A VOTE ON THE CREED TOMORROW

Presbyterians Eagerly Discuss the Revision.

DR. KENNEDY MAKES PRONOUNCEMENT

He Says the Westminster Confession is a Scientific Document and Not for Popular Purposes.

Philadelphia, May 24.—From the eagerness with which the commissioners of the Presbyterian general assembly renewed consideration of the creed revision question today, it appears doubtful if the vote will be reached before tomorrow noon. Even then, the vote will simply be upon the question as to whether or not the entire subject shall be dismissed.

Judge Humphrey opened the debate this morning. He stated that he was in favor of revision, but was opposed to a new creed.

Dr. Kennedy followed with a long speech in which he upheld Dr. Baker's motion to dismiss the subject. The Westminster Confession of Faith, he argued, was a scientific document and never was made for popular purposes or understood by the mass of men.
