### DR. M'KIBBEN

### DEPRECATES DISSENSION

"Oh! That God Will Give Us Unity!"

### WAS HIS PETITION WHILE SPEAKING

Philadelphia, May 25.—There seems little or no possibility of the Presbyterian general assembly concluding its sessions before Tuesday of next week. Prior to this morning's debate, it was announced that ten hours work would follow the revision problem. Today's disquisition was on the amendment which calls for the adoption of a minority report, which is against revision. Dr. McKibben, of Cincinnati, one of the members of the revision committee who signed the minority report, was the first speaker.  
Dr. McKibben's argument was based on the promise that the majority report, asking for a new creedal statement, in effect would change the fundamental stand of the church. The speaker deprecated all talk of disruption in the church. In conclusion, with uplifted hands, he made a brief but impressive prayer. "Oh! That God will bring us unity."  
Prof. George Stewart made the floor in advocacy of the majority report. The movement for a change of creed will continue, he predicted, until at some time, if not at the present assembly, it will place the church upon a satisfactory basis.  
Prior to adjournment a standing vote was taken on the question of the elimination of clause "B" in the majority report, resulting in another victory for the revisionists, 234 in favor, 271 against. Indications are that the majority report in favor of revision will ultimately be adopted.

At 10 o'clock the boat left the city, and the party regrettably bade good bye. There was only a salute of 21 guns by the Pensacola, as it passed the training station. The trains will go slowly to the east.

**The Happy Home.**

Happiness must be founded on health. Where there is ill-health there will surely be unhappiness. The happiness of many a home has received its downfall at the table, spread with rich and dainty foods. The first symptoms of disease of the stomach are ignored as being disagreeable but not dangerous. Presently dyspepsia or some other form of disease fastens on the stomach. At any stage Dr. Pierce's Golden Medical Discovery will cure diseases of the stomach and other organs of digestion and nutrition. But the cure is quicker if the "Discovery" is used in the earlier stages of disease. If you have any symptoms of diseased stomach use "Golden Medical Discovery" and be cured.

"I feel that I would be doing an injustice to you if I did not mention a testimonial of my case." writes Mrs. David G. Gordon, of Mendocino, California, Miss. "I had been suffering with me. I suffered all the time with indigestion, being unable to eat anything, and hands were cold all the time. I had not slept well at all. Was able to get through with little, commencing to feel better when I used Dr. Pierce's Golden Medical Discovery and 'Golden Pills' in May, 1900, and by using these I was able to get about every day. Have been doing my work ever since. Feel better than I have for several years."

Dr. Pierce's Common Sense Medical Adviser, paper cover, is sent for on receipt of 21 one-cent stamps to any express or money order. Address Dr. J. C. Pierce, Buffalo, N. Y.
