discussion of the subject by a number of gentlemen last evening who are interested not only in baseball, Fourth of July celebrations, Bremen's tournaments, etc., but in anything and everything that would tend to the advancement of Pendleton commercially and the enjoyment of her inhabitants, brought out the unanimous expression of opinion that a baseball tournament would be just the thing for the best interests of all concerned. Summarized, the proposition is as follows:

To have three baseball teams present from outside cities, Walla Walla, Athena and Heppner preferred, and have two games daily, one in the forenoon and one in the afternoon of Thursday, Friday and Saturday, July 4, 5 and 6. Each club to play one game with each other club, and the winner of the greatest percentage of games to win the main prize of \$150; winner of the second greatest percentage of games to take \$100, third best club to win \$50. In order to induce the visiting teams to come, a good round sum could be offered to each one, regardless of the number of games won. The prizes would thus be a pick-up. The plan will assume definite shape today and Saturday, and Manager Osburn, of the Athena team, and Manager Sharpstein, of the Walla Walla team, will be broached with the proposition by a committee on Sunday. Communication will also be had with the Jim Hart, manager of the Heppner team.

Heppner's Proposition.

The Pendleton baseball team is wanted at Heppner on Tuesday, June 11, the opening day of the tournament of the Eastern Washington and Eastern Oregon Firemen's association. Manager James Hart wrote a letter to that effect to Manager M. A. Rader, of the local team, and it is quite possible the offer will be accepted. Heppner and Pendleton get along first rate in sporting matters, and there is always much interest when an event of this kind occurs. The Heppnerites have a high opinion of the ability of their boys as baseball and football players and as horse runners, and back them from start to finish, which is certainly commendable.

Excursion to Walla Walla May 19.

A great many of the baseball enthusiasts are preparing to go to Walla Walla next Sunday, May 19, to see the ball game between the Pendleton and Walla Walla teams. Half of the grand stand has been reserved for Pendleton people. The Garden City is said to be looking its best, and this will be a good opportunity to visit friends and enjoy a pleasant trip. The train leaves the O. R. & N. depot, going at 8:15 a. m., and a special train will bring the excursionists home, leaving Walla Walla at 6 p. m. Fare for round-trip, \$1.40. The train will take on excursionists at Adams, Athena, Weston, Milton and other stations on the line, so it is certain to be a great day for enjoyment.

WESTON LEADER ITEMS.

Some Matters of Local and General Interest.

Says the Leader: In its editorial tribute to the late Jacob Fraser, the East Oregonian deprecates the present tendency to ignore the worth and work of old pioneers, who are pushed aside by a younger generation that is not enjoying the fruits of their toil and hardihood. It finds a deep pathos in the closing years of this broken old man, whose courage, activity and industry were of the past and forgotten long before his aged and shrunken form was received by a kindly grave. This tendency is true, and born of the spirit of selfishness that seems to typify modern progress. The old and the weak have no place in life's battle, and their fate is a matter of indifference to the strong. The Chinese worship their ancestors and reverence the aged, but are notoriously unprogressive.

Hon. Will R. King, of Ontario, Or., was here Monday on a short visit to old-time friends in this vicinity, where he lived when a boy. Mr. King, who has been prominent in Oregon politics on the minority side, and was defeated for governor at the last state election by Mr. Geer, stated in conversation with friends at Weston that he is out of politics now, and devoting his attention to business. He regards democratic defeat in Oregon to be largely due to apathy, and failure to organize until the last moment. Besides, the rank and file always seem more concerned in the election of county officers than in state or national success. He does not care to encounter again this spirit of indifference.

Athena leaves home soon on a baseball tour, and plays Dayton, Colfax Monday, and McConow, Idaho, Tuesday. Manager Osburn is

endeavoring to arrange a game at Spokane with Blair business college, and will also tackle the league team there, if possible. Ritzville will afterward be visited.

The spirit of improvement is abroad in the land and has seized upon the enterprising people of O'Hara school district east of town. At a meeting last Saturday they voted \$500 for a new school building.

R. M. Powers left for Pendleton today on business connected with the estate of the late Sam Doble. J. W. Smith's interest in the property is to be explained in the probate court.

A BIG INCREASE OF LAMBS.

Report From Oregon Land and Construction Co. Band.

G. W. Hunt, manager of the Oregon Land & Construction company, came up from Echo on Thursday and is a guest of the Hotel Pendleton. He reports the increase of lambs to be 100 per cent. The company has 1000 breeding ewes at Echo, which were crossed with Lincoln bucks. The lambs are a strong and healthy lot, and the result of the cross will be carefully noted. Mr. Hunt says the sheep were mostly shorn before lambing, yielding eight pounds to the sheep. The lamb is now at Echo, but it will be brought to Pendleton in the near future and placed in a warehouse until it can be sold at what the owners believe to be a proper price.

THE ATHENA-COLFAX GAME

HOW THE CENTERVILLE BRESTED THE VISITORS.

Scores Was 5 to 2—Errors Were Colfax 5, Athena 1.—Chapier a Good Umpire.

Athena, May 16.—Wednesday's game between the Colfax and Athena teams proved to be one of the most snappy and exciting ever played upon the Athena diamond, the win of the game being in a great measure due to the work of the umpire, who kept the teams strictly to their work and allowed no unnecessary loss of time.

The first three innings were played in less than 15 minutes, and were barren of results. In the fourth, Colfax made one connection with the home plate, and Athena failed to find it. In the fifth, Colfax failed to score, and the home team by good batting placed three runs to their credit.

In the sixth, Colfax was without a run, and a wild throw to first by S. S. Yates gave the home team two more tallies. The seventh and eighth resulted in ciphers, but in the first half of the ninth, Colfax added one more to the score, Athena not playing the last half.

The result at the game was 5 to 2, in favor of Athena. The good, quick and clean work of Umpire Chapier won many applause, and was greatly appreciated by all present.

The batting order was:
 Colfax—Edwards, c.; Bradbury, 2b.; N. Riley, 1. f.; Bramwell, 1b.; Selub, c. f.; Yates, ss.; Bernard, r. f.; Mix, 3b.; L. Rippey, p.

Athena—G. Brown, ss.; Willard, 2b.; B. Brown, p.; Sanders, 1b.; Dell, 1. f.; Lualaba, c. f.; Francis, r. f.; St. John, c.; Cartano, 2b.

OPPOSED TO PIKE OR PICKEREL.

Federal Fish Commission Don't Want Them in Oregon Streams.

Several commercial bodies in Eastern Oregon have made application to Master Fish Warden Van Dusen to have certain streams in that portion of the state planted with pike and pickerel. He was of the belief that the introduction of such fish would be detrimental to the salmon industry, and wrote to the United States fish commissioner about the matter. A letter has been received by him from Fish Commissioner George M. Bower, which reads as follows:

"The commission is opposed to the introduction of wall-eyed pike, pickerel or any of the bass family in the streams along the Pacific coast, as it is believed it would result in serious damage to your important salmon fisheries."

The same gentleman also writes that the government will operate the state salmon hatchery on the Siletz river, under the conditions prescribed by Mr. Van Dusen, which were that a portion of the fish should be turned loose in that river.

CAP DUNN AND MRS. CLIFFORD

Wedded on Thursday Evening by Rev. John Uren.

Captain Joseph Dunn and Mrs. Mary J. Clifford were united in marriage at 7:30 o'clock on Thursday evening, May 16, at the home of the bride on the north side of the river in Pendleton. The ceremony was performed by Rev. John Uren, pastor of the Methodist Episcopal church. The number of guests present was limited to a half dozen of the more intimate friends of the contracting parties. A wedding supper was served. Mr. Dunn is generally known as "Cap" Dunn, and is well known as a stock and grain dealer on "change. The bride is also well known and the wedding is the culmination of an attachment extending over a long period of time. Many friends extend hearty congratulations.
