### THE HAYES VS. DUMMY ROWEN

A fight that will take place at Anaconda, Montana, between the two prizefighters, Tom Scott and Dummy Rowen, on Wednesday evening, May 23, at 8 o'clock. The fight will be a 20-round contest, those on the inside who know how such things are handled at Anaconda are led to believe that it will be a fight. Andy King, the well known light weight, is trainer for the Anaconda Athletic club, and will manage the Hayes-Rowen, who is the big colored pugilist who knocked Stockdale out at Fraser opera house in July, 1900. Dummy Rowen recently sparred at the Columbia in this city with his brother, "Deafy" Rowen. It is possible that a couple of Pendletonians will go to Anaconda to witness the Hayes-Rowen fight.

### THE CITY COUNCIL MEETING

At the meeting of the city council held Wednesday evening, May 22, bids were received from Peale & McAliden and from Maple Brothers for the painting and placing in position of signs at the street corners and for the numbers for houses as required by the ordinance passed a few weeks ago. The bid of the former was accepted and the street and public improvement committee of the council was authorized to enter into a contract with Peale & McAliden according to the terms of their bid. They agreed to furnish the street signs for 15 cents each and the house numbers in plain figures at 25 cents, silver figures at 40 cents each and gold figures at 50 cents each at the option of the owner of the house.

### THE CITY COUNCIL MEETING

The signs offered by Peale & McAliden are a sample of their proposed work, are plain and distinct. The letters and figures are two and one-half inches in height. Against a black or dark blue background the names and numbers are very plain. The signs are of tin and will be nailed or fastened up in proper position by the contractor. The average length of the street sign is 17 inches, width four inches. The signs for the house numbers are 7x4 inches when the number is less than 1000.

### THE CITY COUNCIL MEETING

It was further resolved by the city council that the street and public improvement committee be and it is hereby authorized to enter into contract with G. A. Smith & Brother for the improvement and grading of Webb street in accordance with their bid. This street is to be graded and gravelled between State street on the east and to the middle of the block west of Oak street on the west. The distance is 6240 feet and it is to cost about \$1450.

### THE CITY COUNCIL MEETING

The matter of inspecting nuisances was referred to the health and police committee. The attention of the council has been called to numerous offensive piles of stuff in different parts of the city and there is going to be an effort made to make the city more sightly.

### THE CITY COUNCIL MEETING

A man in a small town in New Jersey recently found a buried treasure in his yard which no doubt had been left there by one of Captain Kidd's famous crews. A fortunate find indeed and sufficient to enable him to live happily the rest of his days provided of course he has good health. To obtain good health there is no medicine like Hostetter's Stomach Bitters. It sets things right in the stomach and regulates the bowels. If you are nervous and worn out you should try it. It will brace you up. It is a splendid tonic and will cure all stomach liver and kidney disorders. Give it a trial and you will not be disappointed, but be sure to get the genuine.

### THE CITY COUNCIL MEETING

May Fleming, wanted in Spokane for grand larceny, was captured by the officers in Walla Walla on Wednesday morning at the railroad station as she was about to board a train for Bolles, at 7:30 o'clock. When arrested, she was wearing 13 skirts, which, considering the comparatively mild character of the weather, was quite enough clothing for one woman. Miss Fleming was at one time supposed to be in Pendleton or coming this way, and officers were on the lookout for her. She had spent the previous night 20 miles west from Walla Walla on the Wallula road, and Sheriff Kees and Deputy Painter went that way in search of her. She returned, however, and was caught at the station.

### WOOL SAME AS LAST WEEK

PRICES REMAIN AT 1-2 TO 10 1-2 CENTS. Shearing About Over and Lots of the Stuff Being Hauled to Pendleton for Storage. Considerable wool is coming to Pendleton, as the shearing season is practically over in the western and southwestern portions of the county and the shearers are closing in on the last bands in the colder portions of the county in the foothills. The quotations remain the same as one week ago, 6 1/2 to 10 1/2, with the most of the transactions around 8 1/2 to 10. One of the largest buyers in this market remarked this morning that sheepmen were disposing of their clips generally, and that if the sales continued as at present next September would see practically all the wool in the county sold. There are a few who are holding, and will continue to hold for better prices. The outlook does not indicate any great fluctuation in the price of wool in the local market, either up or down.

### Wheat in Pendleton.

Pendleton, May 23.—There is but little change in the price of wheat as compared with a week ago. It is up about 1/2 cent for all kinds and that is all that can be said. Local millers are paying 50c for best No. 1 club and redraft, delivered at the mill, while millers and exporters are paying 48 1/2 c for the same at outside warehouses.

### Local Produce Market.

Pendleton dealers are paying the following prices for ranch and farm produce: Butter, 25 to 40c per roll. Eggs—15c per dozen. Potatoes—\$1.50 per sack. Turkeys—Alive, 12 1/2c per pound. Geese—\$12 per dozen. Ducks—\$1.50 per dozen. Chickens—\$3.50 to \$4.50 per dozen. New cabbage, shipped in from Portland, sells at 4 cents per pound. New potatoes are selling at 5 cents per pound. Strawberries—Walla Walla, 25c per box; California, 15c per box. Old potatoes are the sensation in the local market. Growers are quoting them at \$1.50 per sack and none in the market.

### Portland Wheat Review.

Portland, May 23.—The commercial editor of the Oregonian says: "The market showed more strength yesterday than has been in evidence for several days. The East closed nearly a cent higher, and even San Francisco with all of its growing reports of a bumper crop and stiff freight rates, managed to show a fractional gain. In this market, matters are rather shaping themselves for the usual period of summer quiet, and the competition to do business regardless of prices, is not so fierce as it was. The comparatively small amount of wheat remaining in the Pacific Northwest is in such strong hands that it requires something better than present export values to move it. Under such circumstances, quotations of value for their accuracy are secured with difficulty. Sixty cents seems to be about the ruling figure for Walla Walla, and about two cents more for bluestem. The bulk of the purchases are made by millers and their requirements are not sufficiently great to demand very much wheat.

### Freights continue very firm for distant tonnage, with no demand for spot or near by ships. As high as 40 shillings is paid up to the end of December, and if present crop conditions continue until harvest 40 shilling ships may look cheap before the end of the year. The growing crop in the Northwest is in splendid condition, aside from the presence of a great deal of tar weed, which seems to be scattered all over the Northwest. East of the Rocky mountains there are complaints of damage from dry weather and the Hessian fly. A prominent factor in the strength of the European market is the damage to the German crop."

### Boston Wool.

Boston, May 23.—The demand for wool has been only moderate during the past week, and price rule about the same as the week before. Territory wools remain steady in price, and are being sold with some activity at the former range of quotations. Fine medium and fine staple wools are quoted at 40 to 42c, while the strictly staple article is selling at 44 to 45c. Fleece wools are slow with No. 1 Ohio decidedly weak, it being very difficult to sell washed Ohio at over 25c. Australian wools in this market are quiet and unchanged.

### Territory, scored basis, Montana fine medium and fine, 14 to 15c; scored, 42 to 43c; staple, 45 to 46c; Utah, Wyoming and Idaho fine medium and fine, 12 to 14c; scored, 40 to 42c; staple, 44 to 45c.

### Australian, scored basis, spot prices, combing superfine, nominal, 60 to 70c; good, 66 to 68c; average, 63 to 65c.

### Pelts—Bearekins, each, as to size, \$5 to \$20; cubs, each, \$2 to 5; badger, each, 10 to 40c; wildcat, 25 to 75c; house cat 5 to 20c; fox, common gray, 30 to 50c; do red, 15 to 20c; do cross, \$5 to \$15; lynx, \$2 to \$3; mink, 50c to \$1.25; marten, dark Northern, \$6 to \$12; do pale pine, \$1.50 to \$2; muskrat, 5 to 10c; skunk, 25 to 35c; otter (land), \$5 to \$7; panther, with head and claws perfect, \$2 to \$5; raccoon, 30 to 35c; wolf, mountain, with head perfect, \$5.50 to \$5; prairie wolf or coyote, 60 to 75c; wolverine \$4 to \$7; beaver, per skin, large, \$5 to \$6; do medium, per skin, \$3 to \$7; do small, per skin, \$1 to \$2; do kits, per skin, 50 to 75c.
