STRIKE OF MACHINISTS IS NOW ON

One Hundred Thousand Men Are Out.

PRESIDENT O'DONNELL IS SANGUINE

Says His Followers Will Win and That He Apprehends They'll Resort to No Violence.

Washington, May 20.—The great strike of the machinists for a nine-hour day was inaugurated throughout the United States today. Messages from all parts of the country are being received at the headquarters of the International Machinists Association here. They indicate that probably 100,000 are men out.

In St. Louis and New Orleans, the machinists were vicious without striking. Very few found it necessary to quit work in Chicago.

It is predicted the largest stoppage of work will be on the Pacific coast, but President O'Connell confidently looks for the ship and iron interests of that section to come to terms soon. He says he does not expect the strike in any section will be of long duration, and that there will be no disorder anywhere.

ATHENA'S WISE ACTION

In Preparing to Stamp Out Smallpox From That Place.
Athena, May 20.—A genuine smallpox scare has struck our city and some of our people are almost panic stricken. A report was spread Saturday that the children of Postmaster Githens were victims of the dread disease, and three physicians were at once called.

After examining the children, they said they were not prepared to give any definite opinion. They all stated that symptoms of smallpox existed, but said that in the initial stages of chickenpox the same symptoms existed. On Saturday evening, Mr. Githens, to take precautions if his children had the disease, to prevent its spread, moved his postoffice to the corner of Third and Jefferson streets, and thoroughly fumigated the mail. On Sunday morning, the family physician quarantined the postoffice building on Main street. None of the children up to today had been confined to bed, and nothing serious is anticipated.

Outside of these cases there are three homes quarantined at present, and the patients, Mrs. Kyle McDaniel, Mrs. J. A. Snyder, and a child of Mr. Alexander, are rapidly recovering.

The quarantine on the home of J. A. Henry, was raised Sunday. Mrs. Henry having fully recovered.

The public school was closed last week and all precautions are being taken to stamp out the disease.
